### Master of Science in Accountancy (MSA)

#### Overview

---

#### Accountancy at SIUE

The master of science in accountancy (MSA) degree program in the School of Business provides an advanced professional plan of study designed to prepare individuals for careers as professional accountants in public accounting, industry, or the not-for-profit and governmental sectors. The degree program in the Department of Accounting provides you with the skills and knowledge needed (1) to enter the accounting field and (2) to form a foundation for advancement to the highest levels of the profession. Completion of this program will provide, in most cases, the educational qualifications required to sit for the Uniform Certified Public Accountant Examination. Upon completion of the MSA program, candidates should have acquired the technical knowledge that will serve as a basis for preparation for the relevant professional examination required for certification as a Certified Public Accountant, Certified Management Accountant or Certified Internal Auditor.

The MSA program is designed to be completed on either a full-time or part-time basis. Full-time students with recent undergraduate degrees in accounting can complete the program courses and elective requirements in one year. Part-time students with recent undergraduate degrees in accounting can complete the program courses and elective requirements in two years. Depending on the number of courses taken each semester, students with undergraduate degrees in non-business fields can complete the program and elective requirements in two to four years. Courses in the MSA program are offered in an evening/hybrid format. Accelerated eight-week courses meet one evening per week. This flexible format combines traditional classroom instruction with online assignments.

#### Degrees Available at SIUE

- Master of Science in Accountancy (MSA)

## Specializations

- Business Analytics
- Taxation

## Career Opportunities

MSA graduates qualify to sit for the CPA exam in Illinois and have rewarding careers in public accounting as auditors, tax specialists or consultants. Graduates who work in corporate accounting may be employed as managerial accountants, internal auditors, income tax specialists, systems experts or management consultants. In the not-for-profit sector, accountants play important roles in governmental entities, health care organizations and charitable agencies. Based on their wide range of business exposure and knowledge, many accountants ultimately move into high-level management positions.

# Academics & Library

## Master of Science in Accountancy (MSA)

### Admission Requirements

1. Graduate School application and \$40 fee
2. Submission of all post-secondary academic transcripts
3. Successful completion of a bachelor's degree prior to enrollment
4. Minimum GPA of 2.50
5. Applicants for admission to the MSA program who have earned an undergraduate accounting degree from a program with separate AACSB accounting accreditation and an overall GPA of 3.5 (A=4.0) will be admitted to the MSA. Applicants who qualify under this condition will not be required to take the GMAT or GRE and can apply to the MSA any time after the start of the final semester of their undergraduate accounting program.
6. All other applicants for admission to the MSA program must complete the GMAT or the GRE. Candidates who submit GMAT scores must have a minimum score of 500 and a score of at least 25 each on the verbal and quantitative portions of the examination.
7. Personal history information
8. International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Based on the formula where the admission score equals 200 times the undergraduate grade point average (A=4.0) plus the GMAT score, admissions requires a total score of 1100. If a candidate submits GRE scores, the scores will be converted to comparable GMAT scores using the GRE Comparison Tool for Business Schools. The converted scores must meet the GMAT and formula standards outlined above.

Applicants with non-accounting undergraduate degrees can satisfy the programs prerequisite requirements by completing appropriate undergraduate prerequisite courses.

Review the SIUE Admissions Policy for more information.

## **Undergraduate Prerequisite Courses**

Applicants can satisfy the program's prerequisite requirements by completing the following admission prerequisite courses, or their equivalent, with a grade point average of 2.7 or better: ACCT 200 or 524, ACCT 301, 302, 303, 311, 312, 315, and 321. These courses do not carry credit toward the MSA degree. Prerequisite courses taken prior to admission to the MSA program ordinarily must have been taken within 6 years of the date the applicant is admitted. An MSA student undertaking prerequisite courses may be terminated from the program if (1) the student's grade point average calculated over all prerequisite courses taken at SIUE falls below 2.7 for more than 1 semester, (2) the student receives a grade of less than C in any prerequisite course, or (3) the student fails to make satisfactory progress.

## Academics & Library

### Master of Science in Accountancy (MSA)

#### Graduation Requirements

To graduate with the MSA degree, students must complete all program requirements and have a 3.0 grade point average in all courses taken in the MSA program (excluding prerequisite courses) and in all program courses and approved elective courses. Only program and elective courses taken within a six-year period preceding the completion of all requirements for the MSA degree will count toward the degree. Foundation courses taken to provide the common body of knowledge in business must be taken within an eight-year period preceding the completion of all requirements for the degree.

A significant research project resulting in a written report and a final examination based on the approved program of study are required of each student to be awarded the MSA degree. Both requirements will be completed as part of the requirements for ACCT 580. A satisfactory grade must be received on both the research report and final examination for completion of the degree requirements.

Ordinarily, the final examination will be administered as part of ACCT 580. The examination will include questions related to the students' program of study, their work in ACCT 580, and their research projects. Some parts of the final examination may be common to all students, while other parts will relate to the individual programs of study of the specific students. Examination committees will consist of the instructor of ACCT 580 and two other members of the Graduate Faculty of the School of Business appointed by the program director. For a student to pass the final examination, at least two of the three members of the examination committee must concur that the student should receive a passing grade.

Students who do not pass the MSA final examination on the first attempt will have one additional opportunity to complete the final examination. A student who fails the final examination on the second attempt will be required to complete additional course work specified by the program director before attempting the final examination a third time. Students who do not pass the final examination after three attempts will be terminated from the program.

Each student's program will be tailored to that individual so all students can follow their interests through integrated sequences of courses. The entire program is designed to place emphasis on critical thinking, research, and problem-solving. Therefore, the research requirement is not

meant to be viewed as the isolated requirement of a single course but the culmination of the student's program of study.

Review the graduation policy for more information.

## Academics & Library

### Master of Science in Accountancy (MSA)

#### Specializations

- Business Analytics
  - Business Analytics
  - Taxation

#### Business Analytics

MSA Students may opt for a specialization in business analytics. To complete the specialization, MSA students must complete ten graduate courses including ACCT 510 and ACCT 580, any one of ACCT 531, 541, or 561, and satisfy the following Business Analytics requirements:

One course in Quantitative Methods (MBA 521 or ECON/FIN 515)

One course in Information Fundamentals (CMIS 526, ACCT 561, ECON/FIN 517 or MKTG 544)

CMIS 566 – Introduction to Business Intelligence and Analytics

Two (2) electives from the following courses: ACCT 565, CMIS 563, CMIS 564, ECON 581, FIN 525, FIN 541, MKTG 548, MKTG 560, MKTG 562, MKTG 595;

CMIS 567 - Business Analytics Capstone (3)

Depending on course selections, students may need one additional accounting elective and/or one additional free elective.

## Academics & Library

### Master of Science in Accountancy (MSA)

#### Specializations

- Taxation
  - Business Analytics
  - Taxation

#### Taxation

MSA Students may opt for a specialization in taxation. To complete the tax specialization, MSA students should complete ACCT 510 and 580, any one of ACCT 531, 541, or 561 as a program course, and the following electives: ACCT 550 Tax Research, ACCT 553 Taxation of Flow-Through Entities, ACCT 556 Personal Tax Planning, ACCT 557 Corporate Taxation.

# Academics & Library

## Applied Communication Studies (MA)

### Curriculum

Students must complete at least 33 semester hours for this degree. A foreign language is not required. With approval of the student's advisory committee, up to three (3) hours of graduate level coursework from outside the applied communication studies curriculum, up to three (3) hours of independent study credits, and up to three (3) hours of 400-level courses, may be applied toward the minimum of 33 hours.

All students admitted to the program are required to enroll in the program core, which consists of two (2) courses (six (6) hours total): ACS 500 (Seminar in Communication Theory) and ACS 501 (Communication Research Methods and Tools). The core courses must be completed with a minimum grade of B the first time that they are offered after the student is admitted. Students who fail to meet this stipulation will be restricted from enrolling in any other 500-level courses until the program core requirement is met. Students are also required to declare an area of specialization and complete three required courses in their respective specialization.

Responsibility for the development of the remainder of the student's program of study rests with the student and student's advisory committee. The Department of Applied Communication Studies offers a variety of courses designed to complement the student's academic and professional interests.

Students may choose either a thesis or a non-thesis plan of study. Students who select the thesis plan (thesis or applied project) must declare their intentions by the time they have completed 18 semester hours of graduate work. They will complete a minimum total of 27 hours of course work. They will confirm their ability to conduct research in applied communication studies by submitting a thesis or applied project for six (6) semester hours of credit in ACS 598 or ACS 599. The oral defense then provides a supplemental assessment of the student's performance on the written portion of the thesis, or the final product of the project.

Students who select the non-thesis plan will complete a minimum total of 33 hours of course work. They will confirm their ability to conduct research in applied communication studies through the research projects and papers that they complete during their course work.

# Academics & Library

## Applied Communication Studies (MA)

### Admission Requirements

1. Graduate School application and \$40 fee
2. Submission of all post-secondary academic transcripts
3. Successful completion of a bachelor's degree prior to enrollment
4. Minimum undergraduate GPA of 2.75
5. International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
6. Statement of Purpose: Submit a typed statement (of at least 500 words) about the academic and professional goals they plan to attain through their work in the graduate program
7. Submit two (2) letters of recommendation that discuss the applicant's potential for graduate-level academic work, leadership and interpersonal skills. [If the student is a current student in, or recent graduate of SIUE's Department of Applied Communication Studies, two Reference Forms for Use by Current SIUE Students may be submitted in lieu of the letters of recommendation]

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions Office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants who do not have an undergraduate degree in applied communication studies or a related field will be required, if admitted to the program, to demonstrate a knowledge of basic communication theory before enrolling in any 500-level classes. This demonstration of proficiency may be accomplished by completing, with a grade of B or better, either ACS 330 (Theories of Communication) or proficiency examinations based upon the content of this course. Please contact the Department of Applied Communication Studies for information about the proficiency examination procedures.

Review the SIUE Admissions Policy for more information.

## Academics & Library

### Applied Communication Studies (MA)

#### Graduation Requirements

The comprehensive examination is administered during each student's final term of course work. For students following the thesis plan, the examination is oral and focuses primarily on a defense of the thesis or applied project, but may also cover the planned program.

For a student electing the non-thesis plan, the examination - which comprises both written and oral elements - covers content from both the required core courses and the individually planned program. The written examination is composed of two sections. One section focuses on communication theory and research methodology, and the student must successfully answer one item on theory and one on research. The other section of the written examination focuses on the individual program of study. The student must respond successfully to two items from this section, in which a choice is offered among items prepared by the individual's advisory committee. The oral component then provides a supplemental assessment of the student's performance on the written portion of the examination.

Review the graduation policy for more information.

#### Public Relations

Students are required to complete three (3) courses in their respective areas of emphasis. These courses include:

- ACS 550 Seminar in Public Relations
- ACS 551 Nonprofit Public Relations
- ACS 552 Corporate Social Responsibility

# Academics & Library

## Art and Design Studio (MFA)

### Curriculum

The full-time student should expect to spend a minimum of three (3) academic years in residency to complete the degree. The program is based on the individual's area of interest and undergraduate training and is jointly planned by the student, a committee of the graduate faculty and a professor who serves as advisor to the student in their principal studio area.

- Total 60 hours (at least 30 at the 500-level)
- 21-30 hours in major studio area
- 9 hours in Art History
- Electives: 9-18 hours (outside major studio area)
- ART 505 Seminar (3 hours)
- ART 441 Drawing (3 hours)
- ART 599a Thesis (3 hours)
- ART 599b Thesis (3 hours)
- ART 599c Exhibition (3 hours)

### Mid-Course Review

---

Prior to the beginning of a student's fourth term or upon completion of 30 hours of graduate credit (whichever comes first), the candidate will undergo a rigorous mid-course academic review. This is conducted by the candidate's master of fine arts (MFA) Committee, which should consist of at least three members of the graduate faculty, at least one of whom must be a specialist from the student's major studio area.

The mid-course review consists of an oral interview in which the candidate shall present the creative work completed since arriving at SIUE. In addition, the candidate shall present evidence of his/her knowledge of art history and other material deemed pertinent by the committee for successful completion of the degree.

Additional evidence will also be submitted in the form of written essays, composed in response to questions from members of the candidate's graduate committee who will evaluate the candidate's answers for clarity of expression, as well as for correctness of factual detail.

## **Thesis and Thesis Exhibition**

---

The final examination for the MFA degree includes both written and oral forms, including a thesis defense. During their final year, all candidates for the MFA degree in Art Studio must complete nine (9) semester hours of thesis. The initial draft of the thesis, a written exposition of the candidate's artwork, including, but not limited to, the final thesis exhibition, is written in ART 599a and then completed in ART 599b in consultation with the candidate's committee. In ART 599c, the candidate designs and mounts the thesis exhibition. Upon acceptance of the written thesis, the student's graduate committee and other members of the graduate faculty are invited to be present for the final oral examination. The candidate is expected to defend the thesis and exhibition, and to show knowledge of the general area of investigation and related areas of art and art history. One piece of artwork from the thesis exhibition, chosen by the candidate in consultation with the thesis committee, is retained by the Department of Art and Design for the permanent art collection of the SIUE University Museum.

# Academics & Library

## Art and Design Studio (MFA)

### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA of 2.50
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Submit three (3) letters of recommendation by those familiar with your current artwork
- Provide a cover letter, resume/cv, artist statement and letter of intent of approximately 500 words, indicating professional aspirations and more immediate objectives you will pursue while in graduate school at SIUE
- Submit a digital portfolio (PPT or PDF) of 20 images

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions Office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu)

A committee consisting of the graduate studio faculty who offer MFA degree classes will review the applications. Letters of acceptance will be mailed approximately one month following the deadline, initially by the Graduate Admissions Office, with a follow-up letter from the Department of Art and Design. If an application is not approved, the portfolio will be promptly returned. If approved, the portfolio will be retained by the department until the student arrives on campus or until its return is requested.

Persons with deficiencies may enroll as unclassified graduate students for a limited time. Upon completion of the deficiencies, the student submits a portfolio of recent work to the graduate faculty before admission to the program is granted.

So that the MFA program can achieve a broader perspective, students who receive their undergraduate art degrees at institutions other than SIUE will be given higher priority in acceptance for admission.

Students pursuing the master of fine arts (MFA) degree at SIUE are required to explore additional electives in other studio areas in order to inform and enhance their personal work (see Program of Study). An open dialogue with materials and media is encouraged, as is refining one's singular medium interests. With this said, students must apply to a single area of studio concentration and work to develop their interests in concert with their studio advisor. Applications for the MFA degree should be limited to one studio concentration at the time of applying.

Review the SIUE Admissions Policy for more information.

## **Application Deadline**

It is the candidate's responsibility to ensure the application, transcript(s), letter and portfolio arrive at SIUE on time. The deadline for admission is February 1 of the preceding spring semester. Additional applications will be considered after this date on a space available basis.

## **Academics & Library**

### **Art and Design Studio (MFA)**

#### **Graduation Requirements**

The final examination for the master of fine arts (MFA) degree includes both written and oral forms, including a thesis defense. Upon acceptance of the thesis, the student's graduate committee and other members of the graduate faculty are invited to be present for the final oral examination. This examination is typically scheduled during or after the thesis exhibition. The candidate is expected to defend the thesis and exhibition, and to show knowledge of the general area of investigation and related areas of art and art history.

Review the graduation policy for more information.

## Academics & Library

### Art Therapy Counseling (MA)

#### Program of Study

The Master of Arts degree in art therapy counseling requires a minimum of 60 semester hours.

#### Required courses (36 hours):

---

- ART 550** Counseling Techniques in Art Therapy
- ART 552** Assessment of Individuals and Families
- ART 555** Art Therapy with Group
- ART 556** Family Art Therapy
- ART 557** Developmental Theory and Art Therapy
- ART 561** Multicultural Issues in Art Therapy
- ART 566** Research Methodology in Art Therapy
- ART 573** Counseling Theory and Art Therapy
- ART 574** Career Counseling
- ART 575** Professional Ethics and Legal Issues
- ART 595** Research Projects
- SOCW 557** Substance Abuse or **SOCW 564** Substance Abuse Services

#### Required Options (9 hours):

---

- (3) Studio art
- (3) Psychopathology (PSYC 431, 531, or 553; or SOCW 537)
- (3) Clinical application (ART 553 or 554)

## **Required Practicum (7 hours minimum)**

---

## **Electives (8 hours)**

---

This program of study, approved by the American Art Therapy Association in 1992, is designed to meet the requirements for students to become:

- Licensed as clinical professional counselors in the State of Illinois
- Registered art therapists with the American Art Therapy Association

The program can be completed in three (3) years of full-time study.

During their first year in the program, all students begin fieldwork and practicum in Head Start facilities. This introductory practicum is completed in concert with coursework in developmental theory, assessment and child art therapy.

During their second and third years in the program, each student's experience becomes more individualized, with the student choosing from over 100 practicum sites with a wide range of client populations. Prior to beginning ART 559 (Practicum in Art Therapy), students must undergo a mid-course review to determine readiness to work with a client population in a counseling setting. The review is comprised of a self critique, evaluations from all instructors, and a meeting with the program director and faculty. The faculty will evaluate a student's ability to continue in the program based upon an examination of the student's performance in fieldwork, academic learning, professionalism, ability to participate in and process class experiential learning, and psychological readiness to take on a more intensive practicum.

# Academics & Library

## Art Therapy Counseling (MA)

### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA of 2.50
- Scores from Graduate Record Examination (GRE)
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- 12-15 digital images of personal artwork
- 500-word Statement of Purpose
- Three (3) letters of recommendation from professional or academic references (there is no set form)
- Resume'
- Personal and group interviews with faculty are also required after application materials have been received

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions Office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

In addition to the general admission requirements of the Graduate School (which include an application fee of \$40, submission of official transcripts, and a formal application to the Graduate Admissions Office), an applicant must hold a baccalaureate degree in one of the following:

- Art Studio
- Art Education

- Psychology
- A related field

Prospective students must show evidence of having completed the following prior to admission to the program:

- 18 hours of art studio
- Minimum of 12 hours of psychology, including developmental and abnormal psychology, as well as psychological statistics. Statistics in a related social or health field may be considered

Applicants with deficiencies will be required to take prerequisite coursework before admission to the program.

## **Application Deadline**

The application deadline for the following fall admission is January 15.

## Academics & Library

### Art Therapy Counseling (MA)

#### Graduation Requirements

In addition to successful completion of the program of study, students are required to complete a final project, which can be a traditional research paper or a creative effort accompanied by a written paper in appropriate academic form. The topic and format must be acceptable to the research committee, which is composed of the director of the art therapy counseling program and two other graduate faculty members. Students will complete 800 hours of Practicum.

After the final project is submitted and evaluated by the advisory committee, the candidate must successfully complete an oral examination conducted by the research committee.

Review the graduation policy for more information.

## Academics & Library

### Biological Sciences (MA,MS)

#### Curriculum

Master of Arts (MA): A student may earn an MA degree while following the thesis plan. The MA degree requires a minimum of 32 semester hours, of which at least 24 semester hours must be in biology. The MA also requires a reading knowledge of a foreign language. The foreign language requirement must be met at least three (3) months prior to graduation by passing an examination offered by the Department of Foreign Languages and Literature.

Master of Science (MS): Thesis and non-thesis plans of study are available for fulfillment of the requirements of the MS degree. The thesis and non-thesis plans require a minimum of 32 semester hours, of which at least 24 semester hours must be in biology. There is no foreign language requirement for the MS degree.

#### Thesis Plan

---

- At least nine (9) semester hours in biology must be earned in courses numbered BIOL 415-490 or 514-590
- Required courses: BIOL 501, 502, and 503 must be completed. BIOL 595 or 596 must be completed twice, or in combination, and must be taken under at least two (2) different faculty members. Completion of BIOL 592 at least twice is required.
- Electives: Eight (8) additional elective semester hours may be needed to reach 32 semester hours.
- Thesis: Students must complete a thesis based on the student's original research, and must enroll in at least three (3) semester hours of BIOL 599.

#### Non-Thesis Plan

---

- At least 14 semester hours in biology must be earned in courses numbered BIOL 415-490 or 514-590
- Required courses: BIOL 501, 502, and 503 must be completed. BIOL 595 or 596 must be completed twice, or in combination, and must be taken under at least two (2) different faculty members. Completion of BIOL 592 at least twice is required.
- Electives: Two (2) additional elective semester hours may be needed to reach 32 semester hours.
- Research Paper: At least four (4), but no more than eight (8) semester hours must be taken in BIOL 591 and 593, culminating in an acceptable final research paper.

# Academics & Library

## Biological Sciences (MA,MS)

### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA of 2.50
- Official Graduate Record Examination (GRE) test scores (verbal, quantitative and analytical). GRE test scores are not required of applicants who have an undergraduate grade point average (GPA) above 3.0 on a 4.0 scale and who are applying to the master of science (MS) or master of arts (MA) thesis or non-thesis plans.
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Statement of Purpose: A personal letter/statement summarizing the applicant's preparation and experience leading to the undertaking of a master's program of study at SIUE, and outlining the applicant's academic and career goals, highlighting the role that a master's degree in biological sciences at SIUE will serve in meeting those goals.
- At least two (2) letters of recommendation, preferably from instructors and/or individuals who are familiar with the applicant's academic and professional preparation for undertaking a master's program in the biological sciences.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions Office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

All applicants must identify a faculty member who has agreed in writing to serve as a graduate mentor in order to be considered for acceptance into the program. Therefore, applicants are encouraged to contact prospective graduate mentors at the time that their application materials have

all been submitted, and to contact the Biological Sciences Graduate Committee Chair for assistance in identifying faculty members who might serve as graduate mentors.

Students accepted into the biological sciences graduate program are expected to have completed coursework equivalent to the SIUE undergraduate biology degree requirements, or they may be expected to resolve any deficiencies by completing coursework beyond that required for the graduate degree. Upon admission to the program, the student shall consult with his/her mentor to review the student's academic record and develop a plan of coursework that will address any academic deficiencies.

Review the SIUE Admissions Policy for more information.

## Academics & Library

### Biological Sciences (MA,MS)

#### Graduation Requirements

For the final examination in biological sciences for either the master of arts (MA) or the master of science (MS) degree, students meet with their advisory committee for a public oral defense of the thesis or research paper.

Review the graduation policy for more information.

# Academics & Library

## MBA

### Program of Study

The following 10 courses are required for the completion of the MBA program. In addition to the program courses which comprise 30 credit hours, four (4) elective courses or a specified concentration are required for a total of 42 credit hours to complete the MBA degree requirements.

#### The MBA program courses are:

**ACCT 524** Accounting for MBAs

**CMIS 526** Information Systems and Technology

**ECON 528** Managerial Economics

**FIN 527** Corporate Finance

**MBA 521** Quantitative Analysis

**MBA 522** Decision Making in Organizations

**MBA 523** Negotiation & Interpersonal Skills for Managers

**MBA 534** Strategic Management

**MKTG 525** Marketing Analysis and Applications for Managerial Decision Making

**PROD 529** Operations Management and Process Analysis

Each student must take a total of 12 hours (four courses) of electives or a specialization. Elective courses can be taken in any of the following departments: accounting, economics and finance, management and marketing, and computer management and information systems. Electives may also be chosen from the courses offered by departments in other schools with the advance approval of the MBA program director. Such courses, however, must be related to the student's career objectives. No more than six (6) hours of 400-level course work may be used to satisfy MBA degree requirements.

A student may elect to write a thesis for not less than three nor more than six hours of credit. Thesis hours are counted as elective hours. The thesis must be defended before the candidate's advisory committee.

## **Retention**

Students must maintain a cumulative GPA of 3.0 in their MBA courses. Students who fall below this minimum will be placed on academic probation and referred to the Associate Dean for Academic Affairs. If the student is permitted to continue in the program, the conditions for continuance will be put in writing and communicated to the student. The full MBA retention policy is available through Business Student Services. In addition, students must have a cumulative GPA of 3.0 or higher in order to receive their degree.

# Academics & Library

## MBA

### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA of 2.50
- Graduate Management Admission Test (GMAT) or Graduate Record Examination (GRE). Applicants who hold a PhD, MD or the equivalent in a recognized field from an accredited university need not submit a GMAT score. Applicants with a 3.5 or better GPA in undergraduate business degrees from AACSB-accredited business programs or a 3.5 or better GPA in undergraduate engineering degrees from ABET-accredited engineering programs can waive the GMAT/GRE requirement.
- Personal history information
- International students must also earn a minimum score of 550 of the paper-based TOEFL or 213 on the computer-based TOEFL.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Admission to the MBA program is based on a variety of factors including undergraduate grade point average, overall score on the GMAT and its parts (Verbal, Quantitative and Analytical Writing), and previous work in other graduate programs. At least two years of work experience is recommended for students entering the MBA program. Students recently admitted to the MBA program have had, on average, a cumulative undergraduate grade point average (UGPA) of 3.2 (A=4.0) and an overall GMAT score of approximately 520.

Review the SIUE Admissions Policy for more information.

Students who are admitted to the SIUE DNP program and who hold a Master's degree in Nursing may submit Registered Nurse/NCLEX documentation or NP, NA, CRNA, CNS, or MW certification with their SIUE MBA application for GMAT/GRE waiver consideration.

Students who are admitted to and pursuing a PharmD degree at SIUE and who wish to apply to the MBA program at SIUE may submit an application to the Graduate School for review once they have earned the equivalent of 106 semester hours. A currently enrolled SIUE PharmD student, upon approval of the MBA Program Director, will be allowed to enroll in a maximum total of six credits of graduate level business course work until the student has earned the equivalent of 124 semester hours, at which time the student would be allowed to enroll in further courses toward the MBA program. Currently enrolled SIUE PharmD students may submit a recent official PCAT exam result for consideration of waiving the GMAT exam; minimum composite, verbal, and quantitative scores on the PCAT are required for a GMAT waiver to be granted.

Students who were not admitted may appeal. These appeals are handled by the MBA program director. Students seeking an exception are required to provide the program director with evidence supporting the reason such an exception should be granted. The program director's decision regarding the appeal is final.

### Unclassified Status

An applicant with an undergraduate grade point average of 2.8 or higher may be permitted to enroll in classes for one term as an unclassified student prior to taking the GMAT. In most cases, no more than 6 credit hours of course work can be taken prior to receipt of the scores by the School of Business Student Services Office.

### Entry Competencies

Students are expected to enter the program with competencies in computer software and statistics. Students without a background in statistics will be required to demonstrate proficiency in statistics by satisfactory completion of MS 251 or an equivalent course of study. Students without background course work in computer software are encouraged to complete the equivalent of CMIS 108. Completion of MS 251 or CMIS 108 will not earn academic credit in the MBA program.

## Academics & Library

### MBA

#### Graduation Requirements

In addition to completing the course work, students must also satisfy a comprehensive examination requirement by earning a grade of B or above in MBA 534. Students who earn a grade below B will be given a second opportunity to complete the course in a satisfactory manner. Performance of individuals who fail to earn a B or above in the second attempt will be reviewed by two additional members of the School of Business Curriculum Committee who may recommend that the student be dropped from the program or, in rare instances, be permitted a third attempt to earn a grade of B or above under another instructor.

Review the graduation policy for more information.

# Academics & Library

## MBA

### Specializations

- Business Analytics
  - Business Analytics
  - Management Information Systems
  - Project Management

### Business Analytics

Students may choose a specialization in business analytics as preparation for a career that requires knowledge of business analysis, competitive intelligence, and information security. To complete the specialization in Business Analytics, MBA students must complete the ten program courses plus the following specialization courses (prerequisites for these courses must be met prior to enrollment in the course):

MBA 521 – Quantitative Methods (3)

CMIS 526 – Information Fundamentals (3)

CMIS 566 – Introduction to Business Intelligence and Analytics (3)

Two electives selected from MKTG 560, MKTG 562, MKTG 595, ECON 581, FIN 541, CMIS 564, or ACCT 565

CMIS 567 – Business Analytics Capstone (3)

# Academics & Library

## MBA

### Specializations

- Management Information Systems
  - Business Analytics
  - Management Information Systems
  - Project Management

### Management Information Systems

Students may choose to pursue an MBA degree with a specialization in management information systems (MIS). The MBA/MIS specialization is an advanced professional degree that combines management skills with the study of information systems analysis and design. The program is designed to develop the student's ability to formulate and implement management information systems that will promote the achievement of the goals and objectives of the organization. Emphasis is placed upon the theory of information systems analysis and the modeling of the decision-making process in designing effective information systems.

Through the choice of elective courses in the MIS emphasis area, students can combine the study of management information systems with application to a specific discipline. Courses within the program are modified frequently to keep pace with changes in employer expectations and developments in information systems. Students who complete this degree are qualified for positions such as advanced systems analysts, supervisors of computer and data processing centers, and managers of information centers.

Program content balances theory with applications through case studies and projects that emphasize the effectiveness of organizational information systems in achieving the objectives for which the systems are designed. Factors such as the organizational structure and information requirements are studied within the context of ethical, economic, and socio-technical factors that affect the design of systems.

Some of the elective courses assume that students have an appropriate undergraduate computing background or comparable business experience in the computing field. Students are responsible for ensuring that their background is appropriate to the electives selected through consultation with School of Business advisers.

The specialization is comprised of five electives from any CMIS course listed in the graduate catalog. CMIS 526 can be used as one of the electives for MBA students. No more than two of the courses selected may be at the 400-level.

# Academics & Library

## MBA

### Specializations

- Project Management
  - Business Analytics
  - Management Information Systems
  - Project Management

### Project Management

Students may choose to pursue an MBA degree with a specialization in project management. This specialization equips future business leaders with an understanding of the fundamentals of project management and exposes them to areas of key interest to project managers such as project risk, procurement, quality management, and change management. Course work addresses many of the concepts covered in the project management certification exam that is administered by the Project Management Institute.

The course work in the specialization balances theoretical concepts with applied exercises and cases. Students have the opportunity to apply project management concepts and processes in a “live” project. These experiences enable the student that specializes in project management to emerge with a much better understanding of the dynamics and challenges associated with projects, as well as effective practices for managing them.

In addition to the MBA foundation and core requirements, students choosing the project management specialization must complete twelve credit hours. The following four courses are required:

CMIS 540 Project Management Fundamentals and Best Practices (3)

CMIS 535 Project Management Standard Processes (3)

CMIS 536 Procurement Management in Projects (1.5)

CMIS 537 Project Risk Management (1.5)

And, students must complete one of the following courses:

MGMT 551 Managing Organizational Change and Innovation (3) or

MGMT 553 Seminar in Quality and Performance Management (3)

CMIS 548 Program and Project Portfolio Management (3)

### **SIUE Project Support Center**

The project management headquarters for the School of Business, the Project Support Center provides access to project management templates associated with the *Techniques for Managing Projects* textbook.

### **Project Management Institute and PMP Credential**

The Project Management Institute (PMI) is the leading professional membership association for the project management profession. Explore the PMI website and learn more about the project management profession and certification.

## Academics & Library

### Chemistry (MS)

#### Curriculum

All students must complete 30 semester hours of graduate coursework with a grade point average (GPA) of 3.2 or higher on a 4.0 scale. At least 24 hours must be in 500-level chemistry courses. Both thesis and non-thesis plans of study are available.

#### **Both thesis and non-thesis plans require:**

(12 hours) **Core course requirements** selected from: CHEM 511, 531, 541, 551, 561

(2 hours) **Graduate seminar:** Attendance in CHEM 575 is required for each semester during the academic year

(6 hours) **Electives:** Coursework may include non-chemistry courses that will contribute to the student's career objectives

#### **Additional requirements for thesis plan:**

Successful completion of at least 10 hours of CHEM 597 and 599 is required. Satisfactory completion requires the submission of an acceptable thesis, oral presentation and defense of thesis results.

#### **Additional requirements for non-thesis plan:**

Acceptance into the non-thesis plan by the graduate committee and ten (10) additional hours of coursework at the 500-level are required. Up to four (4) hours of credit from CHEM 596 and 597 can be applied toward the non-thesis plan. Students who pursue the non-thesis plan of study will make an oral presentation and defense of a final paper based on a current literature topic and/or their research achievements.

## Academics & Library

### Chemistry (MS)

#### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Must have completed at least 36 semester hours in chemistry with an overall grade point average (GPA) of at least 3.0 on a 4.0 scale.
- For international students, a minimum score of 550 on the paper-based Test of English as a Foreign Language (TOEFL) test, 79 on the internet-based TOEFL test, or Overall Band of 6.5 on International English Language Testing System (IELTS), is required.
- All applicants must provide evidence to show that they can participate effectively in the department's program. Evidence should include the completion of a baccalaureate degree in chemistry or related science majors.
  - Evidence may also be previous, related study or creative work, two (2) letters of recommendation, research papers, GRE (not required) or honors and awards.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

## Academics & Library

### Chemistry (MS)

#### Graduation Requirements

Students following the thesis plan will make an oral presentation and defense of their thesis results. Students who pursue the non-thesis plan of study will make an oral presentation and defense of a final paper based on a current literature topic and/or their research achievements.

Review the graduation policy for more information.

## Academics & Library

### Chemistry (MS)

#### 3+2 BS and MS in Chemistry

The Department of Chemistry offers a five-year program leading to the Bachelor of Science (BS) and Master of Science (MS) degrees. Students with senior-level status (at least 90 semester hours) and an overall grade point average (GPA) of at least 3.0 on a 4.0 scale may be admitted to the BS/MS program, allowing them to earn 24 hours of graduate-level credit (400- and 500-level) during their combined senior and graduate years. An application for degree-seeking status as a graduate student must be approved by the Graduate School and the Graduate Committee in Chemistry. A program outline must also be submitted for approval by the Graduate Dean and the director of the graduate program in chemistry prior to enrollment in any courses in order to be included as a part of the master's program. Official admission to the program and to classified graduate status is made only after the award of the baccalaureate degree. In no case will a graduate degree be conferred before all requirements for both degrees have been completed.

## Academics & Library

### Civil Engineering (MS, PhD)

#### Courses Available

##### Program of Study

After admission and before enrolling in any courses, students are required to meet with the graduate program director, who appoints (in consultation with the student) an advisory committee suited to the student's background and interests. The advisory committee assists the student in planning a program of study. This plan is to be completed by the end of the first semester.

Because of the importance of communication to the engineering profession and the need for excellent writing skills to complete degree requirements, all students are required to satisfactorily complete a technical writing course. Students with good writing skills may elect to submit an essay to be evaluated for conditional exemption from the English course requirement. If conditional exemption is granted, the student will substitute another approved course in the plan of study.

At least 20 semester hours must be in courses taught in civil engineering, and at least 15 semester hours must be at the 500-level.

For a master's, thesis and non-thesis programs of study are available.

##### Thesis Option

Students selecting the thesis option must complete a minimum of 30 semester hours. Students will be guided in thesis work by a thesis advisor, with the assistance and concurrence of the advisory committee. The number of hours to be awarded for thesis credit (CE 599- up to six (6) credit hours) is to be specified by the advisory committee prior to approval of the thesis proposal. Thesis credit counts as part of the 30 credits required for the degree. Writing a thesis involves an intensive research effort and may require about six (6) months to complete. The thesis must be formally accepted by the Graduate School.

##### Non-Thesis Option

Students selecting the non-thesis option must complete a minimum of 31 semester hours. Students prepare a research paper, the topic of which

is mutually agreed upon by the student and the advisory committee. One (1) credit hour is awarded for non-thesis credit (CE 593) and counts as part of the 31 credits required for the degree. Guidelines are available on the Department's website.

In developing a plan of study, students need to consider which courses will enable them to reach their goals as an environmental engineer. Students may wish to choose from a variety of courses available to assist them in the completion of their thesis or final research paper. Note that not all courses may be offered at all times and that course offerings do not guarantee availability of a spot in that class. It is up to students to review published schedules and consult with their adviser to find out when the courses are offered and how they will fit into their course of study schedules. In addition, it is up to students to assure that they have met the prerequisites for courses prior to enrollment.

### **PhD Degree**

A PhD requires a minimum of 26 semester hours of coursework, a qualifying exam and 24 semester hours of dissertation research.

# Academics & Library

## Civil Engineering (MS, PhD)

### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Cumulative grade point average (GPA) in all undergraduate engineering, mathematics, and science courses of at least 2.75 on a 4.0 scale, or 70% on other scales. For those not meeting this requirement but having at least four (4) years of work experience, supporting evidence (such as a letter of explanation from the applicant, high GRE scores, letters of recommendation from employers, and PE licensure) will also be considered. International students are encouraged to submit GRE scores along with other required graduate admission documentation.
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

If admitted, those who do not have a bachelor of science (BS) degree in civil engineering may be required to complete prerequisite courses that are not for graduate credit. Note that a master of science (MS) degree will not typically qualify a candidate to take the PE licensure examination.

Further information on the Department of Civil Engineering's policies can be found on the Department's web site.

Review the SIUE Admissions Policy for more information.

## Civil Engineering (MS, PhD)

### Graduation Requirements

#### Thesis Option

After all requirements for the master of science are met, per the approved Program of Study, an oral final examination directed on the coursework and related material on the thesis will be given by the advisory committee.

#### Non-Thesis Option

After all requirements for the master of science are met, per the approved Program of Study, a final examination comprised of written elements, as well as an oral examination directed on the research paper, will be given.

#### PhD Degree

After all requirements for the PhD degree are met, per the approved Program of Study, an oral dissertation defense will be given by the dissertation committee.

Review the graduation policy for more information.

#### 3+2 BS and MS in Civil Engineering

##### Combined Program Leading to Bachelor of Science /Master of Science Degrees in Civil Engineering

The Department of Civil Engineering offers a five-year program leading to the Bachelor of Science (BS) and the Master of Science (MS) degrees. Students with senior-level status in civil engineering (at least 90 semester hours) and an overall grade point average of 3.25 on a 4.0 scale in engineering, mathematics, and physical science courses may be admitted to the BS/MS program, allowing them to earn 30 hours of graduate-level credit (400- and 500-level) during their combined fourth and fifth years. These students are eligible to apply for assistantships in the department. An application for degree-seeking status as a graduate student must be approved by Graduate Admissions and the Graduate Admissions Committee in Civil Engineering. A program outline must be submitted for approval by the graduate program director and Graduate Records prior to enrollment in any courses in order to be included as a part of the master's program. Official admission to the graduate program with status as a classified graduate student is made only after the award of the baccalaureate degree. In no case will a graduate degree be conferred before all requirements for both degrees have been completed.

#### Specialized Learning Opportunities

- Environmental/Water Resources Specialization
  - Environmental/Water Resources Specialization
  - Geotechnical Engineering Specialization
  - Structural Engineering Specialization
  - Transportation Engineering Specialization
  - Civil Engineering Professional Development Sequence
  - 3+2 BS and MS in Civil Engineering

#### Environmental/Water Resources Specialization

Course Schedule in Environmental/Water Resource Engineering

Students are required to complete ten (10) courses, which is 30-31 hours of advanced study. At least 15 hours must be at the 500-level. At least seven (7) courses must be chosen from the following list:

- (3) CE 416 Engineering Hydrology
- (3) CE 460 Municipal Infrastructure Design
- (3) CE 480 Environmental Analysis
- (3) CE 486 Wastewater Treatment Design
- (3) CE487 Water Treatment Design
- (3) CE 488 Hazardous Waste Management
- (3) CE 581 Advanced Wastewater Treatment

- (3) CE 582 Water Quality and Treatment
- (3) CE 587 Air Pollution Control
- (3) CE 588 Solid Waste Management
- (3) CE 589 Industrial Materials and Waste
- (3) CE 596 Sustainable Engineering

Upon advance approval of the committee, CE 591 or 599 may be taken in place of one (1) or two (2) of the above courses. Students will need to complete a course study proposal prior to enrolling in either of these classes. In addition, up to three (3) special course offerings, generally listed as CE 492 or 592, may be taken with the advance approval of the committee. ENG 491 is required for all students unless conditional exemption is granted; see the Writing Proficiency Requirement for further details. ENG 491, if taken, can be counted as part of the 30-31 hours of advanced study. CE 593 is required for the non-thesis option. For lists of pre-approved courses, see the Department of Civil Engineering website.

## Academics & Library

### Civil Engineering (MS, PhD)

#### Specialized Learning Opportunities

- Geotechnical Engineering Specialization
  - Environmental/Water Resources Specialization
  - Geotechnical Engineering Specialization
  - Structural Engineering Specialization
  - Transportation Engineering Specialization
  - Civil Engineering Professional Development Sequence
  - 3+2 BS and MS in Civil Engineering

#### Geotechnical Engineering Specialization

Course schedule in Geotechnical Engineering

In developing a plan of study, students need to consider which courses will enable them to reach their goals as a geotechnical engineer. Students may wish to choose courses that assist in the completion of a thesis or final research paper. The following highlights the variety of courses available. Note that not all courses may be offered at all times and that course offerings do not guarantee availability of a spot in that class. It is up to students to review published schedules and consult with their advisor to find out when the courses are offered and how they fit into a course of study schedule. In addition, it is up to students to assure that they have met the prerequisites for the courses prior to enrollment.

Students are required to complete ten (10) courses, which is 30-31 hours of advanced study. At least 15 hours must be at the 500-level. At least five (5) courses must be chosen from the following list:

- (3) CE 435 Pavement Design

- (3) CE 457 Soil Mechanics in Engineering
- (3) CE 492-10 Geological and Geotechnical Exploration
- (3) CE 492-11 Soil Improvement Methods
- (3) CE 492-12 Environmental Geotechnics
- (3) CE 548 Finite Elements
- (3) CE 592-02 Advanced Soil Mechanics
- (3) CE 592-10 Design of Levees and Floodwalls
- (3) CE 592-11 Geotechnical Earthquake Engineering
- (3) CE 592-12 Advanced Foundation Engineering
- (3) CE 592-13 Geotechnical Instrumentation
- (3) CE 596 Sustainable Engineering
- Appropriate 3 credit hour substitute to be approved by the advisor

Upon advance approval of the committee, CE 591 or 599 may be taken in place of up to two of the above courses. You will need to complete a course study proposal prior to enrolling in either of these classes. In addition, up to three special course offerings, generally listed as CE 492 or CE 592, may be taken with the advance approval of the committee. ENG 491 is required for all students unless conditional exemption is granted; see the Writing Proficiency Requirement for further details. ENG 491, if taken, can be counted as part of the 30-31 hours of advanced study. CE 593 is required for the non-thesis option.

Other courses, may be chosen from the following approved courses. Any course not on this list must be approved by your graduate committee prior to enrollment. Without prior approval, the course will not be accepted for the M. S. in civil engineering degree. To obtain approval, write a memo to your advisor justifying the inclusion of the course in your plan of study. Include a description of the course, and, if required by your committee, a syllabus.

- CNST 461 Materials Sampling and Testing
- CNST 501 Project Management
- CNST 535 Case Studies in Construction
- ENG 491 Technical and Business Writing for Engineers
- ENSC 412\GEOG 412 Groundwater Hydrology
- GEOG 412\ENSC 412 Groundwater Hydrology
- GEOG 418 Geographic Information Systems
- IME 463\STAT 484 Reliability Engineering
- ME 575 Advanced Fluid Mechanics
- PAPA 420 Quantitative Analysis
- STAT 410 Statistical Analysis
- STAT 480 a, b Mathematical Statistics
- STAT 484\IME 463 Reliability Engineering

- GEOG 422 Remote Sensing and Digital Image Processing
- GEOG 523 Environmental Assessment and Evaluation Methods
- IME 530 Engineering and Technology Management
- IME 531 Engineering Project Management
- IME 545 Financial Engineering
- MATH 462 Engineering Numerical Analysis
- ME 544 Theory of Elasticity
- PAPA 530 Public Budgeting
- UNIV 500 Continuing enrollment

Courses taken that do not count for your MS in Civil Engineering degree will require, prior to enrollment, the signature of the department in which the course is taught.

## College Student Personnel Administration (MSEd)

### Curriculum

Course descriptions are listed below.

- (3) EDAD 504 History, Philosophy, and Organization of Higher Education
- (3) EDAD 524 Legal and Ethical Issues in Student Affairs
- (3) EDAD 564 The Community College\*
- (3) EDAD 574 Leadership and Administration in Higher Education
- (3) EPFR 503 Research Methods in Higher Education
- (3) EPFR 506 Assessment and Evaluation in Student Affairs
- (3) EPFR 514 College Student Learning and Development
- (3) EPFR 516 Individual and Group Dynamics
- (3) EPFR 522 Diversity in Higher Education
- (3) EDAD 594 Final Research Project
- (3) EDAD 554 Practicum (two (2) semesters for a total of six (6) credit hours)
- (3) Elective Choose in consultation with advisor

### NOTES -

- \* All courses are required except EDAD 564, which can be replaced by an approved elective
- The practicum involves a minimum of 300 hours of supervised field work in at least two (2) different placements
- The student will select three (3) faculty members to serve as the committee for the research project

### Course Descriptions

**History, Philosophy, and Organization of Higher Education**

Key developments in the role and function of higher education in the U. S., with emphasis on student affairs practice.

Prerequisite: Admission to program

**Legal and Ethical Issues in Student Affairs**

Legal status of students; legal and ethical issues surrounding admissions, financial aid, student records, discipline, and support services.

Prerequisite: Admission to program

**The Community College**

Overview of 2-year postsecondary institutions, with emphasis on the evolution and functions of comprehensive community college.

Prerequisite: Admission to program

**Leadership and Administration in Higher Education**

Major leadership theories and their application to higher education, with emphasis on student affairs programs.

Prerequisite: Admission to program

**Research Methods in Higher Education**

Introduction to research methods in higher education, with a focus on conceptual, methodological, and practical issues in quantitative and qualitative research. Research Proposal Assignment.

Prerequisite: Admission to program

**Assessment and Evaluation in Student Affairs**

Introduction to assessment and program evaluation in higher education.

Prerequisite: Admission to program; completion of EPFR 503

**College Student Learning and Development**

Overview of college student development theories, processes and problems, with a focus on application.

Prerequisite: Admission to Program

**Individual and Group Dynamics**

Advisement of college students; the design, implementation, and evaluation of developmentally appropriate strategies for individuals and groups.

Prerequisite: Admission to program

**Diversity in Higher Education**

History of addressing equity and inclusion in higher education; exploration of theories and practices.

Prerequisite: Admission to program

**Practicum**

Field assignment in student affairs offices in higher education settings. Seminar discussions of work experience.

Prerequisite: Admission to program

**Final Research Project**

Research culminating in final project on student affairs topic. Written report and oral defense.

Prerequisite: Completion of all other coursework in program; passing comprehensive exam

# Academics & Library

## College Student Personnel Administration (MSEd)

### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Undergraduate grade point average (GPA) of at least 2.5 or above on a 4.0 scale
- Statement of Purpose: A list of professional experiences and a written statement - two (2) pages, double-spaced - describing why they would like to enter the program
- International applicants may present a degree that is comparable to the U.S. baccalaureate, granted by an internationally recognized institution of higher learning. International applicants whose native language is not English must submit Test of English as a Foreign Language (TOEFL) scores taken within two (2) years prior to the desired term of admission. The minimum TOEFL scores are 550 (paper), 213 (computer-based), and 79-80 (Internet-based). In lieu of the TOEFL, an applicant may demonstrate a Total Band Score of 6.5 on the International English Language Testing System (IELTS).

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

If you are looking for a graduate assistantship, please contact Dr. Pietro Sasso, graduate program coordinator.

Be sure to track your admission status and contact the CSPA program to enroll once you have received your admissions letter.

### Application Deadline

The program uses a flexible cohort model, which means that a new cohort of students begins each summer. However, applicants may enroll in fall and spring semesters if space is available. The deadline is approximately one (1) month before classes begin.

## Academics & Library

### College Student Personnel Administration (MSEd)

#### Graduation Requirements

- Passing a written comprehensive exam
- Completion of a three-hour course culminating in a final research project that is successfully defended before a three-person faculty committee.

Review the graduation policy for more information.

# Academics & Library

## CMIS (MS)

### Program of Study

The program requires 31 semester hours and consists of seven (7) core courses, three (3) elective courses, and a final examination course. Students in the program must maintain a grade point average (GPA) of at least 3.0 on a 4.0 scale in all graduate courses. No credit is allowed toward degree completion for courses in which a grade below C (2.0) is earned. All program foundation courses must be completed with a grade of B (3.0) or better, including transfer credit.

#### Computer Management and Information Systems Core (21 hours)

- (3) CMIS 468 Business Telecommunications
- (3) CMIS 526 Information Systems and Technology
- (3) CMIS 528 Strategic Management of Information Technology
- (3) CMIS 540 Project Management Fundamentals and Best Practices
- (3) CMIS 557 Enterprise Resource Planning
- (3) CMIS 564 Database Design
- (3) CMIS 570 Software Systems Design

#### Elective Courses (9 hours)

Elective courses enable students to add a specialized focus to their study of information systems. Examples of specialized focuses include, but are not limited to: (1) Project Management, (2) Business Analytics, (3) Systems Design, Development and Implementation, (4) Database Administration and Database Programming, and (5) Enterprise-Wide Information Systems (ERP). A formal Project Management Specialization may be completed by selecting electives that fulfill requirements for the specialization. A formal Business Analytics Specialization may be completed by selecting electives that fulfill requirements for the specialization.

The CMIS program director maintains the current list of approved electives. Students must submit a written request to the CMIS program director for approval to deviate from the approved elective list.

Students not possessing prior work experience within the information systems field will be required to select CMIS 587 Information Systems Internship as one (1) of their electives. This is to ensure that students not possessing prior work experience are afforded the opportunity to practice learned skills in a supervised information technology environment prior to degree completion.

To complete the academic requirements for the MS in CMIS, students must complete the CMIS 587 practical experience requirement and the CMIS 589 final exam requirement.

# Academics & Library

## CMIS (MS)

### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- A bachelor's degree from an accredited college or university. The undergraduate major is typically in business. Individuals with other backgrounds who are interested in the program are invited to discuss their career objectives with the program director to determine if their goals are consistent with the objectives of their program
- An undergraduate grade point average (GPA) of 2.5 or above on a 4.0 scale
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Submission of a Statement of Purpose, detailing the applicant's background and career plans
- Submission of Graduate Management Admission Test (GMAT) or Graduate Record Examination (GRE) scores
- Personal History Information

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

### Department Admissions Process

The admission process involves two stages:

1. An administrative review of your admission packet, and

2. A review by the CMIS Graduate Committee.

Students must have at a minimum:

- An admission score of at least 1050, where admission score equals 200 times the four-year cumulative undergraduate GPA on a 4.0 scale, plus the GMAT score (or GRE equivalent score); and
- A GMAT score of at least 500, with raw scores of at least 20 on the verbal portion and 25 on the quantitative portion, and an analytical writing score of at least 4.0; or GRE revised general test scores of at least 150 on verbal reasoning and 154 on quantitative reasoning, and an analytical writing score of at least 4.0
- Applicants with an undergraduate degree in a business discipline from an AACSB-accredited institution with an overall GPA of 3.5 or better on a 4.0 scale must meet the requirements for admission to the Graduate School, and have the option not to submit GMAT or GRE scores.

Admission decisions will be made by the CMIS Graduate Committee on a rolling basis as applications are received.

Review the SIUE Admissions Policy for more information.

### **Program Foundation Courses (Prerequisite Courses)**

Students entering the program will need the background detailed below. The Program Foundation Courses are prerequisite courses that do not count toward completion of the Master of Science (MS) in CMIS. The background courses must have been acquired within the past seven (7) years.

Proficiency in:

- Hardware and Systems Software
- One (1) programming language: C ++, Visual Basic Language, COBOL Programming, Java Programming
- Financial Accounting
- Management of Organizations (Org. Behavior)
- Business functional course with an external customer focus

Prerequisites required:

- CMIS 310
- CS 140 or CMIS 142 or CMIS 260 or CMIS 230
- ACCT 200 or ACCT 524
- MKTG 300 or MKTG 525

Meets Foundation Need:

- Information Systems Foundation
- Business Foundation
- Business Foundation: Internal Focus
- Business Foundation: External Focus

## Academics & Library

### CMIS (MS)

#### Graduation Requirements

Students must enroll in CMIS 589 Final Examination for one (1) credit. Each graduation candidate must pass this final examination, conducted by the graduate faculty of the department. The final examination will require candidates to demonstrate an appropriate standard of scholarship and to provide evidence of their ability to think critically, to apply knowledge gained through the program, to draw and defend conclusions, and to complete work in a creditable manner. The examination will address topics covered in the Computer Management and Information Systems (CMIS) core courses, and will also examine candidates on knowledge and understanding of topics covered in elective courses that they completed. The final examination may be written or oral, as determined by the faculty.

Review the graduation policy for more information.

CMIS Exit Requirements

# Academics & Library

## CMIS (MS)

### Specializations

- Business Analytics
  - Business Analytics
  - Project Management

### Business Analytics

Students may choose to pursue a Master of Science in Computer Management and Information Systems (MS in CMIS) degree with a Specialization in Business Analytics. The specialization equips future business leaders with an understanding of the fundamentals of business analytics, exposure to concepts of analytics and information-driven decision making in various functional business domains, and experience in applying concepts of business analytics in a variety of industry-leading software platforms.

The coursework in the specialization balances theoretical concepts with applied exercises, cases, and projects. Students have the opportunity to apply concepts of business analytics to a “real world” project addressing substantive business questions. These experiences enable the student that specializes in business analytics to emerge with a fundamental grounding in the concepts of business analytics, the process of designing and executing appropriate analyses based on the business issues involved, and the delivery of findings to a management audience.

In addition to the MS in CMIS foundation and core requirements (which include CMIS 526 – Information Systems and Technology, and CMIS 564 – Data Design), students choosing the Specialization in Business Analytics must complete twelve (12) credit hours:

- (3) MBA 521 Quantitative Analysis
- (3) CMIS 566 Introduction to Business Intelligence and Analytics
- (3) CMIS 567 Business Analytics Capstone

- and one of the following:
  - (3) CMIS 563 Oracle SQL/PL-SQL
  - (3) CMIS 588 Seminar in Computer Management and Information Systems (with permission from the Graduate Program Director)
  - (3) MKTG 560 Special Topics in Marketing Research (with permission of the Graduate Program Director)
  - (3) MKTG 562 Syndicated Data Analysis
  - (3) MKTG 595 Seminar in Marketing (with permission of the Graduate Program Director)
  - (3) ECON 581 Seminar on Selected Economic Topics (with permission of Graduate Program Director)

# Academics & Library

## CMIS (MS)

### Specializations

- Project Management
  - Business Analytics
  - Project Management

### Project Management

Students may choose to pursue a Master of Science in Computer Management and Information Systems (MS in CMIS) degree with a Specialization in Project Management. This specialization equips future business leaders with an understanding of the fundamentals of project management and exposure to areas of key interest to project managers, such as project risk, procurement, quality management, and change management. Coursework addresses many of the concepts covered in the project management certification exam that is administered by the Project Management Institute.

The coursework in the specialization balances theoretical concepts with applied exercises and cases. Students have the opportunity to apply project management concepts and processes in a “live” project. These experiences enable the student that specializes in project management to emerge with a much better understanding of the dynamics and challenges associated with projects, as well as effective practices for managing them.

In addition to the MS in CMIS foundation and core requirements (which include CMIS 540 Project Management Fundamentals and Best Practices), students choosing the Specialization in Project Management must complete nine (9) credit hours. Specifically, students must complete the following courses:

- (3) CMIS 535 Project Management Standard Processes

- (1.5) CMIS 536 Procurement Management in Projects
- (1.5) CMIS 537 Project Risk Management
- and one of the following courses:
  - (3) MGMT 551 Managing Organizational Change and Innovation
  - (3) MGMT 553 Seminar in Quality and Performance Management
  - (3) CMIS 548 Program and Project Portfolio Management

### **SIUE Project Support Center**

The project management headquarters for the School of Business, the Project Support Center provides access to project management templates associated with the *Techniques for Managing Projects* textbook.

### **Project Management Institute and PMP Credential**

The Project Management Institute (PMI) is the leading professional membership association for the project management profession. Explore the PMI website and learn more about the project management profession and certification.

# Academics & Library

## Computer Science (MS)

### Curriculum

The program requires 34 semester hours and consists of four (4) core courses and completion of either a thesis option, a Master of Science (MS) project, or passing of the final exam.

The thesis option requires six (6) elective courses with six (6) semester hours of thesis. The MS project option requires seven (7) elective courses and three (3) semester hours of MS project. The final exam option requires eight (8) elective courses and successfully passing the final exam. At least 19 of the 34 hours must be 500-level courses or above. For the purposes of assessment, students are also expected to complete two (2) anonymous graduation surveys at the conclusion of their graduate program here.

Students in the program must maintain a grade point average (GPA) of at least 3.0 on a 4.0 scale in all graduate courses. Any course in which a grade below C has been earned will not count toward the graduate degree.

#### Core Courses (10 hours)

- (3) CS 456 Advanced Algorithms
- (1) CS 500 Graduate Seminar in Computer Science
- (3) CS 514 Operating Systems
- (3) CS 516 Computer Architecture

#### Total Hours (by option)

- 24 hours are required for the final exam option
- 21 hours with three (3) hours of CS 596 are required for the MS project option
- 18 hours with six (6) hours of CS 599 are required for the thesis option

Up to six (6) hours of courses not listed below may be taken for graduate credit with the approval of the Computer Science (CS) Program Director.

### **Elective Courses**

- (3) CS 423 Compiler Construction
- (3) CS 434 Database Management Systems
- (3) CS 438 Artificial Intelligence
- (3) CS 447 Networks and Data Communications
- (3) CS 454 Theory of Computation
- (3) CS 482 Computer Graphics
- (3) CS 525 Principles of Simulation
- (3) CS 530 Software and Systems Management
- (3) CS 535 Software Engineering
- (3) CS 547 Network Programming
- (3) CS 550 Object Oriented Design and Programming
- (3) CS 582 Advanced Computer Graphics
- (3) CS 583 Topics in Programming Languages
- (3) CS 584 Topics in Artificial Intelligence
- (3) CS 587 Topics in Computer Networking
- (3) CS 590 Topics in Computer Science
- (3) CS 595 Independent Study
- (3) CS 596 MS Project
- (6) CS 599 MS Thesis

A student may take two (2) elective courses (see list below) from outside the CS department. He/she can take an additional outside elective if the course is considered part of the concentration, as approved by the graduate program director.

- (3) ECE 438 Computer Vision
- (3) ECE 439 Digital Image Processing
- (3) ECE 577 Advanced Network Engineering
- (3) ECE 592 Topics in Electrical Engineering
- (3) CMIS 540 Management of Information Systems Development
- (3) CMIS 565 Oracle Database Administration

# Academics & Library

## Computer Science (MS)

### Admission Requirements

1. Graduate School application and \$40 fee
2. Submission of all academic transcripts
3. A bachelor's degree from an accredited college or university. An undergraduate major in science, engineering, mathematics, or computing is desirable, but individuals with other backgrounds who are interested in the program are invited to discuss their career objectives with the program director.
4. An undergraduate grade point average (GPA) of 2.75 or above on a 4.0 scale.
5. Graduate Record Examination (GRE) general test scores taken within five (5) years from the term for which admission is sought. An applicant should have a minimum of 650/800 in the Quantitative section. Under some circumstances, this requirement may be waived in lieu of extensive work experience in the computer science field. To apply for a GRE waiver, an applicant should submit letters of recommendation and evidence of work experience in the field. Completion of prerequisite and required courses with grades of B or better within two (2) years prior to the term for which admission is sought may also be considered in place of the GRE scores as supporting eligibility to enter the program.
6. An international applicant whose native language is not English is required to demonstrate adequate proficiency in English. Applicant should have scored at least 550 on the Test of English as a Foreign Language (TOEFL) paper exam with a minimum of 50th percentile in all three (3) sections, or at least 217 on the TOEFL computer exam. TOEFL scores older than two (2) years from the term for which the admission is sought are not valid.
7. Submission of a statement of purpose detailing the applicant's background and career plans

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

## Prerequisite Courses

Students entering the program will need the specific background detailed below. Normally, a grade of B or above is required in each of the prerequisite courses. For those students who do not have all of the necessary background, some of the prerequisite courses may be completed after enrolling in the program. Students who have completed these courses but received their undergraduate degree from a non-ABET-accredited program will be required to take CS 501. Please note that none of the prerequisite courses actually count toward the Master of Science in Computer Science (MS in CS).

### Proficiency in CS Courses:

- CS 140, CS 150, and CS 240 C++ Language
- CS 340 Algorithms and Data Structures
- CS 312 Computer Organization
- CS 314 Operating Systems

### Math Courses:

- MATH 150 Calculus I
- MATH 224 Discrete Mathematics
- Two Additional Math Courses Selected from:
  - MATH 152 Calculus II
  - MATH 321 Linear Algebra
  - STAT 244 Statistics
  - MATH 423 Combinatorics and Graph Theory
  - or other approved courses

# Academics & Library

## Computer Science (MS)

### Graduation Requirements

#### Thesis Option

The thesis will normally be completed during the last semester or two in the program, but selection of the advisory committee and the approval of thesis proposal must be completed before the final semester. The final examination will include an oral presentation of the thesis and an oral examination on the thesis conducted by the advisory committee.

#### Non-thesis Option

Students must complete one of the following two options:

- Final Exam: This is a non-credit exam, given once each semester (fall and spring), for students who have completed at least 21 hours of graduate credit. Refer to the Final Exam Guideline for additional information.
- Master of Science (MS) Project (CS 596): This is a three (3) credit-hour elective course whose oral exam will serve as the MS exit exam. Please refer to the MS project document for additional information.

Review the graduation policy for more information.

## **Academics & Library**

### **Computer Science (MS)**

#### **Combined Program**

#### **3+2 BS and MS in Computer Science**

The Department of Computer Science offers a five-year program leading to the Bachelor of Science (BS) and the Master of Science (MS) degrees. Undergraduates with senior-level status (at least 90 semester hours) and an overall grade point average (GPA) of at least 3.0 on a 4.0 scale may be admitted to the BS/MS program. They may then take 35 semester hours of graduate-level courses (400- and 500-level) during their combined senior and graduate years. An application for degree-seeking status as a graduate student must be approved by the Graduate School and the Graduate Committee in Computer Science following the procedures described under "Admission." A program outline must also be submitted for approval by Graduate Records and the director of the graduate program in computer science prior to enrollment in any courses in order to be included as a part of the master's program. Official admission to the program and status as a classified graduate student is made only after the award of the baccalaureate degree. In no case will a graduate degree be conferred before all requirements for both degrees have been completed.

# Academics & Library

## Creative Writing (MFA)

### Curriculum

The MFA in Creative Writing is a terminal degree designed for the student interested in pursuing the art of writing fiction or poetry. Students pursuing this degree will not just develop their skills as writers - they will be better prepared to teach creative writing, pursue other professional writing opportunities, conduct further research into matters of creative writing pedagogy, and publish their own creative works. The Writer of the World sequence will better prepare students for meaningful employment in or outside of academia, and help students sustain a rich writing life beyond graduation.

Completion of the program requires at least 42 hours. However, students may enroll in an optional second unit of thesis hours for a total of 45 hours. Students are required to complete the following primary courses:

- Workshop (12 hours): ENG 593 poetry workshop (taken 4 times), or ENG 592 Fiction workshop (taken 4 times)
- ENG 530 and ENG 531 (6 hours): The Writer in the World sequence, which must be completed in consecutive semesters during the second year of study
- Required Literature (12 hours): Students are required to complete four (4) graduate-level literature courses in consultation with their advisor. At least one (1) of these must be in the contemporary period.
- Electives (9 hours): Electives may be any graduate-level course offering, an additional unit of thesis hours, or a workshop in the student's minor genre (592 or 593)
- Required Thesis (3-6 hours): ENG 599

Note: ENG 554 Contemporary Pedagogy is required of all new teaching Graduate Assistants and may not be counted as an elective.

Students will plan their course of study in close consultation with their advisor; in general students should take at least half of their literature and elective courses at the 500-level.

### Courses

<b>Year</b>	<b>Fall Semester</b>	<b>Spring Semester</b>
Year One	Workshop (3 credit hours) Literature Class (3 credit hours) Elective (3 credit hours) 9 credit hours total	Workshop (3 credit hours) Literature Class (3 credit hours) Elective (3 credit hours) 9 credit hours total
Year Two	Workshop (3 credit hours) ENG 530- Writer in World (3 credit hours) 6 credit hours total	Workshop (3 credit hours) ENG 531-Practicum (3 credit hours) 6 credit hours total
Year Three	Elective (3 credit hours) Literature Class (3 credit hours) 6 credit hours total	Elective (3 credit hours) Thesis (3 credit hours) 6 credit hours total
		42 credit hours degree total

# Academics & Library

## Creative Writing (MFA)

### Admission Requirements

- Graduate School application, and \$40 fee
- Submission of all academic transcripts
- Applicants must have completed a baccalaureate degree with a minimum cumulative GPA of 3.0
  - Applicants with a GPA between 2.5 and 3.0 may be considered if all of the following conditions are met:
    - The baccalaureate degree was earned more than 4 years prior to the application submission
    - The applicant provides a written explanation of their performance in the baccalaureate degree
    - The applicant provides a written explanation of why they will be successful in the MFA program
- Applicants with previous graduate-level work must have a minimum cumulative GPA of 3.0 in the graduate-level work
  - Applicants with a previous graduate-level GPA less than 3.0 may be considered if all the following conditions are met:
    - The graduate-level work was completed more than 4 years prior to the application submission
    - The applicant provides a written explanation of their performance in the graduate-level work
    - The applicant provides a written explanation of why they will be successful in the MFA program
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent. International applicants are expected to have completed the foreign equivalent of the American baccalaureate degree from an internationally recognized institution of higher learning and meet all other requirements for admissions. Applicants with three-year degrees from Bologna member institutions will be considered for admission. Using current best practices, the Office of Admissions and the Graduate School will evaluate other three-year degrees to determine equivalence to a four-year U.S. baccalaureate. Any noted deficiencies or pre-requisites would need to be completed prior to acceptance.
- Three (3) letters of recommendation with waiver forms
- A one-page Statement of Purpose that addresses not just the applicant's commitment to writing, but also the applicant's interest in an experiential, service-learning pedagogy central to the Writer in the World sequence
- Either 2-3 stories (maximum 30 pages) or 15 pages worth of poetry

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

## Academics & Library

### Creative Writing (MFA)

#### Graduation Requirements

To successfully complete the MFA in Creative Writing at Southern Illinois University Edwardsville, students will complete 42-45 credit hours as detailed in the curriculum. They will successfully complete the "Writer in the World" practicum sequence. All students will complete a book-length manuscript and a lengthy artist's statement, detailing the ways in which their coursework and independent reading and study done throughout the program has influenced the writing of the thesis. Students will orally defend the thesis before a committee of at least three faculty members.

Review the graduation policy for more information.

# Academics & Library

## Curriculum and Instruction (MSEd)

### Curriculum

Candidates for the Master of Science in Education degree with a major in Curriculum and Instruction will complete a 36-semester hour program of study, including an option in one (1) of 12 teaching fields planned in consultation with an adviser. Some students' program of study may include more than 36 hours to satisfy content area prerequisites.

The program consists of the following components:

Professional Core (15 hours):

- (3) CI 563 Curriculum Models or (3) CI 537 Early Childhood Curriculum
- (3) CI 510 Analysis of Instruction
- (3) EPFR 515 Issues in learning Theory
- (3) EPFR 520 Analysis of Educational issues: Philosophical-Historical Foundations or (3) EPFR 521 Analysis of Educational Issues: Socio-Cultural Foundations
- (3) CI 548 Study of Classroom Instruction or (3) EPFR 501 Research Methods

Teaching Options (15 hours):

- (15) Advanced Pedagogy
- (15) STEM Education
- (15) Adult Education
- (15) Secondary Education/Art
- (15) Secondary Education/Biology
- (15) Secondary Education/Chemistry
- (15) Secondary Education/Earth and Space Sciences

- (15) Secondary Education/English/Language Arts
- (15) Secondary Education/Foreign Languages
- (15) Secondary Education/History
- (15) Secondary Education/Mathematics
- (15) Secondary Education/Physics

**Notes** - These hours are determined in consultation with a Curriculum and Instruction adviser and a content faculty adviser, when appropriate.

Final Project (6 hours):

- (6) CI 596a-m Field Study in Curriculum and Instruction or (6) CI 599 Thesis

**Notes** - These hours are determined in consultation with the teaching-field adviser. The student must complete at least 42 semester hours in the teaching field (graduate and undergraduate course work combined) in order to be eligible for the degree. Thus, some students' programs of study will include more than 36 hours in order to satisfy this requirement.

## Retention

Maintain a grade point average (GPA) of 3.0 or higher on a 4.0 scale.

*The above content is concurrent with the 2016-2017 graduate catalog. Courses and information are subject to change throughout the year.*

# Academics & Library

## Curriculum and Instruction (MSEd)

### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum grade point average (GPA) of 3.0 or higher on a 4.0 scale for the last two (2) years of the bachelor's degree program
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Personal history for the department
- Candidates seeking a second teaching license must also complete an application through the Student Services, Certification and Advisement Office, located in Founders Hall, Room 1110 (may be waived by Graduate Program Director).

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

## Academics & Library

### Curriculum and Instruction (MSEd)

#### Graduation Requirements

All candidates must complete a final project. In consultation with an adviser, candidates will complete one (1) of the following: action research project or thesis. Candidates must complete all of the program assessments at a satisfactory level.

Review the graduation policy for more information.

  - Secondary Education - English Language Arts
  - Secondary Education - Foreign Languages
  - Secondary Education - History
  - Secondary Education - Mathematics
  - Secondary Education - Physics
  - STEM Education

#### Adult Continuing Education

The adult and continuing education master's program option is a series of online courses for people who work in a wide range of professions, from higher education settings to non-profit and public institutions. These individuals interact with adult learners in academic, advising and technical education. Examples include:

- Community college employees and instructors for GED programs
- Businesspeople who work in human resources

- Anyone leading community outreach and partnerships for museums, historic sites, libraries or civic organizations
- Individuals working with adults in social work or health care

The program is designed to integrate the adult leader's past and future work experience, including career and technical education. The courses explore how adults learn and what tools can be used to enhance adult education.

The fully-online program curriculum is application-based and supports rich communication through its online discussion boards to serve the needs of its students. The course sequence has some flexibility—core courses are not required to be taken in sequence. Faculty work with students to help them meet their career needs.

Example core and elective courses:

- ADED 523 Curriculum and Instruction in Adult Education
- ADED 522 Program Planning in Adult Education
- IT 486 Web Design for Instruction
- CI 568 701: Motivation and Skill Building for Adult Learners

A K-12 teaching licensure is NOT required for the online adult and continuing education master's program option.

Students may enroll in one course or choose a master's degree option. Prior learning credit may be available.

#### Secondary Education – Art

The Department of Art and Design, in cooperation with the Department of Curriculum and Instruction, offers an art education teaching field as part of the Master of Science in Education (MSEd) degree in Curriculum and Instruction. A jointly advised program ordinarily including at least 15 hours in art will be designed, taking into account each student's background and interests. Throughout the program, the student must consult with the art graduate adviser before registering for any courses in art. Upon completion of the program, the student must have accumulated at least 42 semester hours in art (graduate and undergraduate work combined). Thus, students admitted to the program with less than 27 hours of acceptable undergraduate work will be required to complete more than 15 graduate hours in art in order to satisfy degree requirements.

Students must achieve a grade point average (GPA) of at least 3.0 on a 4.0 scale in the art teaching field, as well as an overall GPA of at least 3.0 on a 4.0 scale. For further information, see Curriculum and Instruction.

### Economics and Finance (MA,MS)

#### Program of Study

Within the graduate student's first term of enrollment, the graduate admissions committee will oversee and direct each student's program in accordance with Graduate School policies. This committee will be responsible for monitoring the student's progress in the program.

Candidates for the MA and MS degrees must satisfactorily complete a minimum of 30 hours of graduate course work and maintain a "B" average (3.0) overall in the program. Additionally, students must maintain an overall GPA of 3.0 (A=4.0) in core courses with no more than one "C" in core courses. Required courses for either degree include ECON 501 and 502, FIN 501 and 502, and ECON/FIN 515 and 517. All candidates must complete at least 21 hours of program courses at the 500 level. Up to nine (9) hours or electives may be taken at the 400-level. Courses that count as electives toward the MA or MS in economics and finance are determined by the department. Please contact the Graduate Program Director for more information.

Candidates for both MA and MS degrees must complete an emphasis in either applied economics or finance. An emphasis in applied economics requires at least six hours of electives in economics. An emphasis in finance requires at least six (6) hours of electives in finance. Candidates for the MA degree also must complete a thesis in economics or finance for six semester hours. The graduate program director must approve all elective courses in the student's program.

# Academics & Library

## Economics and Finance (MA,MS)

### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Students with an undergraduate degree in business from an AACSB accredited institution with an overall GPA of 3.5 (A=4.0) or better:
  - Students have the option not to submit GMAT or GRE scores. Instead, they must submit two letters of recommendation, preferably from faculty members at their prior institutions. Nevertheless, the applicants can always choose to submit the GMAT (Program code: 3T9CD19) or GRE scores along with their application, even if they meet the above requirement. Students in the final year of their undergraduate programs can apply to the graduate program any time after the start of the final semester of their undergraduate business program
- Students who do not meet the previous requirement (AACSB accredited institution and 3.25 GPA):
  - GMAT (Program code: 3T9CD19) or GRE scores. A typical applicant admitted to the MA or MS program has at least 50 percent and 60 percent on the verbal and quantitative portions of the examination, respectively.
- Personal history information
- Two letters of recommendation, preferably from faculty members at their prior institutions.
- International students from a country where English is not the first language, must send official TOEFL scores. We require a score of at least 550 (paper) or 79 (internet).

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

Applicants with undergraduate degrees in fields other than economics and finance or with deficiencies in economics, finance or statistics are encouraged to complete the following courses or their equivalents: intermediate microeconomics theory (ECON 301), intermediate macroeconomic theory (ECON 302), financial management (FIN 320) and statistics (MS 251 or MS 502). Credit earned to remove such deficiencies will not be applied to the graduate degree program.

Admission to the program is competitive. The program's graduate admissions committee reviews all applications. The committee makes recommendations about admission to the Graduate Program Director, whose decision is final. Decisions regarding financial assistance will be made primarily on the basis of academic merit. All inquiries about admissions should be directed to the graduate program director.

## Academics & Library

### Economics and Finance (MA,MS)

#### Graduation Requirements

All candidates for graduation with an MS or MA in economics and finance must have completed the required core courses ECON 501 and 502, FIN 501 and 502, and ECON/FIN 515 and 517 with at least a “B” (3.0) average with no more than one “C” in these core courses. Additionally, candidates must have a cumulative GPA of 3.0 (A=4.0) or higher in the economics and finance program courses overall. In addition, each candidate must give an oral representation in order to satisfy the exit requirement. Typically, one of the research projects from an eligible course in the student’s curriculum is used in the exit presentation. The choice of the project for the exit presentation is subject to final approval by the graduate program director. The exit presentation will take place in the fall or spring semester that is closest to the students’ graduation date and will be used as a tool for program assessment in which faculty will ask students a variety of questions covering theoretical knowledge, empirical analysis, interpretation of findings, implications for decision making in economics and finance, etc. As a general rule, at least two-thirds of the course work must be completed before the exit presentation can be made.

Candidates for the MA degree must prepare and successfully defend a thesis for six hours of credit. Upon or before completion of 21 hours, a student selects a thesis chairperson and a thesis committee of at least two additional members of the graduate faculty in consultation with the Graduate Program Director. This committee and its chairperson assume responsibility for overseeing the student’s satisfactory completion of the remaining thesis requirements.

Review the graduation policy for more information.

## Academics & Library

### Economics and Finance (MA,MS)

#### Specialization

#### Business Analytics

MS students in economics and finance may opt for a specialization in business analytics. To complete the specialization, MS students must satisfactorily complete a minimum of 30 hours of graduate course work as outlined in the Program of Study in the graduate catalog and satisfy the following business analytics requirements:

- (3) ECON/FIN 515-Quantitative Methods
  - (3) ECON/FIN 517-Information Fundamentals
  - (3) CMIS 566-Introduction to Business Intelligence and Analytics
  - (3) CMIS 567-Business Analytics Capstone and
- Two (2) electives from FIN 525, FIN 528, or ECON 581.  
(Electives must be approved by the Graduate Program Director)

### Educational Administration - Principal (MSEd, EdS)

#### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Master of Science in Education degree or its equivalent; a grade point average of 3.25 (A=4.0) or higher in graduate study
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- All applicants must show they have at least two years of teaching experience.
- Applicants must hold, or have held a pre-K-12 teaching position for four years to qualify for licensure.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

#### Candidate Requirements

Students meeting the admission requirements will be given provisional admission allowing them to enroll in EDAD 500: Organization and Administration of schools. During EDAD 500, students complete the candidate selection process. This process includes: completion of a leadership portfolio summarizing leadership experience and potential for instructional leadership; identification of a qualified mentor for internship experiences; participation in a selection interview; and an assessment of written communication skills based on a response to a case study. Upon successful completion of EDAD 500 and selection as a candidate, candidates receive full admittance to the program.

## Academics & Library

### Educational Administration - Principal (MSEd, EdS)

#### Graduation Requirements

All candidates must complete a four course field-based internship which is aligned with the National Council for Accreditation of Teacher Education standards, the Interstate School Leaders Licensure Consortium standards, the 36 critical success factors outlined in the Southern Research Education Board's "The Principal Internship: How Can We Get It Right?", the Educational Leadership Constituents Council standards, and the Illinois State Board of Education General Administration Endorsement standards.

The internship is supervised and evaluated by an administrator in the field and a faculty member of Educational Leadership of Southern Illinois University Edwardsville.

All specialist degree candidates are required to complete a Field Study/Research project that is presented to a faculty committee. Specialist degree candidates must have a minimum 3.25 GPA.

All master's degree candidates must complete a program portfolio.

Review the graduation policy for more information.

### Educational Administration - Teacher Leader (MSEd, EdS)

#### Overview

---

#### Educational Administration – Teacher Leader at SIUE

The Department of Educational Leadership, in the School of Education, Health and Human Behavior, offers a program of study leading to the Master of Science in education (MSEd). There are two program options: Teacher Leader and Principal. There are three pathways that lead to the Teacher Leader Endorsement on Illinois' Professional Educator License: (1) a master's program; (2) a specialist's program for students who already hold a master's, and; (3) a certification-only (non-degree) program for students who already hold a master's degree but do not wish to pursue an additional graduate degree.

This two-year program can be completed in its entirety by taking courses one evening per week or one Saturday a month, with the exception of the summer term. Students choosing to take classes on Saturday will be required to come to campus four times per semester.

#### Degrees Available at SIUE

- Master of Science in Education (MSEd)
- Education Specialist (EdS)

#### Endorsement

- Teacher Leader Endorsement

#### Career Opportunities

Completion of the Teacher Leader program (endorsement, master's or specialist) ordinarily satisfies Illinois requirements for the associated endorsement. The Teacher Leader endorsement prepares professionals to assume a variety of building-level leadership roles. Courses are generally acceptable for certification in other states.

## Academics & Library

### Electrical Engineering (MS)

#### Curriculum

The program of study requires a minimum of 33 semester hours of graduate credit, at least 18 of which must be at the 500-level. Program core requirement specifies a minimum of one course from the following list:

- ECE 532, 539, 552, 562, 572, or 574.

Up to six hours may be taken in out of department courses. The out of department courses must be approved by the advisor or be on the pre-approved list, which can be found at [siue.edu/engineering/ece/masters\\_ee.shtml](http://siue.edu/engineering/ece/masters_ee.shtml)

The out of department courses are typically from the School of Engineering or are math or physics courses.

Thesis and non-thesis options of study are available:

#### Thesis option

The program consists of the core courses, elective courses, and thesis work in the amount of 6 credit hours. The student will be guided by the adviser with the assistance and concurrence of the advisory committee. Thesis work involves an intensive research effort and generally requires two semesters to complete.

#### Non-thesis option

The program consists of the core courses, elective courses, and may include a research project. The research project is a component of any 500-level course approved by the advisory committee. The student will be guided by the adviser with the assistance and concurrence of the advisory

committee.

## Academics & Library

### Electrical Engineering (MS)

#### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Undergraduate grade point average of at least 2.75 (A=4.0) in engineering, mathematics, and physical science courses.
- International Applicants
  - It is highly recommended that GRE scores are submitted.
  - Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants should normally have a baccalaureate degree in electrical engineering from an ABET-accredited program. Applicants whose undergraduate studies were completed at institutions in countries other than the United States must have a baccalaureate degree in electrical engineering comparable to the United States bachelor's degree.

Applicants with degrees other than a baccalaureate degree in electrical engineering will be considered on an individual basis. Those with baccalaureate degrees in science and engineering, other than electrical engineering, may be admitted, subject to completion of appropriate undergraduate electrical engineering courses.

In exceptional cases, the graduate admissions committee may consider applicants who meet all Graduate School admission standards but who do not meet certain specified program admission requirements. The committee may consider other evidence that indicates high promise of the

applicant's success in the program. Such supportive evidence may include extensive professional experience, published research, patents, or outstanding graduate-level work at another institution.

After admission and before enrolling in any courses, students are required to meet with the graduate program director who appoints, in consultation with the student, an advisory committee suited to each student's background and interests. The chair of the advisory committee serves as the student's academic adviser. Students are urged to file an approved plan of study with their academic adviser by the end of the first term of enrollment in the program.

Review the SIUE Admissions Policy for more information.

## **Academics & Library**

### **Electrical Engineering (MS)**

#### **Graduation Requirements**

When all other program requirements are satisfied, the advisory committee will schedule an exit oral presentation or examination. The format of the presentation or examination will be determined by the student's advisory committee.

Review the graduation policy for more information.

## **Academics & Library**

### **Electrical Engineering (MS)**

#### **Combined Program**

#### **3+2 BS and MS in Electrical Engineering**

The Department of Electrical Engineering offers a five-year program leading to the Bachelor of Science (BS) and Master of Science (MS) degrees. Students with senior level status (at least 90 semester hours) and a grade point average of 3.0 (A=4.0) overall may be admitted to the BS/MS program that allows them to earn 33 hours of graduate level credit (400- and 500-level) during their combined fourth and fifth years. An application for degree-seeking status as a graduate student must be approved by the Graduate School and the Graduate Committee in Electrical Engineering. A program outline must also be submitted for approval by the Graduate Dean and director of the graduate program in electrical engineering prior to enrollment in any courses to be included as part of the master's program. Official admission to the graduate program and to status as a classified graduate student is made only after the award of the baccalaureate degree. In no case will a graduate degree be conferred before all requirements for both degrees have been completed.

## Academics & Library

### English Language and Literature (MA)

#### Curriculum

The specialization in literature requires 30-36 semester hours for completion of the master of arts degree. Program elements include the following:

#### Required courses (18 hours):

- ENG 501 Modern Literary Studies, taken in the first available term.
- ENG 502-Modern Literary Theory
- Students must complete four literature courses. Among these four courses, students must also meet the three requirements listed below. (One course may count for more than one requirement. See course descriptions to determine a course's requirement eligibility.)
  - One course pre-1700
  - One course post-1700
  - One world literature course

#### Electives (12 to 18 hours):

Courses may be elected in literature, creative writing, composition and/or linguistics. Elective hours may also include six hours of ENG 598 (Preparatory Reading/English and American Literature) or ENG 599 (Thesis). Students may, with the written approval of their advisor and of the Director of Graduate Studies, choose an elective from another SIUE department. Use the Graduate Student Request form to obtain approval prior to registration in any such course.

In total, no more than nine hours from 400-level courses can count toward the literature specialization.

# Academics & Library

## English Language and Literature (MA)

### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA of 2.50
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Three letters of recommendation.
- A one-page statement of purpose
- A recent sample of the applicant's writing, at least ten pages in length. The admissions committee prefers to read papers which engage in literary analysis, but will accept any paper which demonstrates the ability to conduct scholarly investigation.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

For applicants to the literature specialization, there is a requirement of one year of college-level course work (or its equivalent) in the same modern or classical foreign language, with at least a C average. These requirements may be satisfied during the course of the student's graduate studies.

Review the SIUE Admissions Policy for more information.

## Academics & Library

### English Language and Literature (MA)

#### Graduation Requirements

Students in the literature specialization can choose to complete a thesis or an exit project. Both options require the student to submit a prospectus that is approved by a committee of at least three faculty members (one of whom is the project director) who will consult with the student throughout the course of the project. Both options also require the student to complete an oral defense of the project before their committee.

#### Thesis

Students who choose to write a thesis may enroll in English 599 for a maximum of six credit hours. We strongly suggest that students who take all six credit hours split the thesis work into two semesters rather than taking all six hours at once. An acceptable thesis for the literature specialization should be a cohesive, comprehensive research study of at least 60 page in length. For more about the process of writing and submitting your thesis, visit both the Department's thesis page and the University's thesis page.

#### Exit Project

Students who do not wish to write a thesis may choose to develop an exit project that allows them more freedom in scope and content. Students who choose the exit project will enroll in English 598 for three to six credit hours depending on the dedicated time necessary for project completion. Before beginning the exit project, students must justify why they are choosing the three- or six-credit option in a prospectus that is approved by the exit project committee. The examples below should not be understood as exhaustive, but rather illustrative of the level of work required for the three- and six-credit options.

We assume that students will spend twelve hours per week in the completion of their exit projects. Therefore, the three-credit option should necessitate approximately 180-200 hours, whereas the six-credit option should necessitate approximately 380-400 hours of dedicated time. All

projects should be academically rigorous, and the student should conduct thorough research appropriate to the particular focus and format of the study.

Example three-credit exit projects:

- A selection of materials from previous course work (usually three seminar-length papers) revised and expanded over the course of the semester and accompanied by a short reflection discussing the work that they've accomplished.
- A blog kept over the course of the Master's program from which the student has chosen specific examples to demonstrate growth over time. In an accompanying paper, the student discusses the blog's breadth and development, the audience it reached, and discourses that have occurred as a result of its publication.
- The planning and facilitation of a public exhibition (either physical or digital) in which the student curates the items on display using scholarly research. The student will accompany the exhibit with a paper explaining the exhibit's rationale, the work it entailed, and the outcomes for the display.
- An action research project that inquires into a pedagogical concern in a secondary teaching environment. In this case, a teacher investigates a relevant problem in his/her school's English curriculum, researches the topic, develops meaningful actions, and creates plans and materials in preparation for enacting practical solutions.

Example six-credit exit projects:

- A digital edition of a textual corpus using current best practices for text encoding. The project should be accompanied by an editorial rationale, an introduction and annotation.
- A digital archive of an extensive collection of digital items that is thoroughly created and formally annotated (such as a substantial collection of books, news coverage of a literary event, etc.). Students should submit plans of all program curricula and an assessment of activities.
- The planning and execution of a community program about literature or literary history. Students should submit plans of all program curricula and an assessment of activities.

## The Prospectus

Whether choosing the thesis or the exit project, students are required to submit a prospectus of 3-5 pages accompanied by a bibliography of sources.

Students choosing the thesis should explain their planned argument and provide a synopsis of each chapter.

Students choosing the exit project must give a synopsis of their intended project, outline their work plan, and provide a rationale for the amount of dedicated time required.

The project committee must approve the prospectus by signing the prospectus form. Although the department strongly encourages students to complete their prospectus prior to beginning exit course work, the approved prospectus must be submitted to the graduate director no later than the second week of exit coursework.

Note: All research involving human subjects must comply with regulations and guidelines found at the Graduate School's Office of Research and Projects. Proposals must be cleared by the appropriate board and approved by the Graduate Dean before data collection begins. Federal regulations require mandatory training for all researchers, including students writing a thesis, dissertation or research project.

Review the graduation policy for more information.

## Academics & Library

### Teaching English as a Second Language (MA)

#### Curriculum

The specialization in teaching English as a second language requires 30 hours of course work. During a student's program, the student must complete three credits of TESL practicum (ENG 545), beginning in his or her first or second semester. To complete this specialization, the student, in consultation with the TESL advisor, may elect a thesis or take ENG 595. Enrolling in 595 is recommended for students with no previous or current TESL experience.

Students taking 595 to complete their exit requirements are required to complete four electives from the following list, and students electing the thesis option must complete three electives. For all students, at least two of the electives must be at the 500-level.

Required courses (15 hours):

ENG 400: Principles of Linguistics

ENG 416: Language and Society

ENG 468: Second Language Acquisition

ENG 542: Methods for Teaching English as a Second Language

ENG 545: TESL Practicum

Electives (9-12 hours):

ENG 403: History of the English Language

ENG 405: Pragmatics

ENG 408: Phonological Analysis

ENG 409: Syntactic Analysis

ENG 417: Language and Ethnicity

ENG 418: Language Endangerment and Death

ENG 470: Methods and Materials for K-12 ESL Teaching

ENG 472: Assessment and Testing in ESL  
ENG 474: Bilingualism and Bilingual Education  
ENG 540: Seminar in Second Language Acquisition  
ENG 541: Discourse Analysis  
ENG 543: Grammar Pedagogy  
ENG 544: Reading and Writing Pedagogy in TESL  
ENG 597: Readings in English Studies

Final Course or Thesis (three to six hours): ENG 595: Professional Development Seminar in TESL (3) or ENG 599: Thesis (6).

Students who hold a valid teaching certificate may take a series of courses leading to Illinois and/or Missouri ESL teaching approval. These courses are ENG 400, 409, 416, 468, 470, 472, 476. Students interested in this specialization should contact the ESL Approval advisor.

## Academics & Library

### Teaching English as a Second Language (MA)

#### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA of 2.50
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Three letters of recommendation
- Statement of Purpose: A three to five page paper which explains how the applicant became interested in the field of TESL, what the applicant hopes to learn in the program and how that learning will help the applicant in a career.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

There is a requirement of two years of college-level course work (or its equivalent) in modern or classical foreign language with at least a C average. These requirements may be satisfied during the course of the student's graduate studies.

Review the SIUE Admissions Policy for more information.

## Academics & Library

### Teaching English as a Second Language (MA)

#### Graduation Requirements

The mode of final examination is dependent on the culminating activity selected by the student. A student who elects the thesis option must successfully complete a one-hour oral examination based on the thesis. A student who elects to enroll in 595 must attain at least a B in that course and successfully complete an examination responding to questions submitted by an examining committee of TESL faculty.

Review the graduation policy for more information.

# Academics & Library

## English - Teaching of Writing (MA)

### Curriculum

Required primary courses (18 credit hours)

- ENG 552-Academic Writing and Research Methods
- ENG 554-Composition Pedagogy
- ENG 556-Theory of Composition and Rhetoric
- ENG 558-Practicum in the Teaching of Writing
- ENG 583-History of Rhetoric I-The Classical Period to the Renaissance
- ENG 596-Preparatory Reading/Teaching of Writing (exit project)

Students are required to complete three of the following secondary courses (three credit hours each):

- ENG 486 Teaching Creative Writing
- ENG 570 Teaching African American Oral and Written Tradition
- ENG 572 Theory and Practice of Teaching Writing with Computers
- ENG 574 Basic Writing Theory and Pedagogy
- ENG 576 Writing Across the Curriculum
- ENG 578 Gender, Language, and Pedagogy
- ENG 581 Topics in Teaching Writing
- ENG 584 History of Rhetoric II-The Enlightenment to Today

- ENG 587 Politics of Composition Pedagogy

One of the secondary courses can also be fulfilled with one of the following linguistics courses: ENG 400 Principles of Linguistics, 541 Discourse Analysis, or 544 Reading and Writing Pedagogy in Teaching English as a Second Language.

Elective course (three credit hours): 400- or 500-level ENG course (e.g., technical, expository or creative writing; pedagogy; linguistics, literature).

Students are required to complete one of the following options (nine credit hours inside or outside of the English Department):

- Three courses in the same foreign language
- Three TESL/linguistics courses
- Three literature courses
- Three creative writing courses
- Three computer and/or internet-based courses
- Three literacy and/or reading courses

Alternative three-course sequence to be determined by student in consultation with graduate advisor (e.g., courses in curriculum and instruction, mass communications, or instructional technology). Course work used to fulfill this option may be completed while student is a candidate in the teaching of writing specialization or may have been completed during the five years immediately preceding entrance to the program.

### **Post-Baccalaureate Certificate - Teaching of Writing**

The teaching of writing post-baccalaureate certificate is designed for students seeking graduate work in composition pedagogy and research but not wishing to commit to a two-year MA program. The certificate program offers substantive, comprehensive study in a relatively brief time and is intended for students teaching or planning to teach on the university, community college, high school and middle-school levels.

Required courses (12 hours)

552 Academic Writing and Research Methods in Composition Studies

554 Composition Pedagogy

556 Theory of Composition and Rhetoric

558 Practicum in the Teaching of Writing

Electives (6 hours) selected from

486 Teaching Creative Writing

490 Advanced Composition

491 Technical Writing

492 Advanced Fiction Writing

493 Advanced Poetry Writing

- 541 Discourse Analysis
- 570 Teaching African American Oral and Written Tradition
- 572 Theory and Practice of Teaching Writing with Computers
- 574 Basic Writing Theory and Pedagogy
- 576 Writing Across the Curriculum
- 578 Gender, Language, and Pedagogy
- 581 Topics in Teaching Writing
- 583 History of Rhetoric I - The Classical Period to the Renaissance
- 584 History of Rhetoric II - The Enlightenment to Today
- 587 Politics of Composition Pedagogy
- 592 Creative Writing

## Academics & Library

### English - Teaching of Writing (MA)

#### Graduation Requirements

In order to complete the program, the student will consult with the graduate advisor to create a three-person graduate faculty committee who will oversee the student's development of pertinent reading lists and the student's successful completion of three research-based essays on topics determined by the committee and student.

Review the graduation policy for more information.

# Academics & Library

## Environmental Science Management (PSM)

### Curriculum

The professional science master's degree in environmental science management requires a minimum of 36 hours of graduate work.

Required core courses (8 hours): ENSC 505, 506, 510, and a 3- or 4-hour 400- or 500-level statistics course

Internship (6 hours): ENSC 590

Business Courses (9 hours): ACCT 524, CMIS 526 and MBA 522

Required emphasis courses (12 hours): ENSC 511 or 512, 540, and at least two other ENSC electives

Final Research Paper or Thesis (3 hours): ENSC 597 or 599

Within the first semester of study, the student must select a graduate faculty member as chairperson for the graduate advisory committee. The chairperson will advise the student on course work and research. The graduate advisory committee should consist of faculty with expertise or interests that are appropriate to the student's academic background, goals and career interests. The graduate advisory committee and the student will develop a thesis or non-thesis paper outline before the work begins. The thesis or non-thesis paper is then approved for initiation and supervised by the committee chairperson.

## Academics & Library

### Environmental Science Management (PSM)

#### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Admission to this program requires a positive recommendation from the Environmental Sciences Admissions Committee. The program requires all prospective students to submit a letter stating their academic and professional goals.
- The GRE is required for those students whose undergraduate GPA is below 3.0 (4.0 scale).
- For those students whose GPA is below 2.75, two letters of recommendation are required.
- Applicants with less than a 2.5 GPA will ordinarily not be admitted.
- Students must have a baccalaureate degree in a science major. Computer literacy is strongly encouraged.
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Competitive graduate assistantships through the environmental sciences program and Competitive Graduate Awards through the Graduate School are available. The Office of Student Financial Aid administers most of the University's financial aid programs.

Review the SIUE Admissions Policy for more information.

## Academics & Library

### Environmental Science Management (PSM)

#### Graduation Requirements

Following the completion of the program of study, including the thesis or non-thesis paper, the student will present the thesis or non-thesis paper, open to the public, to the graduate committee for critique and must pass a final oral examination administered by the graduate advisory committee.

Review the graduation policy for more information.

## Academics & Library

### Environmental Sciences (MS)

#### Curriculum

The master of science degree in environmental sciences requires a minimum of 33 hours of graduate work for those students electing to complete a thesis and 38 hours of graduate work for those students electing to complete a non-thesis paper.

Students will choose one of five emphasis options.

Within the first semester of study, the student must select a graduate faculty member as thesis (or non-thesis) chairperson for graduate advisory committee. The chairperson will advise the student on course work and research. Within the first year of study, the graduate advisory committee must be complete, consisting of the chairperson and two or more additional graduate faculty members. The graduate advisory committee should consist of faculty with expertise or interests that are appropriate to the student's academic background, goals, and career interests. The graduate advisory committee and the student will develop a research project outline and will determine before the work begins whether the project is to result in a thesis or a non-thesis paper. The research project is then approved for initiation and supervised by the committee chairperson.

## Academics & Library

### Environmental Sciences (MS)

### Geography (MS)

#### Curriculum

Students in the graduate program are required to maintain a minimum overall grade point average of 3.0. Should a student earn a grade of C or below in any graduate level course, he or she will be placed on academic probation. Any student earning two grades of C or below in the program will be dropped from the geography graduate program, regardless of GPA. To facilitate the process of student advising and guidance, all applicants must submit a one-page written statement of their graduate education and study plan along with their graduate admissions forms.

#### Thesis Option:

---

A minimum of 30 hours is required for the master of science, of which 21 semester hours must be geography graduate-level courses. In addition, at least one half of the required 30 credit hours must be earned at the 500-level. Required courses (12 hours) include: GEOG 520, 521, 522; plus one seminar in geography. Electives (12-15 hours) are additional courses that should be related to the student's needs and interests and faculty expertise. Candidates must complete a thesis while enrolled in GEOG 599 (3 to 6 hours).

#### Non-Thesis Option:

---

A minimum of 36 credit hours is required for the master of science, of which 24 semester hours must be geography graduate-level courses. In addition, at least one-half of the 36 required credits must be earned at the 500-level. Required courses (18 hours) include GEOG 520, 521, 522, 598 plus one seminar in geography. Electives (18 hours) are additional courses that should be related to the student's needs and interests and faculty expertise.

In addition, each graduate student, regardless of option selected, must declare a subject area he or she wishes to emphasize. Before enrolling in the second year of study, each student must have selected a subject area advisor and obtained approval from the advisor as well as the graduate director.

# Academics & Library

## Geography (MS)

### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Applicants must have at least an overall grade point average of 2.8 (A=4.0). Applicants who do not meet the required grade point average will be considered based on letters of recommendation, acceptable scores on the Graduate Record Examination (GRE) or on grades in recommended or required prerequisite courses.
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Personal history for the department
- Curriculum Vitae (Resume)
- A one to two page statement of purpose discussing why the applicant has chosen our program, their interests, what the applicant hopes to gain from the program, and how it will help the applicant achieve their long-range objectives in geography
- Two letters of reference from individuals familiar with the applicant's academic background, training or work. A third letter is optional and may be submitted to help support the application. Please contact Graduate Admissions to submit a third letter.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Admission is open to geography and non-geography majors with baccalaureate degrees satisfying the general requirements of the Graduate School. Non-geography majors and, in some cases, geography majors may be required to take prerequisites as a condition for full acceptances in the graduate program. Courses taken to remedy any deficiencies do not count as part of the regular program.

Review the SIUE Admissions Policy for more information.

## Academics & Library

### Geography (MS)

#### Graduation Requirements

Thesis Option: in addition to the thesis itself, a final oral examination will be conducted by the candidate's committee. This examination will cover the content of the thesis as well as the fundamental concepts of the discipline as stated in the program's objectives.

Non-Thesis Option: The candidate must complete GEOG 598 (Graduate Research Project) with a grade of C or better. GEOG 598 is usually completed in two semesters. Students should register for GEOG 597 in their third (or next to last) semester and expect to complete the requirements during their fourth (or last) semester in the program. Requirements include a research paper and a presentation based on the research paper. Students will receive a DE after the first semester which will convert to a letter grade upon completion of the requirements during the second semester.

Review the graduation policy for more information.

# Academics & Library

## Geography (MS)

### Geographic Information Systems (GIS)

The Professional Development Sequences (PDS) in Geographic Information Systems (GIS) were originally developed by the Department of Geography with the support of the Schools of Business and Engineering. Three separate sequences were developed to accommodate the growing demand for practitioners in this new, specialized field which combines geographic information and graphics technology. In addition, since their origination, these sequences have been regularly updated to remain current with advances in technology and the changing needs of many user groups including the social, natural, physical, and applied sciences.

The PDS in GIS is, therefore, valuable to graduate students and professionals from many diverse fields such as economic development, real estate, environmental assessment, resource management, urban and regional planning, public administration, and health services. These course sequences provide the requisite education and training needed to understand GIS methodology and technology, and how to apply it to one's particular field. This methodology is particularly valuable for applications requiring area definition coupled with demographic, environmental, and market research and analysis.

#### **ADMISSION**

Graduate students who are officially admitted to and in good standing with the Graduate School may enroll in a GIS PDS provided they have the approval of the Geography graduate adviser and PDS coordinator. As long as the student is enrolled in the PDS, the student will have unclassified graduate status. Students desiring to acquire this specialized GIS training through a degree program (geography, business administration, or civil engineering), must follow the procedures necessary for admission to that degree program. A student completing the first PDS may apply up to three courses (nine semester hours) toward the elective hour requirement for a graduate degree in geography, provided the stipulations for transfer credit are met.

#### **PROGRAM OF STUDY**

The first PDS (Principles and Concepts of Geographic Information Systems) includes: GEOG 418 (Geographic Information Systems), GEOG 422 (Remote Sensing and Digital Image Processing), GEOG 423 (Computer Mapping), and GEOG 520 (Research Methods in Geography). The second PDS (Applied Geographic Information Systems) is comprised of: GEOG 424 (Vector Based GIS), GEOG 425 (Raster Based GIS), and GEOG 450 (Topics in Geography) or GEOG 427 (Internship). The third PDS (Advanced Geographic Information Systems) requires GEOG 522 (Techniques in Geography), GEOG 525 (Seminar in GIS), and GEOG 590 (Independent Study). Depending on the level of GIS education and training desired, a student may take only the first PDS, the first and second PDS, or all three. Completion of each sequence is a prerequisite for enrollment in the next.

# Academics & Library

## Healthcare Informatics (MS)

### Program of Study

#### **NURS 509-3: Interdisciplinary Healthcare Informatics**

Introduces informatics terminology and theory, including searching, managing, and evaluating data, analyzing information systems, and integrating technology into practice.

#### **NURS 511-3: Social, Ethical and Legal Issues in an Informative Age**

Explores social, ethical and legal issues related to searching, storing and using healthcare information and the ethical and legal formation of informatics professionals.

#### **NURS 512-3: Managing Quality and Safety in Healthcare**

Examination of processes and integration of concepts used to measure and improve quality and effectiveness of health care. Examination and analysis of research statistics.

#### **CMIS 535-3: Project Management Standard Process**

Is a framework of standard processes based on the Project Management Body of Knowledge and other resources. It includes processes for managing scope, time, quality, cost, human resources, communications, risk and procurement.

#### **CMIS 557-3: Enterprise Resource Planning**

The role of Enterprise Resource Planning (ERP) software in the business environment will be explored using SAP. A risk management approach will be emphasized.

#### **CMIS 588: Seminar in CMIS: Information Security**

An introduction to the technical and administrative aspects of information security and assurance. It provides an understanding of the key issues associated with protecting information assets, determining the levels of protection and response to security incidents, and designing an effective information security system.

**PBHE 455-3: Introduction to Epidemiology**

Epidemiologic terminologies. Description and analysis of disease occurrence using appropriate epidemiologic measurements. Exploration of causal relationships. Identification of epidemiologic roles in disease control and prevention.

**IT 508-3: Seminar in IT: Instructional Design and Media Selection for Healthcare Informatics**

Provides healthcare informatics professionals with foundation in the skills of planning, designing, developing, implementing, and evaluating employee trainings.

**PSYCH 576-3: Graduate Seminar in Organizational Development**

Introduces early history, assumptions, concepts and various change strategies and human process approaches to planned change within a systems framework.

**CS 434-3: Database Design**

Includes database management system concepts, models and languages, entity and relationship, relational and object-oriented data models, relational database design and implementation including SQL, and object databases.

**CS560-3: Information Discovery in Electronic Healthcare Records**

Analytical techniques for discovering information in electronic healthcare record systems through data mining, text mining, and visual analytics techniques.

**HCIM 596a: Capstone I**

During Capstone I, the student will initiate their capstone project. The student will use their approved project proposal to do the background work and literature review. An outline of the final paper is required at the end of the course.

**HCIM 596b: Capstone II**

During Capstone II, the student will continue their capstone project and submit a rough draft of their capstone project paper. The student will analyze the current system being replaced (or in need of replacement) and research viable IT solutions (potential solutions). The student will then identify and make an IT solution recommendation. A literature review concerning the background of the problem and technology based solution will be submitted along with the remainder of the initial (rough) draft of the capstone project paper.

**HCIM 596c: Capstone III**

During Capstone III, the student will complete their capstone project and submit their final capstone project paper and deliver a presentation.

## Retention Policy

Scholarship appropriate for students in the Master of Science in Healthcare Informatics Program is demonstrated through satisfactory completion of course work, defined as obtaining a course grade of "A" or "B." The following retention policy applies specifically to the program:

1. Students who obtain a course grade of "D" or "F" will have suspended enrollment until a retention plan is created and signed by the student and the program director. A second course grade of "D" or "F" will result in removal from the program.
2. Students earning one course grade of "C" are allowed to remain enrolled in the program. Students earning a second course grade of "C" or lower will have suspended enrollment until a retention plan is created and signed by the student and the program director. Students earning a third course grade of "C" or lower are removed from the program. Students repeating a course in which there is a grade of "C" does not eliminate the original course grade of "C" from being applied toward this exclusion policy.
3. Per SIUE Policy 1F1, all students must have a GPA of 3.0 or higher in all graduate coursework required by the program to be awarded the degree.
4. Contact the SIUE Student Service Center for instructions and information on withdrawal.

## **Academics & Library**

### **Healthcare Informatics (MS)**

#### **Graduation Requirements**

Completion of required courses with a grade point average of at least 3.0 (A=4.0), and a final presentation.

Review the graduation policy for more information.

# Academics & Library

## Healthcare Informatics (MS)

### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all academic transcripts
- Completion of a baccalaureate degree with a minimum GPA of 2.75/4.0
- Evidence of completion of an undergraduate or graduate statistics course with a grade of C or better
- Statement of Purpose: A written statement describing their background in healthcare and/or information technology and their reasons for pursuing a graduate degree in healthcare informatics
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

### Admission Deadlines

Students are admitted into HCIM in fall and spring semesters only.

# Academics & Library

## History (MA)

### Curriculum

Both thesis and non-thesis plans of study are available. Students pursuing either the thesis or the non-thesis plan must complete a minimum of 33 semester hours. Students entering in the 2017-2018 academic year will take a two-semester sequence of History 555 (Theory and Methods) and History 556 (Research Seminar). Students may also apply to participate in an internship program that allows them to obtain practical experience in non-teaching career fields related to history. All students must demonstrate a reading knowledge of a foreign language (modern or classical) either by special examination or by completion of two years of college level study in a single language with an average of C or better. Candidates for the Master of Arts degree in history may pursue one of the two following plans of study:

#### Thesis Option

Students complete 33 hours of graduate credit, 6 of which represent the History and Theory class (HIST 555); 3 are the Graduate Seminar in Historical Research (HIST 556) and 6 of which represent a well-conceived thesis on a topic chosen in consultation with a faculty advisory committee. Enrollment in HIST 599 is required. Students will prepare a “Research Plan” during the semester or summer immediately preceding their first HIST 599 class. Students will present the Research Plan to the chair of his or her committee and will then distribute it to the rest of the committee. It is strongly suggested that the entire committee and the student meet together to comment on the plan. Students will not receive an instructor permit to register for HIST 599 until this process is complete.

#### Exam Option

This plan emphasizes breadth of historical understanding while not ignoring research techniques. Students concentrating in one primary and two complementary secondary areas of emphasis complete 33 hours of graduate credit, which includes completion of the History and Theory class (HIST 555) (6 credit hours) and the Graduate Seminar in Historical Research (HIST 556) (3 credit hours). Exam option students also enroll in 6 credit hours of Readings for Exams (HIST 598). Students must earn the grade of “B” or better in each course counting toward their graduate degree, with the exception of foreign languages.

Suggested areas of emphasis can include:

U.S. to 1877 Ancient Cultural History

U.S. since 1877 Medieval Europe African Diaspora

U.S. Economic History Early Modern Europe Gender History

African-American History Modern Europe Intellectual History

Middle Eastern History Asian History

The broad fields may be modified in consultation with the student's advisory committee. Before embarking on any area(s) of emphasis, a student should consult the appropriate faculty member(s). All exam option students are required to develop a portfolio of two research papers, written for different faculty while enrolled at SIUE, that reflect their primary, and one of their secondary fields of interest. All students are required to submit their portfolio to their examination committee a month before the scheduling of their written exams. In order for written examinations to be scheduled, the portfolio must first be approved by the student's committee.

# Academics & Library

## History (MA)

### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all academic transcripts
- Minimum 3.0 (A=4.0) GPA
- Successful completion of a bachelor's degree prior to enrollment and preparation in the discipline equivalent to at least an undergraduate minor (18 credit hours in history)
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Two letters of recommendation
- An academic writing sample
- Statement of Purpose: A one-page letter of intent discussing their preparation for graduate study in history, their area(s) of historical interest and their career goals.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

### Application Deadline

All application materials are due by February 1. Incomplete applications will not be considered. The department's graduate program committee will review application materials and make a final determination of admittance normally by the middle of February. Typically, applicants will be

considered for entry only for the fall semester. Admission for spring or summer term may be arranged for exceptional circumstances. Applicants may petition the graduate program director to make these arrangements.

## **COOPERATIVE DOCTORAL PROGRAM**

Faculty in the Department of Historical Studies participate with History Department faculty at Southern Illinois University Carbondale in offering a cooperative program leading to the Doctor of Philosophy degree in History. Prospective students may initiate application procedures at either campus and may enroll in courses at either or both campuses concurrently. The doctoral degree is conferred by Southern Illinois University Carbondale. For more detailed information, contact the department directly at either Carbondale or Edwardsville.

To review the cooperative doctoral program requirements, please visit [cola.siu.edu/history/graduate/phd-program/index.php](http://cola.siu.edu/history/graduate/phd-program/index.php).

## Academics & Library

### History (MA)

#### Graduation Requirements

Students who follow a thesis plan of study will be required to pass an oral defense of the thesis and related historical material and submit a final draft to the Graduate School.

Upon completion of the course work, students pursuing the exam option must pass a written examination, at least three hours long, covering one principal and two secondary fields. They are also required to take an oral examination based on their written exams, portfolio and related historical material. The chairperson of the student's advisory committee will provide guidance to the student regarding the nature of the examination. Such guidance will include a list of readings compiled by the advisory committee, which, in conjunction with the student's course work, will serve as the basis for the examination. Exam option students intending to take examinations in the Spring Semester must declare their intention to take examinations by September 15th of the preceding Fall Semester; students intending to take examinations in the Fall Semester must declare their intention to do so by April 1st of the preceding Spring Semester. Declaring their intention to take exams requires them to form an exam committee and, in consultation with their committee, establish reading lists for the exams. Spring Semester written exams must be completed by April 1st and an oral examination based on the written exams and the portfolio must be held by April 15th. Fall Semester written exams must be completed by November 15th and an oral examination based on the written exams and the portfolio must be held by December 5th. Generally, master's exams will not be scheduled during the Summer Term.

Review the graduation policy for more information.

## Academics & Library

### Industrial Engineering (MS,PhD)

#### Curriculum

The program offers both thesis and non-thesis options. The thesis option requires 30 credit hours; the non-thesis option requires 33 hours. Of the required 30 credit hours of the thesis option, at least 15 credit hours must be Industrial Engineering 500-level credit hours, excluding IE 599. At least 21 credit hours must be in Industrial Engineering courses, and up to six hours may be thesis credit. Of the required 33 hours of non-thesis option, at least 18 credit hours must be Industrial Engineering 500-level credit hours. At least 24 credit hours must be in Industrial Engineering courses. Students who choose the non-thesis option must complete a research project, which has zero credit hour.

The specific program of study is selected by the student in consultation with and approved by the student's advisor. All students are required to complete the program's core courses: IE 465-Design and Control of Quality Systems, IE 483-Production Planning and Control, IE 515-Engineering Optimization Models, and IE 576-Advanced Computer Integrated Manufacturing Systems. Students having completed these or similar courses as part of a baccalaureate degree may choose other courses in the same core area with the approval of their advisor.

Four courses of emphasis (systems optimization, manufacturing engineering design, enterprise and production control, and quality engineering) are currently being offered by the program. Students will be guided in thesis work by a thesis advisor with the assistance and concurrence of an advisory committee. The thesis topic will be selected from an area in Industrial Engineering and approved by the student's advisor. Writing a thesis involves an intensive research effort and students are encouraged to initiate their thesis work early in the program, even before registering for any thesis credit. Upon the completion of the student's research, a thesis defense will be conducted. In the non-thesis option, students must complete a research project and the student's advisor may organize a project presentation during the final semester of study.

# Academics & Library

## Industrial Engineering (MS,PhD)

### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Undergraduate grade-point average of at least 2.75 (A=4.0) in engineering, mathematics and physical science courses.
- Applicants should have a baccalaureate degree in an engineering discipline from an ABET-accredited program. Applicants who completed a non-ABET accredited program or whose undergraduate studies were in a country other than the United States must have a baccalaureate degree in an engineering discipline which is comparable to the United States' bachelor's degree equivalent, and must take the Graduate Records Examination (GRE) (verbal, quantitative and analytical portions) to support their application.
- Applicants from selected areas of mathematical and physical science will be considered for admission on an individual basis.
- In cases where the applicant has not completed the prerequisites for core or elective courses, the applicant may be required to complete those courses as "not for graduate credit"
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

In exceptional cases, the graduate admissions committee may consider applicants who meet all of the Graduate School admission standards but who do not meet certain specified program admission requirements. The committee may consider other evidence that indicates high promise of the applicant's success in the program. Such supportive evidence may include high scores on the GRE, professional registration, extensive professional experience, professional publications or satisfactory graduate-level work.

Review the SIUE Admissions Policy for more information.

## **Academics & Library**

### **Industrial Engineering (MS,PhD)**

#### **Graduation Requirements**

After all other program requirements are satisfied, a final examination on the course work and related material on the thesis or project will be given. In the thesis option, the final examination is an oral examination directed primarily at the material in the thesis. This examination is conducted by the advisory committee. In the non-thesis option, the final examination is an oral examination directed primarily at the material in the project and related research paper.

Review the graduation policy for more information.

## **Academics & Library**

### **Industrial Engineering (MS,PhD)**

#### **Combined Program**

#### **3+2 BS and MS in Industrial Engineering**

Students in this accelerated program can get both B.S. and M.S. degrees in IE in five years. An undergraduate student in this program may begin to take graduate level courses after completing 95 out of 126~128 credit hours required for the B.S. degree. In order to join this program, a student must submit a program outline for approval to Graduate Records and Director of the IE graduate program prior to enrollment in any courses to be included as part of the graduate program. Students have two options to obtain an M.S. degree: a thesis option with 30 credit hours of graduate level courses and a non-thesis option with 33 credit hours of graduate level courses. If you have any question on this matter, please contact Dr. Xin Chen, IE Graduate Program Director, at [xchen@siue.edu](mailto:xchen@siue.edu).

## Academics & Library

### Instructional Technology (MSEd)

#### Curriculum

Students must complete 36 semester hours for the MSEd in Instructional Technology. All students will take the following courses (listed in numerical order, not in program sequencing order):

IT 430 - Computer-Based Publishing and Instruction

IT 486 - Web Design for Instruction

IT 500 - Principles of Instructional Technology

IT 596 - Design Studio I

IT 597 - Design Studio II

IT 598 - Design Studio III

In addition to the above courses, students will complete additional courses depending upon their emphasis within the program. Each emphasis has a curriculum that has been designed to provide students with the knowledge and skills that they need for the 21st Century job market. The courses for each emphasis are listed below.

#### Distance Education

IT505 - Needs Assessment and Program Evaluation

IT510 - Instructional Systems Design

IT567 - Online Teaching Tools

IT568 - Design and Development of Online Lessons, Modules, and Courses

IT569 - Facilitating Online Classrooms

One Educational Psychology Course, chosen from the following: EPFR514 - College Student Learning and Development or EPFR515 - Issues in Learning Theory

One Analysis of Educational Issues Course, chosen from the following: EPFR451 - Gender and Education, EPFR520 - Philosophical-Historical Foundations, EPFR521 - Socio-Cultural Foundations, EPFR522 - Diversity in Higher Education

## **Educational Technologies**

IT481 - Computers in Education: Theory and Practice

IT550 - Emerging Technologies in Education

IT560 - Leadership in Educational Technology

One Distance Education Course, chosen from the following: IT540 - Distance Education, IT567 - Online Teaching Tools, IT568 - Design and Development of Online Lessons, Modules, and Courses, IT569 - Facilitating Online Classrooms

One Educational Research Course, chosen from the following: EPFR501 - Research Methods, EPFR502 - Qualitative Inquiry in Education, EPFR503 - Research Methods in Higher Education, IT505 - Needs Assessment and Program Evaluation in Instructional Technology

One Educational Psychology Course, chosen from the following: EPFR514 - College Student Learning and Development or EPFR515 - Issues in Learning Theory

One Analysis of Educational Issues Course, chosen from the following: EPFR451 - Gender and Education, EPFR520 - Philosophical-Historical Foundations, EPFR521 - Socio-Cultural Foundations, EPFR522 - Diversity in Higher Education

## **Instructional Design and Performance Improvement**

IT505 - Needs Assessment and Program Evaluation

IT510 - Instructional Systems Design

IT520 - Performance Technology

IT530 - Managing Instructional Development

One Distance Education Course, chosen from the following: IT540 - Distance Education, IT567 - Online Teaching Tools, IT568 - Design and Development of Online Lessons, Modules, and Courses, IT569 - Facilitating Online Classrooms

One Educational Psychology Course, chosen from the following: EPFR514 - College Student Learning and Development or EPFR515 - Issues in Learning Theory

One Analysis of Educational Issues Course, chosen from the following: EPFR451 - Gender and Education, EPFR520 - Philosophical-Historical Foundations, EPFR521 - Socio-Cultural Foundations, EPFR522 - Diversity in Higher Education

# Academics & Library

## Instructional Technology (MSEd)

### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA of 3.0 or above (A=4.0) during undergraduate work. Students with an undergraduate GPA between 2.5 and 2.9 will be admitted with conditions.
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants may arrange for an appeal interview with the Admissions Committee if admission is denied.

Review the SIUE Admissions Policy for more information.

## **Academics & Library**

### **Instructional Technology (MSEd)**

#### **Graduation Requirements**

Students in the MSEd must successfully pass all required coursework, participate in the process of successfully developing and submitting a juried portfolio, and present elements of their coursework and/or portfolio to faculty and students.

Review the graduation policy for more information.

  - Classroom Technologies Post-Baccalaureate Certificate
  - Distance Education Emphasis
  - Educational Technologies Emphasis
  - Emerging Technologies Professional Development Sequence
  - Instructional Design and Performance Improvement Emphasis
  - Instructional Design Professional Development Sequence
  - Online Pedagogy Professional Development Sequence
  - Teaching with Technology Professional Development Sequence
  - Web-Based Learning Post-Baccalaureate Certificate

### Classroom Technologies Post-Baccalaureate Certificate

The Instructional Technology Program offers two Post-Baccalaureate Certificates (PBCs). One is classroom technologies; the other is in web-based learning. Both certificates are 100 percent online.

#### Admission and Retention for the PBCs

The general requirements for admission for the Post-Baccalaureate Certificates are the same as for the Graduate School (which include an application fee of \$40, submission of official transcripts, and a formal application to the Graduate Admissions Office). Applicants may arrange for an appeal interview with the Admissions Committee if admission is denied. To be retained within a PBC, students must have a 3.0 GPA after nine (9) hours of coursework.

## **Program of Study**

The classroom technologies certificate is a combination of two professional development sequences - one in emerging technologies and the other in teaching with technology. This certificate offers both P-12 school personnel and adult educators opportunities to learn cutting-edge educational software and lesson design approaches that can be integrated into classrooms. Through completing this certificate, students will gain knowledge and skill in successfully integrating computers and other technologies into their classroom.

The Classroom Technologies Certificate Program requires the completion of 18 hours of online course-work, which consists of the following required classes:

- IT 481 - Computers in Education: Theories and Practice
- IT 550 - Emerging Technologies in Education
- IT 560 - Leadership in Educational Technology
- IT 561 - Designing Digital Materials
- IT 562 - Social Media for Teachers
- IT 563 - Games and Simulations

## **Exit Requirements from a PBC**

The student must successfully complete the required program of study, with at least a grade of B in each course.

#### Distance Education Emphasis

Distance Education focuses on the tools and techniques for designing, producing and facilitating online courses. This emphasis area will be useful to teachers, adult educators, college faculty members and corporate training personnel who are interested in the potential of online classrooms to expand learning opportunities for students and employees. While pursuing the Distance Education emphasis, you simultaneously can earn the PDS in instructional design, the PDS in online pedagogy and the certificate in web-based learning.

- IT 505 - Needs Assessment and Program Evaluation in Instructional Technology

### Instructional Design and Performance Improvement Emphasis

Instructional Design & Performance Improvement focuses on skills necessary for careers in corporations, institutions of higher education, health care organizations and non-profits. Students who graduate from this emphasis become corporate trainers, multimedia learning technologists, curriculum writers, instructional designers, performance improvement specialists and learning consultants. In this emphasis, you will learn how to identify gaps in human performance and improve people's knowledge and skills in ways that close the gap. Graduates from this emphasis have been hired by Elsevier Publishing Company, Federal Reserve Bank, Anheuser-Busch InBev, The Boeing Co., and a variety of other regional, national and international organizations.

- IT 505 - Needs Assessment and Program Evaluation in Instructional Technology
- IT 510 - Instructional Systems Design

- IT 520 - Performance Technology
- IT 530 - Managing Instructional Development
- One Distance Education Course chosen from the following:
  - IT 540 - Distance Education
  - IT 567 - Online Teaching Tools
  - IT 568 - Design and Development of Online Lessons, Modules, and Courses
  - IT 569 - Facilitating Online Classrooms
- One Educational Psychology Course chosen from the following:
  - EPFR 514 - College Student Learning and Development
  - EPFR 515 - Issues in Learning Theory
- One Analysis of Educational Issues Course chosen from the following:
  - EPFR 451 - Gender and Education
  - EPFR 520 - Philosophical-Historical Foundations
  - EPFR 521 - Socio-Cultural Foundations
  - EPFR 522 - Diversity in Higher Education

## Academics & Library

### Instructional Technology (MSEd)

#### Specialized Learning Opportunities

- Instructional Design Professional Development Sequence
  - Distance Education Emphasis
  - Educational Technologies Emphasis
  - Instructional Design and Performance Improvement Emphasis
  - Classroom Technologies Post-Baccalaureate Certificate
  - Web-Based Learning Post-Baccalaureate Certificate
  - Emerging Technologies Professional Development Sequence
  - Instructional Design Professional Development Sequence
  - Online Pedagogy Professional Development Sequence
  - Teaching with Technology Professional Development Sequence

#### Emerging Technologies Professional Development Sequence

The Instructional Technology Program offers four Professional Development Sequences (PDSs). Each is 100 percent online. The four Professional Development Sequences are Emerging Technologies, Instructional Design, Online Pedagogy and Teaching with Technology.

##### Admission and Retention for PDSs

The general requirements for admission and retention are the same as the Graduate School (which include an application fee of \$40, submission of official transcripts and a formal application to the Graduate Admissions Office). Applicants may arrange for an appeal interview with the Admissions Committee if admission is denied.

## **Program of Study**

The emerging technologies PDS provides educators with fundamental grounding in designing lesson plans that integrate computers and other cutting edge technologies into classrooms. This sequence includes the following three courses:

- IT 481 - Computers in Education: Theories and Practice
- IT 550 - Emerging Technologies in Education
- IT 560 - Leadership in Educational Technology

## **Exit Requirements from a PDS**

The student must successfully complete the program of study, with at least a grade of B in each course.

## Academics & Library

### Instructional Technology (MSEd)

#### Specialized Learning Opportunities

- Online Pedagogy Professional Development Sequence
  - Distance Education Emphasis
  - Educational Technologies Emphasis
  - Instructional Design and Performance Improvement Emphasis
  - Classroom Technologies Post-Baccalaureate Certificate
  - Web-Based Learning Post-Baccalaureate Certificate
  - Emerging Technologies Professional Development Sequence
  - Instructional Design Professional Development Sequence
  - Online Pedagogy Professional Development Sequence
  - Teaching with Technology Professional Development Sequence

### Online Pedagogy Professional Development Sequence

The Instructional Technology Program offers four Professional Development Sequences (PDSs). Each is 100 percent online. The four Professional Development Sequences are Emerging Technologies, Instructional Design, Online Pedagogy and Teaching with Technology.

#### Admission and Retention for PDSs

The general requirements for admission and retention are the same as the Graduate School (which include an application fee of \$40, submission of official transcripts, and a formal application to the Graduate Admissions Office). Applicants may arrange for an appeal interview with the Admissions Committee if admission is denied.

## **Program of Study**

The online pedagogy PDS provides educators, corporate training personnel, and college instructors with skills necessary for designing and teaching within the online classroom. Specifically, the curriculum for this professional development sequence includes a consideration of commonly-used online learning tools. The curriculum will train students in processes for creating, managing, facilitating, and evaluating online courses. The sequence includes the following three courses:

- IT 567 - Online Teaching Tools
- IT 568 - Design and Development of Online Lessons, Modules, and Courses
- IT 569 - Facilitating Online Classrooms

## **Exit Requirements for a PDS**

The student must successfully complete the program of study, with at least a grade of B in each course.

## Academics & Library

### Instructional Technology (MSEd)

#### Specialized Learning Opportunities

- Teaching with Technology Professional Development Sequence
  - Distance Education Emphasis
  - Educational Technologies Emphasis
  - Instructional Design and Performance Improvement Emphasis
  - Classroom Technologies Post-Baccalaureate Certificate
  - Web-Based Learning Post-Baccalaureate Certificate
  - Emerging Technologies Professional Development Sequence
  - Instructional Design Professional Development Sequence
  - Online Pedagogy Professional Development Sequence
  - Teaching with Technology Professional Development Sequence

### Teaching with Technology Professional Development Sequence

The Instructional Technology Program offers four Professional Development Sequences (PDSs). Each is 100 percent online. The four Professional Development Sequences are Emerging Technologies, Instructional Design, Online Pedagogy and Teaching with Technology.

#### Admission and Retention for PDSs

The general requirements for admission and retention are the same as the Graduate School (which include an application fee of \$40, submission of official transcripts, and a formal application to the Graduate Admissions Office). Applicants may arrange for an appeal interview with the Admissions Committee if admission is denied.

## **Program of Study**

The teaching with technology PDS sequence offers educators an opportunity to gain hands-on skills in utilizing technology efficiently and effectively in the classroom to enhance student learning. The sequence includes the following three courses:

- IT 561 - Designing Digital Materials
- IT 562 - Social Media for Teachers
- IT 563 - Games and Simulations

## **Exit Requirements from a PDS**

The student must successfully complete the program of study, with at least a grade of B in each course.

## Academics & Library

### Instructional Technology (MSEd)

#### Specialized Learning Opportunities

- Web-Based Learning Post-Baccalaureate Certificate
  - Distance Education Emphasis
  - Educational Technologies Emphasis
  - Instructional Design and Performance Improvement Emphasis
  - Classroom Technologies Post-Baccalaureate Certificate
  - Web-Based Learning Post-Baccalaureate Certificate
  - Emerging Technologies Professional Development Sequence
  - Instructional Design Professional Development Sequence
  - Online Pedagogy Professional Development Sequence
  - Teaching with Technology Professional Development Sequence

#### Web-Based Learning Post-Baccalaureate Certificate

The Instructional Technology Program offers two Post-Baccalaureate Certificates (PBCs). One is Classroom Technologies; the other is in web-based learning. Both certificates are 100 percent online.

##### Admission and Retention for the PBCs

The general requirements for admission for the Post-Baccalaureate Certificates are the same as for the Graduate School (which include an application fee of \$40, submission of official transcripts and a formal application to the Graduate Admissions Office). Applicants may arrange for an appeal interview with the Admissions Committee if admission is denied. To be retained within a PBC, students must have a 3.0 GPA after 9 hours of coursework.

## **Program of Study**

The web-based learning certificate is a combination of two professional development sequences - one in Instructional Design and the other in Online Pedagogy. This certificate offers current and future instructional design professionals in business and industry an opportunity to gain expertise in the area of designing and developing online learning environments within corporations, non-profit organizations, healthcare, higher education and K-12 education. The curriculum combines a study of instructional systems design with online multimedia technologies. Through completing this certificate, most students will have advanced knowledge and skills necessary for designing and developing online courses and interactive learning environments.

The web-based learning certificate program requires the completion of 18 hours of online course-work, which consists of the following required classes:

- IT 486 - Web Design for Instruction
- IT 505 - Needs Assessment and Program Evaluation in Instructional Technology
- IT 510 - Instructional Systems Design
- IT 567 - Online Teaching Tools
- IT 568 - Design and Development of Online Lessons, Modules, and Courses
- IT 569 - Facilitating Online Classrooms

## **Exit Requirements from a PBC**

The student must successfully complete the required program of study, with at least a grade of B in each course.

## **Academics & Library**

### **Integrative Studies (MA,MS)**

#### **Graduation Requirements**

Students must conduct an oral defense of the thesis or project with an advisory committee consisting of a minimum of three graduate faculty. Each participating department must be represented.

Review the graduation policy for more information.

## Academics & Library

### Integrative Studies (MA,MS)

### Integrative Studies - Applied Environmental and Communication Studies (MS)

Communications with an environmental or scientific message can be found everywhere-on the web, television, magazines and newspapers. Effectively communicating the importance of taking care of the environment is vital in many fields as different entities compete for public support. These messages can involve conservation of resources, promotion of products or education regarding community programs, among others. To be able to effectively get the message across, it is crucial that the individual formulating the message has a clear understanding of the interdisciplinary nature of environmental sciences. The applied environmental and communication studies program combines interdisciplinary scientific knowledge with diverse communication tools.

### Career Outlook

Graduates with strong communication skills and an interdisciplinary understanding of environmental issues, laws and policies will be sought after by conservation and advocacy organizations, private corporations and government agencies.

### Curriculum

Students will take courses in the Department of Applied Communication Studies and Environmental Sciences program, according to the master's in integrative studies program requirements:

- 30 credit hours of graduate-level courses, 15 credit hours of which are from the Department of Applied Communication Studies and 15 credit hours from the Environmental Science program.
- All students will complete seven credit hours of integrative studies thesis or non-thesis capstone work.

### Required Courses

## Applied Communication Studies

(3) ACS 501 Communication Research Methods and Tools

Four (4) courses from the following:

(3) ACS 541 Seminar in Organizational Culture

(3) ACS 542 Communication Consulting

(3) ACS 550 Seminar in Public Relations

(3) ACS 551 Nonprofit Public Relations

(3) ACS 552 Corporate Social Responsibility

15 - Total Credits

## Environmental Sciences Program

(3) ENSC 510 Advanced Environmental Sciences and Policy

(3) ENSC 511 Environmental Policy

(3) ENSC 512 Environmental Law

(3) ENSC 516 Environmental Impact Analysis (Same as BIOL 516 and GEOG 524)

(3) ENSC 550 Applied Ecology (Same as BIOL 564)

15 - Total Credits

## Integrative Studies Capstone Project

(1) INTG 500 Proposal Development

(6) INTG 599 Thesis or (6) INTG 593 Final Project

7 - Total Credits

## Admission Requirements

- Graduate School application and \$40 fee
- Official copies of all post-secondary transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA 3.0
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- A letter of intent clearly articulating the desired focus areas, the applicant's academic/career goals, how his/her academic background prepares him/her to undertake the program successfully, and how the program serves his/her goals must be submitted with the application.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants must also meet any additional admissions requirements stipulated by the participating departments, which may include but are not limited to holding a specific undergraduate degree, one or more prerequisite courses, or a standardized test score, such as the GRE.

Applicants with a baccalaureate and/or graduate-level GPA between 2.5 and 3.0 may be considered if all the following conditions are met.

- The baccalaureate degree and/or graduate-level work was earned more than 4 years prior to the application submission.
- The applicant provides a written explanation of her/his performance in the baccalaureate degree.
- The applicant provides a written explanation of why he/she will be successful in the Integrative Studies degree.

Review the SIUE Admissions Policy for more information.

## Academics & Library

### Integrative Studies (MA,MS)

#### Integrative Studies - Cultural Education Advocacy (MA)

Studies have shown that art and cultural learning opportunities in schools promote better academic performance that eventually lead to higher graduation rates. In addition, students exposed to the arts and culture tend to develop better critical thinking skills and time management skills, which are crucial in helping to prepare them for success in college and the work place. Yet in tough financial times, art and culture are among the first to be cut from school programs. The cultural education advocacy program is geared toward those who aspire to be the voice for maintaining and potentially strengthening the presence of the art and cultural education in schools, as well as promoting arts and culture in the community.

#### Career Outlook

An integrative studies degree in cultural education advocacy from SIUE prepares students for a wide variety of careers, including work in museums, art galleries, cultural institutions and academia, as well as doctoral programs. Graduates may also gain employment as archivists, curators and other artistic or historical collection positions. According to the Bureau of Labor Statistics, career growth as art historians and cultural education advocates is projected to be significant, with the field's anticipated growth of seven percent by 2024. Currently, median pay range in the field is approximately \$46,710 annually.

#### Curriculum

Students will take courses in the departments of Art and Design and Historical Studies, according to the master's in integrative studies program requirements:

- 30 credit hours of graduate-level courses, 12 credit hours of which are from the Department of Art and Design and 18 credit hours from the Department of Historical Studies.
- All students will complete seven credit hours of integrative studies thesis or non-thesis capstone work.

## Required Courses

### Art and Design

Four (4) courses from the following:

- (3) ART 424 Baroque Art
- (3) ART 449 Italian Renaissance Art
- (3) ART 451 Northern Renaissance Art
- (3) ART 467 Islamic Art and Architecture
- (3) \*ART 470 Topics in Art History
- (3) ART 471 Topics in Renaissance and Baroque Art
- (3) ART 472 Topics in Modern Art
- (3) ART 473 Women in Art
- (3) ART 474 Topics in Public Art
- (3) ART 475 History of Photography
- (3) ART 476 History of Modern Architecture and Design
- (3) ART 481 Modern Art
- (3) ART 482 Contemporary Art

\*Topic must be approved by Dr. Katherine Poole-Jones

### Historical Studies

One (1) course from the following:

- (3) HIST 404a Topics in Medieval Social, Religious and Intellectual History
- (3) HIST 424 Topics in East European History
- (3) HIST 428 Topics in European Women's History
- (3) HIST 443 Origins of the American Civil War
- (3) HIST 470 Preserving the American Past

Five (5) courses from the following:

- (1-3) HIST 500a-d History Seminar
- (3) \*HIST 510 Readings in History
- (3) HIST 515 Problems in 20th Century United States History

- (3) HIST 554 Problems in 19th Century America
- (3) HIST 580 Museum Studies (Same as ART 580)
- (3) HIST 581 Management of Museum Collections (Same as ART 581)

\*Can be taken for a maximum of three (3) hours only

### **Integrative Studies Capstone Project**

- (1) INTG 500 Proposal Development
- (6) INTG 599 Thesis **or** (6) INTG 593 Final Project
- 7 - Total Credits

### **Admission Requirements**

- Graduate School application and \$40 fee
- Official copies of all post-secondary transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA 3.0
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- A letter of intent clearly articulating the desired focus areas, the applicant's academic/career goals, how his/her academic background prepares him/her to undertake the program successfully, and how the program serves his/her goals must be submitted with the application.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

## **Academics & Library**

### **Integrative Studies (MA,MS)**

#### **Integrative Studies - Cultural Heritage and Resources Management (MA,MS)**

Cultural heritage includes intangible resources (ceremonies, oral history and customs) and tangible resources (architecture, artifacts and landscapes) inherited from past generations. The program includes coursework in ethical and legal issues with management of these resources, as well as practical skills, such as mapping and GIS, methods of survey and excavation, document and map analysis, artifact and art duration. Students take courses in two (2) of the participating departments: anthropology, geography and historical studies.

A museum studies certificate may be completed concurrently with this program.

#### **Format**

Weekday courses on campus with some evening, hybrid and online options. Check the latest course offerings.

#### **Career Outlook**

The cultural heritage and resources management program prepares students for careers in applied fields relating to identification, research, preservation of, and education about cultural heritage and resources. Careers relating to cultural heritage and resources include work in contract archaeology; trade and commerce; tourism, with museums, galleries, libraries, science centers, parks and national monuments; education institutions; community organizations; public and government agencies, as well as private firms.

#### **Curriculum**

Students will plan their program coursework with their graduate mentor based on their educational background and career goals. Students may choose to focus on coursework relating to:

- Archaeology and cultural resources management
- Museology and ethnographic heritage

Students will typically take courses in two (2) of the participating departments, according to the Master's in Integrative Studies program requirements:

- 30 credit hours of graduate-level electives, which must be split equally between the two (2) departments (e.g., 15 hours and 15 hours) or 40:60 (e.g., 12 hours and 18 hours).
- Of the minimum required credits, students may take up to three (3) credits of electives from other departments, as determined in consultation with the graduate mentor. Courses in art history, statistics, or other fields may be appropriate.
- A third department may be incorporated into the program with an additional nine (9) credits of course work from that department.
- All students will complete seven (7) credit hours of integrative studies thesis or non-thesis capstone work.

### **Anthropology Courses**

- (3) ANTH 404 Anthropology and the Arts
- (3) ANTH 420 Museum Anthropology
- (3) ANTH 430 Zooarchaeology
- (3) ANTH 432 Prehistory of Illinois
- (3) ANTH 435 American Material Culture
- (3) ANTH 469 Forensic Anthropology
- (3-6) ANTH 473 Ethnographic Field School
- (3-6) ANTH 474 Biological Anthropology Field School
- (3-6) ANTH 475 Archaeological Field School
- (3) ANTH 476 Cultural Resource Management
- (3-6) ANTH 570 Special Topics in Cultural Heritage and Resources Management
- (3-6) ANTH 575 Mitigation Directorship
- (3-6) ANTH 576 Survey Directorship
- (3-6) ANTH 586 Advanced Readings in Anthropology
- (3-6) ANTH 589 Archaeology Internship
- (3-6) ANTH 590 Museum Internship

### **Geography Courses**

- (3) GEOG 402 Cultural Landscape
- (3) GEOG 410 Soils
- (3) GEOG 411 Hydrology
- (3) GEOG 412 Groundwater Hydrology
- (3) GEOG 418 Geographic Information Systems (GIS)
- (3) GEOG 421 Digital Elevation Modeling
- (3) GEOG 422 Remote Sensing and Digital Image Processing
- (3) GEOG 423 Computer Mapping
- (3) GEOG 424 Vector-Based GIS
- (3) GEOG 425 Raster-Based GIS
- (3) GEOG 452 Topics in Physical Geography
- (3) GEOG 454 Topics in Geographic Techniques
- (3) GEOG 500 Seminar in Cultural Geography
- (3) GEOG 510 Seminar in Physical Geography
- (3) GEOG 520 Research Methods in Geography
- (3) GEOG 522 Techniques in Geography
- (3) GEOG 525 Seminar in GIS
- (1-6) GEOG 590 Independent Study

### **Historical Studies Courses**

- (3) HIST 447 Approaches to Oral History
- (3) HIST 470 Preserving the American Past
- (1) HIST 555 History Colloquium
- (1) HIST 556 History Colloquium
- (3) HIST 580 Museum Studies
- (3) HIST 581 Management of Museum Collections
- (3) HIST 582 Practicum in Exhibit and Program Development
- (3) HIST 590 Internship in Museology

### **Integrative Studies Capstone Project**

- (1) INTG 500 Proposal Development
- (6) INTG 599 Thesis or (6) INTG 593 Final Project

## **Admission Requirements**

- Graduate School application and \$40 fee
- Official copies of all post-secondary transcripts
- A completed baccalaureate degree in anthropology, geography, history or a related field. Applicants may be required to take prerequisites or resolve any deficiencies before classified status is approved.
- Minimum GPA 3.0
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Other requirements:
  - All applicants must provide evidence (previous related course work or professional experience, research papers and projects, or honors and awards) to show they can participate successfully in the program.
  - A statement of intent providing evidence of the applicant's preparation and experience leading to the undertaking of this program, and describing the applicant's academic and career goals, highlighting how this program will serve those goals.
  - Three (3) letters of recommendation, ideally from academic or professional references.
  - A writing sample, between four and 15 pages in length, which may be a paper for a course or other written work prepared by the applicant.
  - A faculty member from anthropology, geography, or historical studies who has agreed in writing to serve as a graduate mentor must be identified by the applicant in order to be considered for acceptance into the program. Applicants are encouraged to contact prospective graduate mentors by the time their application materials are submitted. Upon admission to the program, the student shall consult with his/her mentor to review the student's academic record, and develop a plan of course work.
  - An optional teaching/research assistantship application is required for those wishing to be considered for a teaching or research assistantship and can be obtained from the Graduate School.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants must also meet any additional admissions requirements stipulated by the participating departments, which may include but are not limited to holding a specific undergraduate degree, one or more prerequisite courses, or a standardized test score, such as the GRE.

1. Applicants with a baccalaureate and/or graduate-level GPA between 2.5 and 3.0 may be considered if all the following conditions are met.

- The baccalaureate degree and/or graduate-level work was earned more than 4 years prior to the application submission.
- The applicant provides a written explanation of her/his performance in the baccalaureate degree.
- The applicant provides a written explanation of why he/she will be successful in the Integrative Studies degree.

Review the SIUE Admissions Policy for more information.

## **Application Deadline**

Admission deadline is February 1 of the preceding spring semester. Additional applications will be considered after these dates on a space available basis.

## Academics & Library

### Integrative Studies (MA,MS)

#### Integrative Studies - Diversity Issues and Global Affairs (MS)

In the fiercely competitive global market, it is important for organizations to have managers who embrace diversity and inclusion. Diversity is about accepting and supporting various types of people, who advocate for different things and embody different cultures, generations, ideas, and ways of thinking. The diversity issues and global affairs program aims to educate and empower students to take the lead in creating cutting edge programs and opportunities for multicultural education and intercultural understanding.

#### Career Outlook

A master's degree in diversity issues and global affairs prepares students for careers in applied fields relating to both American and international politics, organizational diversity and inclusion, within education systems around the world, as well as many other opportunities.

#### Curriculum

Students will take courses in the departments of Political Science and Educational Leadership, according to the master's in integrative studies program requirements:

- 30 credit hours of graduate-level courses, 15 credit hours of which are from the department of Political Science and 15 credit hours are from the department of Educational Leadership.
- All students will complete seven credit hours of integrative studies thesis or non-thesis capstone work.

#### Required Courses

## Political Science

Five courses from the following:

POLS 441 – Women and Politics in America

POLS 459 – Topics in Comparative Politics

POLS 472 – International Organizations

POLS 473 – United States Foreign Policy

POLS 479 – Topics in International Relations

POLS 595 – Individual Research

## Educational Leadership

EPFR 451 – Gender and Education

EPFR 520 – Analysis of Educational Issues: Philosophical-Historical Foundations

EPFR 521 – Analysis of Educational Issues: Socio-Cultural Foundations

EPFR 522 – Diversity in Higher Education

EPFR 563 – Selected Topics in Foundations of Education

\*At least half of the 30-credit hour course work must be at the 500 level.

## Integrative Studies Capstone Project

(1) INTG 500-1 - Proposal Development

(6) INTG 599-6 - Thesis or INTG 593-6 - Final Project

## Admission Requirements

- Graduate School application and \$40 fee
- Official copies of all post-secondary transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA 3.0
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- A letter of intent providing evidence of their preparation and experience leading to the undertaking of this program.
- Applicants may be required to complete prerequisites or resolve any deficiencies before classified status is approved.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions

regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants must also meet any additional admissions requirements stipulated by the participating departments, which may include but are not limited to holding a specific undergraduate degree, one or more prerequisite courses, or a standardized test score, such as the GRE.

Applicants with a baccalaureate and/or graduate-level GPA between 2.5 and 3.0 may be considered if all the following conditions are met:

- The baccalaureate degree and/or graduate-level work was earned more than 4 years prior to the application submission.
- The applicant provides a written explanation of her/his performance in the baccalaureate degree.
- The applicant provides a written explanation of why he/she will be successful in the Integrative Studies degree.

### Integrative Studies (MA,MS)

#### Integrative Studies - Engineering Management (MS)

The integrative studies in engineering management graduate program is intended for professionals with engineering, engineering technology or science backgrounds who are seeking advanced study for career enhancement. Through a combination of coursework from the Schools of Business and Engineering, you will gain knowledge and develop skills for managing technical people and projects in industry, business, government and other technology-based environments. With rapid changes in the global technology markets, it is imperative for managers to be equipped with management skills that will allow them to overcome organizational challenges and effectively handle personnel, resources and customers.

#### Career Outlook

With an integrative studies degree in engineering management, students will gain the knowledge to plan, direct and coordinate activities for architectural or engineering companies. Engineering managers are a critical component to engineering activities, as they are charged with overseeing, managing and reviewing an engineering or architectural project from start to completion. According to the Bureau of Labor Statistics, growth in this area is projected to be two percent by 2024, and the median pay range in this profession is currently \$132,800 annually.

#### Curriculum

Students will take courses in the Schools of Business and Engineering, according to the master's in integrative studies program requirements:

- 30 credit hours of graduate-level courses, 12 credit hours of which are from the School of Business and 18 credit hours from the School of Engineering.
- All students will complete seven (7) credit hours of integrative studies thesis or non-thesis capstone work.

## Required Courses

### School of Business

Four (4) courses from the following:

- (3) MBA 522 Decision Making in Organizations
  - (3) MBA 523 Negotiation and Interpersonal Skills for Managers
  - (3) ACCT 524 Accounting for MBAs
  - (3) MKTG 525 Marketing Analysis and Applications for Managerial Decision Making
  - (3) CMIS 526 Information Systems and Technology
  - (3) FIN 527 Corporate Finance
  - (3) MGMT 570 Seminar in Human Resource Management
- 12 - Total Credits

### School of Engineering

At most two (2) courses from the following:

- (3) #CNST 464 Project Controls
  - (3) IE 430 Managing Engineering and Technology
  - (3) IE 445 Foundations of Financial Engineering
  - (3) IE 467 Total Quality and Taguchi Methods
  - (3) IE 468 Simulation
  - (3) IE 488 Lean Production Systems
  - (3) IE 492 Special Topics in Industrial and Manufacturing Engineering: Supply Chain Analytics
  - (3) \*IE 492 Special Topics in Industrial and Manufacturing Engineering: Project Engineering
  - (3) IE 492 Special Topics in Industrial and Manufacturing Engineering: Six Sigma Quality and Process Improvement
- 6 - Total Credits

At least four (4) courses from the following:

- (4) \*#CNST 501 Project Management
- (3) #CNST 525 Risk Management of Construction
- (3) #^CNST 550 Independent Study in Construction
- (3) IE 515 Engineering Optimization Models
- (3) IE 527 Intelligent Engineering Systems

- (3) \*IE 531 Engineering Project Management
  - (3) IE 557 Value Engineering
  - (3) IE 583 Supply Chain Logistics Systems
  - (3) IE 592 Topics in Industrial Engineering: Product Development and 3D Printing
- 12-13 - Total Credits

\*Only one of CNST 501 or IE 492 or IE 531 can count for credit

#At most three (3) CNST courses can be taken and at most two (2) CNST 500-level courses can be taken

^At most three (3) hours of CNST 550 can be taken for credit

### **Integrative Studies Capstone Project**

- (1) INTG 500 Proposal Development
  - (6) INTG 599 Thesis or (6) INTG 593 Final Project
- 7 - Total Credits

### **Admission Requirements**

- Graduate School application and \$40 fee
- Official copies of all post-secondary transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA 3.0
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- A letter of intent clearly articulating the desired focus areas, the applicant's academic/career goals, how his/her academic background prepares him/her to undertake the program successfully, and how the program serves his/her goals must be submitted with the application.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants must also meet any additional admissions requirements stipulated by the participating departments, which may include but are not limited to holding a specific undergraduate degree, one or more prerequisite courses, or a standardized test score, such as the GRE.

1. Applicants with a baccalaureate and/or graduate-level GPA between 2.5 and 3.0 may be considered if all the following conditions are met.

- The baccalaureate degree and/or graduate-level work was earned more than 4 years prior to the application submission.

- The applicant provides a written explanation of her/his performance in the baccalaureate degree.
- The applicant provides a written explanation of why he/she will be successful in the Integrative Studies degree.

### Integrative Studies (MA,MS)

#### Integrative Studies - GIS Development and Database Administration (MS)

In order to function effectively, every organization needs to make sure its database is always secure, available and performing at maximum capacity. A database administrator is a central figure in securing, maintaining and fine-tuning databases. A GIS database refers to Geographic Information Systems or Geospatial Information Studies databases which store geospatial information consisting of a combination of maps, 3D images, and space or time coordinates, among others. A database administrator who is trained to handle the complexities of large volumes of GIS data will be a sought after asset to any organization.

#### Career Outlook

With an integrative studies degree in GIS development and database administration, students will be equipped to handle the challenging demands of working with geospatial databases. According to the Bureau of Labor statistics, employment of database administrators is projected to grow 11 percent up to 2024, and the current median annual pay for this profession is \$84,950.

#### Curriculum

Students will take courses in the Departments of Geography and Computer Management and Information Systems, according to the master's in integrative studies requirements:

- 30 credit hours of graduate-level courses, 15 credit hours of which are from the Department of Geography and 15 credit hours from the Department of Computer Management and Information Systems.
- All students will complete seven (7) credit hours of integrative studies thesis or non-thesis capstone work.

#### Required Courses

## Geography

- (3) GEOG 420 Interactive and Animated Cartography
- \* (3) GEOG 454 Topics in Geographic Techniques
- \* (3) GEOG 525 Seminar in Geographic Information Systems
- \*\* (1-6) GEOG 590 Independent Study

\*Different topics may be taken under this course number

\*\*May only be taken for a maximum of 3 credit hours

## Computer Management & Information Systems

- (3) CMIS 430 Advanced JAVA Programming
- (3) CMIS 540 Project Management Fundamentals and Best Practices
- (3) CMIS 563 SQL-PL/SQL
- (3) CMIS 564 Database Design

One course from the following courses:

- (3) CMIS 535 Project Management Standard Processes
- (3) CMIS 548 Program and Project Portfolio Management
- (3) CMIS 566 Introduction to Business Analytics Intelligence & Analytics
- (3) CMIS 588 Seminar in Computer Management & Information Systems

## Capstone Requirements

- (1) INTG 500 Proposal Development
- (6) INTG 599 Thesis or (6) INTG 593 Final Project

## Admission Requirements

- Graduate School application and \$40 fee
- Official copies of all post-secondary transcripts
- Successful completion of a bachelor's degree prior to enrollment. Applicants may be required to take prerequisites or resolve any deficiencies before classified status is approved.
- Minimum GPA 3.0
- GMAT or GRE (waived if applicant graduated from an AACSB accredited School of Business with a GPA of 3.5 or higher)

- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- A letter of intent clearly articulating the desired focus areas, the applicant's academic/career goals, how his/her academic background prepares him/her to undertake the program successfully, and how the program serves his/her goals must be submitted with the application.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants with a baccalaureate and/or graduate-level GPA between 2.5 and 3.0 may be considered if all the following conditions are met.

- The baccalaureate degree and/or graduate-level work was earned more than 4 years prior to the application submission.
- The applicant provides a written explanation of her/his performance in the baccalaureate degree.
- The applicant provides a written explanation of why he/she will be successful in the Integrative Studies degree.

Review the SIUE Admissions Policy for more information.

## Academics & Library

### Integrative Studies (MA,MS)

#### Integrative Studies - Information Systems and Graphic Design (MS)

Database administration and web development are critical components for any business. In today's business environment, where volumes of data are generated and technology is ever changing, it is important to acquire skills in information systems and graphic design. Being able to organize crucial information internally is as important as the way the same information is presented to consumers of data. The information systems and graphic design program at SIUE is geared toward those who aspire to help organizations successfully manage their business processes and visual communication.

#### Career Outlook

A master's of integrative studies in information systems and graphic design can lead to a multitude of career paths in technology, as well as entry into doctoral programs. Gaining multidisciplinary computing knowledge, the degree will provide students with knowledge to develop and design web content, while also providing the background for website and database management. According to the Bureau of Labor Statistics, the career outlook in these areas is promising, with the information systems field anticipated to grow 15 percent by 2024. The median pay range for graphic designers and information systems managers is currently \$46,900-\$131,600 annually.

#### Curriculum

Students will take courses in the Departments of Art and Design and Computer Management and Information Systems, according to the master's in integrative studies program requirements:

- 30 credit hours of graduate-level courses, 15 credit hours of which are from the Department of Art and Design and 15 credit hours from the Department of Computer Management and Information Systems.
- All students will complete seven (7) credit hours of integrative studies thesis or non-thesis capstone work.

## Required Courses

### Art and Design

15 credit hours from the following:

- (3) ART 412 Research in Graphic Design
- (3) ART 415 Visual Identity: Logo and Branding Design
- (3-6) ART 513 Research in Digital Arts
- (3-6) ART 514 Advanced Graphic Design
- 12-15 - Total Credits

Optional:

- (3) ART 440 Publication and Information Design

### Computer Management and Information Systems

- (3) CMIS 472 End User Systems Support
- (3) CMIS 526 Information Systems and Technology
- (3) CMIS 563 SQL-PL/SQ
- (3) CMIS 564 Database Design
- (3) CMIS 566 Introduction to Business Intelligence and Analytics
- 15 - Total Credits

### Integrative Studies Capstone Project

- (1) INTG 500 Proposal Development
- (6) INTG 599 Thesis or (6) INTG 593 Final Project
- 7 - Total Credits

## Admission Requirements

- Graduate School application and \$40 fee
- Official copies of all post-secondary transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA 3.0
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent

- A letter of intent clearly articulating the desired focus areas, the applicant's academic/career goals, how his/her academic background prepares him/her to undertake the program successfully, and how the program serves his/her goals must be submitted with the application.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants must also meet any additional admissions requirements stipulated by the participating departments, which may include but are not limited to holding a specific undergraduate degree, one or more prerequisite courses, or a standardized test score, such as the GRE.

1. Applicants with a baccalaureate and/or graduate-level GPA between 2.5 and 3.0 may be considered if all the following conditions are met.

- The baccalaureate degree and/or graduate-level work was earned more than 4 years prior to the application submission.
- The applicant provides a written explanation of her/his performance in the baccalaureate degree.
- The applicant provides a written explanation of why he/she will be successful in the Integrative Studies degree.

### Integrative Studies (Post-Baccalaureate Certificate)

#### Marketing and Public Relations

In the increasingly dynamic national and global markets, professionals in marketing and public relations are in high demand especially if their knowledge and skills cut across industry and specialization areas. An integrative studies post-baccalaureate certificate in marketing and public relations at Southern Illinois University Edwardsville will allow individuals to increase their professional advantage by staying abreast of the cutting-edge trends in these interrelated fields. By learning key concepts and applications of marketing analysis, strategy, and management, as well as visual communication, social media, and international aspects of public relations, students will be well positioned, upon acquiring the certificate, to excel and lead in marketing and public relations agency settings and in corporate or nonprofit communication careers. Evening and online courses will accommodate the busy schedules of working professionals.

The certificate in marketing and public relations is part of SIUE's integrative studies program. Please visit the integrative studies graduate website to find additional opportunities or to learn about designing your own graduate degree.

#### Admission

- Graduate School application and \$40 fee
- Official copies of all post-secondary transcripts
- Successful completion of a bachelor's degree prior to enrollment. Applicants may be required to take prerequisites or resolve any deficiencies before classified status is approved.
- Minimum GPA 3.0
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- A letter of intent clearly articulating the desired focus areas, the applicant's academic/career goals, how his/her academic background prepares him/her to undertake the program successfully, and how the program serves his/her goals must be submitted with the application.

Program application materials may be submitted via email to [siueapps@siue.edu](mailto:siueapps@siue.edu) or mailed to:

Graduate Admissions, Campus Box 1047  
Southern Illinois University Edwardsville  
Edwardsville, IL 62026-1047

Applicants must also meet any additional admissions requirements stipulated by the participating departments, which may include but are not limited to holding a specific undergraduate degree, one or more prerequisite courses, or a standardized test score, such as the GRE.

Applicants with a baccalaureate and/or graduate-level GPA between 2.5 and 3.0 may be considered if all the following conditions are met.

- The baccalaureate degree and/or graduate-level work was earned more than 4 years prior to the application submission.
- The applicant provides a written explanation of her/his performance in the baccalaureate degree.
- The applicant provides a written explanation of why he/she will be successful in the Integrative Studies degree.

Review the SIUE Admissions Policy for more information.

## Curriculum

The post-baccalaureate certificate requires the completion of 18 hours of courses, split evenly between the applied communication studies and management and marketing departments. The courses are as follows:

### Applied Communication Studies

- ACS 431 – 3 Public Relations Visual Communication
- ACS 432 – 3 Social Media for Public Relations
- ACS 557 – 3 International Public Relations

### Management and Marketing

- MKTG 525 – 3 Marketing Analysis and Applications for Managerial Decision Making
- Two out of the following courses:
  - MKTG 530 – 3 Marketing Planning and Strategy
  - MKTG 534 – 3 Advertising Research
  - MKTG 542 – 3 Promotion Management

## Exit Requirements

The student must successfully complete the program of study with a minimum GPA of 3.0.

## Academics & Library

### Integrative Studies (MA,MS)

### Integrative Studies - Marketing Communications (MS)

The messages and the media that businesses deploy to communicate with their target market can make or break their marketing efforts. In designing schemes for marketing products, a primary objective is to create and sustain demand and preference for the product. With the proliferation of traditional as well as social media platforms, it is important for a company to strategically choose communication tools that will position the product or the company in the minds of the target customer.

### Career Outlook

An integrative studies degree in marketing communications will equip the students with knowledge, strategies and tools for building an effective marketing campaign across a spectrum of communication media. Career opportunities abound for marketing communications professionals in fields such as public relations, social media, digital advertising, and corporate communications, among others.

### Curriculum

Students will take courses in the Departments of Mass Communication and Management and Marketing, according to the master's in integrative studies requirements:

- 30 credit hours of graduate-level courses, 18 credit hours of which are from the Department of Mass Communication and 12 credit hours from the Department of Management and Marketing.
- All students will complete seven (7) credit hours of integrative studies thesis or non-thesis capstone work.

### Required Courses

## **Management and Marketing**

- (3) MKTG 525 Marketing Analysis and Applications for Managerial Decision Making
- (3) MKTG 530 Marketing Planning and Strategy
- (3) MKTG 534 Advertising Research

One of the following:

- (3) MKTG 466 Marketing on the Internet
- (3) MKTG 470 Sport Marketing
- (3) MKTG 471 Advertising policy and Management
- (3) MKTG 472 Sales Policy and Management
- (3) MKTG 474 Retail Policy and Management
- (3) MKTG 475 Consumer Behavior
- (3) MKTG 476 International Marketing
- (3) MKTG 542 Promotion Management
- (3) MKTG 544 Marketing Research for Decision Making

## **Mass Communications**

- (3) MC 500 Mass Communications Theory
- (3) MC 501 Research Methods for Mass Communications
- (3) MC 502 Media Campaigns
- (3) MC 422 Writing for the Corporate and Institutional Market
- (3) MC 440 Visual Media Analysis
- (3) MC 441 Advanced Writing and Designing for Digital Media

## **Capstone Requirements**

- (1) INTG 500 Proposal Development
- (6) INTG 599 Thesis or (6) INTG 593 Final Project

## **Admission Requirements**

- Graduate School application and \$40 fee
- Official copies of all post-secondary transcripts

- Successful completion of a bachelor's degree prior to enrollment. Applicants may be required to take prerequisites or resolve any deficiencies before classified status is approved.
- Minimum GPA 3.0
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- A letter of intent clearly articulating the desired focus areas, the applicant's academic/career goals, how his/her academic background prepares him/her to undertake the program successfully, and how the program serves his/her goals must be submitted with the application.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

### Integrative Studies (MA,MS)

### Integrative Studies - Media Management (MS)

The media management program provides the necessary foundation of management and leadership principles for professionals who are already in, or are aspiring to work in, the media industry. With the ever-changing landscape in the media business, it is important to have astute managers who are ready to meet the demands of the market.

### Career Outlook

Graduates of this program can have a career in publishing or work as a public relations director or producer. The job outlook will depend on the aspect of media that is involved, but according to the Bureau of Labor Statistics, growth of about 12 percent is expected in the demand for advertising and public relations managers by 2016. With advances in internet media, continued growth in publishing is also expected.

### Curriculum

Students will take courses in the Department of Mass Communications and the School of Business, according to the master's in integrative studies program requirements:

- 30 credit hours of graduate-level courses, 18 credit hours of which are from the Department of Mass Communications and 12 credit hours from the School of Business.
- All students will complete seven (7) credit hours of integrative studies thesis or non-thesis capstone work.

### Integrative Studies (MA,MS)

### Integrative Studies - Organizational Communication and Management (MS)

In order to be competitive in this ever growing global economy, it is important for organizational leaders to have effective communication and managerial skills. A competent manager is cognizant of the importance of an efficient communication system as the building block of strong organizations. In addition to being a source of information for organizational members, communication is a crucial tool for promoting motivation and altering attitudes in order to advance the mission and goals of an organization. Successful managers are equipped to recognize barriers in communication and to strategize and devise preventive ways to avoid those barriers.

### Career Outlook

With an integrative studies degree in organizational communication and management, one can work for profit or non-profit corporations, government agencies, or set up their own business. Among the career options that may be pursued are event planners, human resources managers, mediators, community relations directors and public administrators. According to the Bureau of Labor Statistics, the projected job growth in this field is roughly 9 percent through 2024.

### Curriculum

Students will take courses in the Departments of Applied Communication Studies and Management and Marketing, according to the master's in integrative studies program requirements:

- 30 credit hours of graduate-level courses, 18 credit hours of which are from the Department of Applied Communication Studies and 12 credit hours from the Department of Management and Marketing.
- All students will complete seven credit hours of integrative studies thesis or non-thesis capstone work.

## Required Courses

### Management and Marketing

- (3) MBA 521 Quantitative Analysis
- (3) MBA 522 Decision Making in Organizations
- (3) MBA 523 Negotiation and Interpersonal Skills for Managers

One of the following:

- (3) MGMT 551 Managing Organizational Change and Innovation
- (3) MGMT 570 Seminar in Human Resource Management
- (3) MGMT 580 Employment Law for Managers
- (3) MBA 533 Leadership, Influence and Managerial Effectiveness

### Applied Communication Studies

- (3) ACS 500 Seminar in Communication Theory
- (3) ACS 501 Communication Research Methods and Tools
- (3) ACS 540 Survey of Organizational Communication Research
- (3) ACS 541 Seminar in Organizational Culture
- (3) ACS 542 Communication Consulting

One of the following:

- (3) ACS 550 Seminar in Public Relations
- (3) ACS 551 Nonprofit Public relations
- (3) ACS 552 Corporate Social Responsibility
- (3) ACS 553 Issues Reputation Management
- (3) ACS 554 Ethics in Public Relations and Communication Management
- (3) ACS 557 International Public Relations

### Integrative Studies Capstone Requirements

- (1) INTG 500 Proposal Development
- (6) INTG 599 Thesis Research or (6) INTG 593 Final Project

## Admission Requirements

- Graduate School application and \$40 fee
- Official copies of all post-secondary transcripts
- Successful completion of a bachelor's degree prior to enrollment. Applicants may be required to take prerequisites or resolve any deficiencies before classified status is approved.
- Minimum GPA 3.0
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- A letter of intent clearly articulating the desired focus areas, the applicant's academic/career goals, how his/her academic background prepares him/her to undertake the program successfully, and how the program serves his/her goals must be submitted with the application.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. ### Integrative Studies (MA,MS)

### Integrative Studies - Organizational Design Thinking (MS)

The integrative studies in organizational design thinking graduate program combines courses in applied communication studies with courses from instructional technology. Through this course work, you will learn to apply design thinking methodology at the nexus of communication, technology, and organizational training.

Your course work will teach you how to effectively redefine organizational problems, ideate to envision possibilities, facilitate processes to bring those ideations to fruition, and test your solutions to ensure meaningful results. And, what's more, you will learn to do all of these within a design process that helps you create a culture of empathy among all stakeholders.

#### Format

Combination of evening courses and online learning

#### What is Organizational Design Thinking?

Design thinking is an innovative methodology for creatively uncovering and solving problems. This problem-solving methodology can be applied in many ways and across multiple settings. Design Thinking can be used to improve processes, develop organizational structures, and create new products and services.

The heart of a design thinking methodology is developing user-centered empathy through systematic activities. Thus, design thinking is not about linearly applying algorithms. Rather, it's about developing sensitivities to a problem's context and considering the strengths and weaknesses of various technological and communicative solutions. Design Thinking is partially an art, partially a science, and fully a human-centered activity that depends upon a theoretically-informed practice to best ensure reliable decisions in real-world situations.

## Career Outlook

Those who have a credential in organizational design thinking can pave numerous paths. Principles of design thinking can be useful in a wide variety of organizations, including educational institutions, for-profit businesses, and non-profit organizations. The career outlook is not limited to becoming a technician who serves an organization. Rather, the integrative studies in organizational design thinking degree prepares you to be an innovative leader, manager or entrepreneur.

## Curriculum

Students will take courses in both departments, according to the master's in integrative studies program requirements:

- 30 credit hours of graduate-level electives which must be split equally between the two departments, specifically, 15 hours of instructional technology courses and 15 hours of applied communication studies courses.
- Of the minimum required credits, students may take 6 credits of electives from an approved list of applied communication studies seminars.
- All students will complete seven credit hours of integrative studies thesis or non-thesis capstone work.

## Required Courses

### Applied Communication Studies

ACS 540-3 - Survey of Organizational Communication Research

ACS 541-3 - Seminar in Organization Culture

ACS 542-3 - Communication Consulting

### Instructional Technology

IT 500-3 - Principles of Instructional Technology

IT 505-3 - Needs Assessment and Program Evaluation

IT 510-3 - Instructional Systems Design

IT 520-3 - Performance Technology

IT 596-1 - Design Studio I

IT 597-2 - Design Studio II

## Elective Seminars (Select 2)

## **Applied Communication Studies**

ACS 510-3 - Group Communication

ACS 511-3 - Intercultural Communication

ACS 520-3 - Interpersonal Communication

ACS 521-3 - Computer-Mediated Communication

ACS 522-3 - Family Communication

ACS 541-3 - Organizational Culture

ACS 550-3 - Public Relations

ACS 560-3 - Speech Education

## **Integrative Studies Capstone Project**

(1) INTG 500 Proposal Development

(6) INTG 599 Thesis Research or INTG 593 Final Project

## **Admission Requirements**

- Graduate School application and \$40 fee
- Official copies of all post-secondary transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA 3.0
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- A letter of intent clearly articulating the desired focus areas, the applicant's academic/career goals, how his/her academic background prepares him/her to undertake the program successfully, and how the program serves his/her goals must be submitted with the application.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants must also meet any additional admissions requirements stipulated by the participating departments, which may include but are not limited to holding a specific undergraduate degree, one or more prerequisite courses, or a standardized test score, such as the GRE.

1. Applicants with a baccalaureate and/or graduate-level GPA between 2.5 and 3.0 may be considered if all the following conditions are met.

- The baccalaureate degree and/or graduate-level work was earned more than 4 years prior to the application submission.
- The applicant provides a written explanation of her/his performance in the baccalaureate degree.
- The applicant provides a written explanation of why he/she will be successful in the Integrative Studies degree.

### Integrative Studies (Post-Baccalaureate Certificate)

#### Sustainability

As natural resources become more scarce and expensive, sustainability specialist careers are experiencing rapid growth. An integrative studies post-baccalaureate certificate in sustainability will provide students with sociology and environmental management training that focuses on sustainability research, planning and leadership skills, environmental regulation requirements, and community-based sustainable management of natural resources. By learning how to apply sustainability concepts, principles and technical approaches to address “green” career needs in a variety of fields, students will be well positioned, upon completing the certificate, to better understand and provide innovative solutions to complex sustainability challenges.

The certificate in sustainability is part of SIUE's integrative studies program which also offers a master's in sustainability.

#### Admission

- Graduate School application and \$40 fee
- Official copies of all post-secondary transcripts
- Successful completion of a bachelor's degree prior to enrollment. Applicants may be required to take prerequisites or resolve any deficiencies before classified status is approved.
- Minimum GPA 3.0
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- A letter of intent clearly articulating the desired focus areas, the applicant's academic/career goals, how his/her academic background prepares him/her to undertake the program successfully, and how the program serves his/her goals must be submitted with the application.

Program application materials may be submitted via email to [sieapps@siue.edu](mailto:sieapps@siue.edu) or mailed to:

Graduate Admissions, Campus Box 1047  
Southern Illinois University Edwardsville  
Edwardsville, IL 62026-1047

Applicants must also meet any additional admissions requirements stipulated by the participating departments, which may include but are not limited to holding a specific undergraduate degree, one or more prerequisite courses, or a standardized test score, such as the GRE.

Applicants with a baccalaureate and/or graduate-level GPA between 2.5 and 3.0 may be considered if all the following conditions are met.

- The baccalaureate degree and/or graduate-level work was earned more than 4 years prior to the application submission.
- The applicant provides a written explanation of her/his performance in the baccalaureate degree.
- The applicant provides a written explanation of why he/she will be successful in the Integrative Studies degree.

Review the SIUE Admissions Policy for more information.

## Curriculum

The post-baccalaureate certificate program requires the completion of 18 hours of courses, split evenly between the sociology and environmental science programs. The courses are as follows:

### Sociology

- SOC 515 – 3 Research Methods and Study Design in Sociology
- SOC 518 – 3 Advanced Data Analysis
- SOC 590 – 3 Special Topics: Seminar in Sociology and Sustainability

### Environmental Sciences

- ENSC 510 – 3 Advanced Environmental Science and Policy
- ENSC 511 – 3 Environmental Policy
- ENSC 512 – 3 Environmental Law or ENSC 516 – 3 Environmental Impact Analysis

## Exit Requirements

The student must successfully complete the program of study with a minimum GPA of 3.0.

## Academics & Library

### Integrative Studies (MA,MS)

#### Integrative Studies - Sustainability (MA,MS)

The integrative studies in sustainability master's program prepares students to apply sustainability concepts, principles and technical approaches to address "green" career needs in a variety of fields. The program curriculum integrates sustainable sociology and environmental management, with special focuses on sustainability research, planning and leadership skills, environmental regulation requirements, and community-based sustainable management of natural resources. Through innovative curriculum and training, students will explore institutional, social and environmental approaches to better understand and provide innovative solutions to complex sustainability challenges.

#### Format

Evening courses

#### Career Outlook

As natural resources become more scarce and expensive, sustainability has become a flourishing field of graduate study with great career potential. The overall job outlook for sustainability specialist careers has been very positive and is rapidly growing in popularity. Graduates may pursue careers that apply sustainability practices and principles, or manage planning and application of sustainability concepts in consulting, business, industry, government, not-for-profit organizations or academia. Possible jobs include, but are not limited to, corporate or municipal sustainability officer, technical analyst for sustainability practices, technical manager for sustainability projects, sustainable product purchasing agent, sustainable green building or community designer, and sustainability consultant.

#### Curriculum

Students will take courses in the sociology and environmental sciences programs, according to the master's in integrative studies program requirements:

- 30 credit hours of graduate-level courses, 15 credits of which are from the sociology program and 15 credits from the environmental sciences program.
- All students will complete seven credit hours of integrative studies thesis or non-thesis capstone work.

### **Sociology Courses**

SOC 515-3 - Research Methods and Study Design in Sociology

SOC 518-3 - Advanced Data Analysis

SOC 590-3 - Seminar in Sociology and Sustainability

SOC 540-3 - Alternatives to Capitalism(s) or 538-3 - Seminar in Industrial Sociology

SOC 542-3 - Seminar in Gender and Gender Inequality or 502-3 - Seminar in Intergroup Relations

### **Environmental Sciences Courses**

ENSC 510-3 - Advanced Environmental Sciences and Policy

ENSC 511-3 - Environmental Policy

ENSC 512-3 - Environmental Law

ENSC 516-3 - Environmental Impact Analysis

ENSC 550-3 - Applied Ecology

### **Integrative Studies Capstone Project**

(1) INTG 500 Proposal Development

(6) INTG 599 Thesis Research or INTG 593 Final Project

### **Admission Requirements**

- Graduate School application and \$40 fee
- Official copies of all post-secondary transcripts
- Successful completion of a bachelor's degree prior to enrollment. Applicants may be required to take prerequisites or resolve any deficiencies before classified status is approved.
- Minimum GPA 3.0
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent

- A letter of intent clearly articulating the desired focus areas, the applicant's academic/career goals, how his/her academic background prepares him/her to undertake the program successfully, and how the program serves his/her goals must be submitted with the application.
- Other requirements:
  - Completion of 30 hours of social science credits (strongly recommend theory, methods, and statistics)
  - Writing Sample

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants must also meet any additional admissions requirements stipulated by the participating departments, which may include but are not limited to holding a specific undergraduate degree, one or more prerequisite courses, or a standardized test score, such as the GRE.

1. Applicants with a baccalaureate and/or graduate-level GPA between 2.5 and 3.0 may be considered if all the following conditions are met.

- The baccalaureate degree and/or graduate-level work was earned more than 4 years prior to the application submission.
- The applicant provides a written explanation of her/his performance in the baccalaureate degree.
- The applicant provides a written explanation of why he/she will be successful in the Integrative Studies degree.

Review the SIUE Admissions Policy for more information.

### Integrative Studies (Post-Baccalaureate Certificate)

#### Transportation Engineering and Construction Management

The integrative studies post-baccalaureate certificate in transportation engineering and construction management is intended for civil engineers and construction managers seeking to enter or advance in the transportation construction sector. This certificate program will also allow roadway construction professionals an opportunity to improve their expertise in topics such as road safety assessment and intelligent transportation systems design. Those aiming to start or shift careers into the transportation sector will improve their background and add estimating, bidding and engineering design skills essential to roadway construction.

The certificate in transportation engineering and construction management is part of SIUE's integrative studies program. Please visit the integrative studies graduate website to find additional opportunities or to learn about designing your own graduate degree.

#### Admission

- Graduate School application and \$40 fee
- Official copies of all post-secondary transcripts
- Successful completion of a bachelor's degree prior to enrollment. Applicants may be required to take prerequisites or resolve any deficiencies before classified status is approved.
- Minimum GPA 3.0
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- A letter of intent clearly articulating the desired focus areas, the applicant's academic/career goals, how his/her academic background prepares him/her to undertake the program successfully, and how the program serves his/her goals must be submitted with the application.

Program application materials may be submitted via email to [sieapps@siue.edu](mailto:sieapps@siue.edu) or mailed to:

Graduate Admissions, Campus Box 1047  
Southern Illinois University Edwardsville  
Edwardsville, IL 62026-1047

Applicants must also meet any additional admissions requirements stipulated by the participating departments, which may include but are not limited to holding a specific undergraduate degree, one or more prerequisite courses, or a standardized test score, such as the GRE.

Applicants with a baccalaureate and/or graduate-level GPA between 2.5 and 3.0 may be considered if all the following conditions are met.

- The baccalaureate degree and/or graduate-level work was earned more than 4 years prior to the application submission.
- The applicant provides a written explanation of her/his performance in the baccalaureate degree.
- The applicant provides a written explanation of why he/she will be successful in the Integrative Studies degree.

Review the SIUE Admissions Policy for more information.

## Curriculum

The post-baccalaureate certificate requires the completion of 19 hours of courses, split between the civil engineering and construction departments. The courses are as follows:

### Civil Engineering

- CE 574 – 3 Transportation Infrastructure Security
- CE 575 – 3 Advanced Geometric Design of Highways
- CE 579 – 3 Transportation Safety Systems
- CE 578 – 3 Intelligent Transportation Systems

### Construction

- CNST 451 – 4 Estimating and Bidding
- CNST 425 – 3 Heavy Civil Construction

## Exit Requirements

The student must successfully complete the program of study with a minimum GPA of 3.0.

## Academics & Library

### Exercise and Sport Psychology (MS)

#### Curriculum

Students may begin in the fall, spring or summer semesters. Due to the versatility of the program, students can complete the program in as little as one year. However, students typically take five semesters to complete their degree. Students have the option to choose between either the thesis or non-thesis option.

***Thesis Option-30 hours; Non-Thesis Option-30 hours***

#### Required Courses (15 hours)\*

**KIN 501** Exercise Psychology - Provides an in-depth analysis of psychosocial factors related to preventive and rehabilitative exercise behavior.

**KIN 502** Sport Psychology - Explores the psychological factors influencing participation patterns and performance in sport, and effects of sport upon psychological responses.

**KIN 503** Sport Sociology - Provides an in-depth analysis of the interaction between physical activity and society including the social and cultural processes and institutions which influence, and are influenced by physical activity.

**KIN 506** Rehabilitation and Health Psychology - This course is designed to provide an in-depth analysis of the psychological issues associated with injury and disease rehabilitation as well as the psychological issues related to health.

**KIN 505** Psychology of Coaching OR **KIN 507** Physical Activity Promotion

\*Courses are offered in traditional and online formats. Traditional courses are offered in the evening, in a traditional classroom setting.

#### Thesis Option (15 hours)\*

**KIN 599** Thesis in Kinesiology - Students selecting the thesis track must earn a minimum of three (3) credit hours. This course may be repeated for a maximum of six hours (6).

**KIN 509** Research Methods in Kinesiology - Prepare students to read, understand and evaluate research in the field of kinesiology.

**PSYC 520** Research Design and Inference I - Research methods, philosophy of science, research writing, review of basic statistics, using computer for statistical analysis and research writing. Prerequisite: graduate standing in psychology or consent of instructor.

OR **SOC 518** Advanced Data Analysis  
Electives (3)

\*Courses are offered in the evening, in a traditional classroom setting.

The thesis option is ideal for students interested in pursuing a doctoral degree in sport and exercise psychology, counseling or other psychology. Students will learn research processes and investigate the impact of psychological factors in sport and/or exercise. Students will have opportunities to present at professional conferences and publish in scientific journals. Students pursuing the thesis option will typically take two academic years to complete the coursework and research thesis. The student and faculty advisor will match thesis and coursework with the goals of the student to provide an exceptional learning experience.

Admission to a graduate program in kinesiology does not guarantee the opportunity to complete a thesis. Students choosing to complete a thesis must do the following:

- Meet with the professor(s) with whom you would like to work, to discuss your research interests
- Submit a letter of interest to the professor(s) with whom you would like to work. Please use this form to guide your letter.
- Submit an example of your writing to the professor(s) with whom you would like to work

Faculty will choose thesis students based on a combination of the students potential for success, a match in research interests between the faculty member and the student, as well as the availability of the faculty member.

For additional information, please contact the coordinator for your program of interest

- Exercise Physiology - Dr. Brianne Guilford
- Exercise and Sport Psychology - Dr. Lindsay Ross-Stewart
- Physical Education and Coaching Pedagogy - Dr. Dave Cluphf

## **Non-Thesis Option (15 hours)\***

**KIN 522** Analysis of Teaching Behaviors in Sport and Physical Education - Selection and observation of appropriate teaching behaviors in sport and K-12 physical education.

**KIN 527a** Action Research in Physical Activity I - Introduces students to action research, a form of self-reflective, systematic inquiry by practitioners on their own practice. Prerequisites: admission to physical education and sport pedagogy program.

**KIN 527b** Action Research in Physical Activity II - Introduces students to presenting action research, a form of self-reflective, systematic inquiry by practitioners on their own practice. Prerequisites: admission to physical education and sport pedagogy program.

Electives (6)

\*Courses are offered in traditional and online formats. It is possible to complete all electives online.

The non-thesis option is for students who are not interested in pursuing a doctoral degree.

# Academics & Library

## Exercise and Sport Psychology (MS)

### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Applicants must have an undergraduate grade point average of at least 2.75 (A=4.0) to be considered for admittance into the program.
- Only courses in which the student earned a grade of “B” or better will be considered for transfer credit.
- For international students, a minimum total internet-based TOEFL score of 100 is required to be considered for admission.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Admission may be granted to applicants who have a bachelor's degree and meet the aforementioned criteria, although any prerequisites necessary to study in a particular specialization are at the discretion of the program advisor.

Selection for admission is determined by the graduate faculty in the Department of Kinesiology and Health Education. The student's grade point average and course work content from previous professional preparation will be used to determine qualifications for entrance into the program.

Review the SIUE Admissions Policy for more information.

### Application Deadline

Applications are accepted on a rolling basis.

## Academics & Library

### Exercise and Sport Psychology (MS)

#### Graduation Requirements

Students may select either a thesis or non-thesis option. Students who elect to prepare a research thesis in lieu of the non-thesis project must also present an oral defense of the thesis by a written and oral assignment to incorporate both research and application of the master's program material. To complete a thesis, a student must be accepted by a faculty member based on the requirements outlined on the website.

In the final semester non-thesis students will be required to complete a comprehensive project determined in close consultation with one's graduate adviser and other faculty as appropriate. The project is intended to develop greater breadth and depth of understanding of the field and the application of knowledge that will lead to the implementation or presentation of a plan to a profession, community group or an organization as approved by the program director. Concludes as the student presents orally the findings related to his/her project and defends conclusions against questions raised by the faculty adviser.

Review the graduation policy for more information.

## Academics & Library

### Exercise Physiology (MS)

#### Curriculum

Near the completion of the program of study, each student is required to select either a non-thesis option or research thesis option. For the non-thesis option students must choose an internship for three credit hours. For the thesis option the student will work with their advisor to organize a committee of three faculty members to supervise, monitor and evaluate the thesis for three to six credit hours. All courses in the Exercise Physiology program are offered in an evening format.

#### Exercise Physiology Specialization (30 hours)

##### Core Courses (27 hours)

- (3) KIN 501 Behavioral Analysis of Exercise
- (3) KIN 509 Research Methods in Kinesiology
- (3) KIN 512 Advanced Exercise Physiology
- (3) KIN 514 Advanced Exercise Assessment and Prescription
- (3) KIN 516 Advanced Cardiovascular and Respiratory Physiology
- (3) KIN 517 Pathophysiology and Treatment of Obesity
- (3) KIN 518 Exercise Endocrinology
- (3) KIN 541 Advanced Human Nutrition and Metabolism
- (3) KIN 496 Advanced Concepts and Techniques in Strength and Conditioning OR  
KIN 513 Clinical Exercise Physiology

#### Capstone Experience

**Student must complete one of these two options (3 hours)**

- Non-Thesis Option: KIN 555 Internship in Exercise Physiology (3) and comprehensive exit exam  
OR
- Thesis Option: KIN 599 Thesis (3)

# Academics & Library

## Exercise Physiology (MS)

### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Undergraduate grade point average (GPA) of at least 2.75 on a 4.0 scale
- Only courses in which the student earned a grade of “B” or better will be considered for transfer credit.
- For international students, a minimum total internet-based TOEFL score of 100 is required to be considered for admission.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Admission may be granted to applicants who have a bachelor's degree and meet the aforementioned criteria, although any prerequisites necessary to study in a particular specialization are at the discretion of the program adviser.

Selection for admission is determined by the graduate faculty in the Department of Kinesiology and Health Education. The student's grade point average and course work content from previous professional preparation will be used to determine qualifications for entrance into the program.

Review the SIUE Admissions Policy for more information.

### Application Deadline

The deadline is approximately one month before the start of classes (definite dates are on the application).

## **Academics & Library**

### **Exercise Physiology (MS)**

#### **Graduation Requirements**

In the final semester all students will be required to take an American College of Sports Medicine (ACSM) style Exercise Specialists Certification Practice Exam. This exam will be taken from questions in the ACSM's Certification Review book and from test bank questions provided with ACSM's Resource Manual for Guidelines for Exercise Testing and Prescription. Students who elect to prepare a thesis must present an oral defense of the thesis.

Review the graduation policy for more information.

Selection for admission is determined by the graduate faculty in the Department of Kinesiology and Health Education. The student's grade point average and course work content from previous professional preparation will be used to determine qualifications for entrance into the program.

Students are eligible to apply for the physical education and sport pedagogy program if they are certified or are certifiable to teach in the public schools. The master's program includes a balance of technology-assisted on-campus courses (fall, spring and summer). Normal time to completion is approximately two years. Practical application of research based and developmentally appropriate teaching practices is emphasized by the program. No more than 9 graduate hours may be taken toward the master's degree as an unclassified graduate student.

Review the SIUE Admissions Policy for more information.

## **Application Deadline**

The deadline is approximately one month before classes begin (definite dates can be found on the application).

## **How to Apply**

The general requirements for admission and retention for this program are the same as for the Graduate School.

## Academics & Library

### Kinesiology - Physical Education and Coaching Pedagogy (MSEd)

#### Graduation Requirements

Students must demonstrate competence in the content comprising the major (kinesiology and area of emphasis) via written and oral presentations of Action Research Projects.

Review the graduation policy for more information.

# Academics & Library

## Learning, Culture & Society (MSEd)

### Program of Study

Thirty (30) semester hours of graduate credit are required for a master of science in education degree with a major in learning, culture and society.

### Required Foundational Courses

- EPFR 501 Research Methods in Education
- EPFR 515 Issues in Learning Theory
- EPFR 520 Analysis of Educational Issues: Philosophic-historic Perspectives
- EPFR 521 Analysis of Educational Issues: Socio-cultural Perspectives

### Education Focus Electives

(choose two for a total of six hours)

- EPFR 451 Gender and Education
- EPFR 563 Special Topics in Foundations of Education
- CI 563 Curriculum Models
- ENG 470 Methods and Materials for K-12 ESL Teaching
- ENG 472 Assessment and Testing in ESL
- ENG 570 Teaching African-American Oral and Written Literature
- ENG 578 Women, Language and Pedagogy
- ENG 581 Topics in Teaching English\*

## Area of Emphasis

Choose one of the following: Cultural Diversity, English as a Second Language, or Gender and Education.

## Final Project

The final project may be either an action research project (Boyer's "scholarship of application") or a traditional research project (Boyer's "scholarship of discovery") (Boyer, 1990, pp. 16-23). An action research project is a scholarly research study that involves working on a problem with practical applications for the student's classroom, school, district, or community. A traditional research project is an original research project that does not necessarily involve practical applications for the student.

Within the first semester of study, the student must select a graduate faculty member as project chairperson for the project committee. The chairperson will advise the student on coursework and research. Within the first year of study, the student must select two additional graduate faculty members to complete their project committee. The committee should consist of faculty with expertise or interests that are appropriate to the student's academic background, goals, and interests. The committee chair and one of the other committee members must be from the Department of Educational Leadership. The third committee member may be from outside the department and from outside the SOE. The committee and the student will develop a research project outline and will determine before the work begins whether the project will be "scholarship of application" or "scholarship of discovery." The project is then approved for initiation and supervised by the committee chairperson.

# Academics & Library

## Learning, Culture & Society (MSEd)

### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Grade point average of 3.0 or above (A=4.0) during their last two years of undergraduate work. (The undergraduate GPA requirement may be waived for students who have received in more recent graduate course work a GPA that demonstrates potential for success.)
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- A list of professional experiences
- A written statement of purpose
- An interview may also be requested. Applicants may arrange for an appeal interview with the Admissions Committee if admission is denied.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

### How to Apply

This program is open to enrollment at any time during the school year. Interested individuals are encouraged to look at the “How to Apply” information on our website at [siue.edu/lcs](http://siue.edu/lcs) or to contact the program director, Dr. Tianlong Yu at [tyu@siue.edu](mailto:tyu@siue.edu), or graduate recruiter, Angie White at [angewhi@siue.edu](mailto:angewhi@siue.edu).

## **Academics & Library**

## Literacy Education (MSEd)

### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Grade point average of 3.0 (A=4.0) or above
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- A teaching certificate in early childhood, elementary, secondary, or special education
- A minimum of two years of full time contract teaching prior to CI 571 (for reading specialist only)
- Three hours of children's literature at the undergraduate or graduate level prior to graduation.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

# Academics & Library

## Literacy Education (MSEd)

### Graduation Requirements

#### Reading Specialist (MSEd)

Candidates must complete all requirements to be eligible for the Illinois Reading Specialist Certificate including: passing the appropriate Assessment of Professional teaching for the area of endorsement (Primary, Middle School or Secondary) and the Illinois Basic Skills Test (97) one semester prior to program completion, earning an A or a B in all program courses, passing all program assessments, providing evidence of membership in an organization that will enhance their professional development in literacy (ie. IRC, IRA, NRC, or NCTE) and complete a final master's project.

#### Literacy Specialist (MSEd)

Candidates must complete all requirements to be eligible for the Illinois Reading Specialist Certificate including: passing the Assessment of Professional Teaching (APT 104) and the Illinois Basic Skills Test (97) one semester prior to program completion, earning an A or a B in all program courses, passing all program assessments, and providing evidence of membership in an organization that will enhance their professional development in literacy (ie. IRC, IRA, NRC, or NCTE).

Review the graduation policy for more information.

# Academics & Library

## Literacy Education (MSEd)

### Specialized Learning Opportunities

- Literacy Specialist Option
  - Literacy Specialist Option
  - Reading Specialist Option
  - Literacy Specialist Post-Master's Certificate
  - Reading Teacher Endorsement

## Literacy Specialist Option

### PROGRAM OF STUDY

33 semester hours of graduate credit are required for Master of Science degree with a major in Literacy Education. Requirements are as follows:

CI 520 Theoretical Foundations in Literacy  
CI 521 Emergent and Primary Level Literacy  
CI 525 Upper Elementary and Middle Level Literacy  
CI 540 Content Area Literacy  
CI 571 Diagnostic Assessment and Instruction  
CI 572 Diagnostic Literacy Practicum for Elementary Level  
CI 573 Diagnostic Literacy Practicum for Middle and Secondary Level  
CI 578 Organization and Administration of Literacy Programs  
CI 591 Current Issues and Trends in Literacy

CI 596d Field Study in Curriculum & Instruction: Literacy  
CI 548 Action Research: Literacy or EPFR 501 Research in Education

### **Field Experience During Foundations Courses**

Intensive and extensive field experiences (CI 521, 525, and 540) help prepare candidates to analyze their own instruction and assume the new role of consultant and collaborator with other school professionals. Candidates begin on-going reflection and development of their knowledge of literacy processes, assessment, instructional strategies, and materials to plan and adapt instruction to meet the diverse needs of students in pre-kindergarten through grade twelve. Through collaboration and constructive coaching, candidates enhance their knowledge, skills, and dispositions.

### **Entry to Clinic Practicum**

Prior to enrolling in CI 571, the first clinical course, candidates must earn an A or B in the following four core courses (CI 520, CI 521, CI 525, CI 540), have a minimum of two years of successful full time contract teaching, and pass all initial program assessments.

### **Literacy Clinic Practicum**

The Cougar Literacy Clinic in the Reading Center is a low cost diagnostic and instructional service that provides literacy development support for students in grades one to twelve from the surrounding communities. Literacy Specialist candidates complete three practicum courses, CI 571, 572, and 573. Graduate candidates conduct and analyze diagnostic literacy assessments, provide individualized developmental and remedial instruction, and write comprehensive literacy development reports for each student. Clinicians are supervised during the clinic through direct observation, as well as videotaping, case study discussions, and lesson plan reflections. Candidates work with colleagues to observe, plan, and provide coaching on each other's practice during the three semesters of clinic.

### **Entry to Leadership Internship**

To enter the leadership internship courses, CI 578 and CI 591, candidates must earn an A or B in CI 571, 572, and 573, pass all mid-point program assessments, and pass the Illinois Research Specialist Content Test (176).

## Academics & Library

### Literacy Education (MSEd)

#### Specialized Learning Opportunities

- Literacy Specialist Post-Master's Certificate
  - Literacy Specialist Option
  - Reading Specialist Option
  - Literacy Specialist Post-Master's Certificate
  - Reading Teacher Endorsement

#### Literacy Specialist Post-Master's Certificate

The Department of Curriculum and Instruction offers a program of study leading to a Post- Master's Literacy Specialist Certificate. This program is intended to provide advanced preparation for literacy/reading specialists and leaders in literacy education. Literacy is the ability to read, write, speak, listen, view, visually represent and think in meaningful or socially-recognized ways. Literacy specialist responsibilities include teaching, coaching, and coordinating literacy education as well as serving as a resource for other professionals and the community; promoting literacy advocacy; providing professional development; and working collaboratively to develop, implement, and evaluate literacy curriculum and programs. Upon passing all program requirements, candidates will earn Illinois Type 10 Reading Specialist Certification which is valid for teaching reading, supporting teaching professionals and coordinating literacy programs for kindergarten through grade twelve.

#### ADMISSION

Minimum admission criteria include a master's degree in education with a grade point average of 3.0 (A=4.0) or above; a valid Illinois teaching certificate in early childhood, elementary, secondary, or special education; a minimum of two years of full-time contract classroom teaching; and 3 hours of children's literature at the undergraduate or graduate level (or obtain before graduation).

## **PROGRAM OF STUDY**

27 semester hours of graduate credit are required for a Post-Master's Literacy Specialist Certificate. Requirements are as follows:

Literacy Core (27 hours):

CI 520 Theoretical Foundations in Literacy

CI 521 Emergent and Primary Level Literacy

CI 525 Upper Elementary and Middle Level Literacy

CI 540 Content Area Literacy

CI 571 Literacy Diagnostics: Assessment and Instruction

CI 572 Diagnostic Literacy Practicum for Elementary Level

CI 573 Diagnostic Literacy Practicum for Middle and Secondary Level

CI 578 Organization and Administration of Literacy Programs

CI 591 Current Issues and Trends in Literacy

## **Field Experience**

Intensive and extensive field experiences (CI 521, 525, and 540) help prepare candidates to analyze their own instruction and assume the new role of consultant and collaborator with other school professionals. Candidates begin on-going reflection and development of their knowledge of literacy processes, assessment, instructional strategies, and materials to plan and adapt instruction to meet the diverse needs of students in pre-kindergarten through grade twelve. Through collaboration and constructive feedback, candidates enhance their knowledge, skills, and dispositions.

## **Entry to Clinic Practicum**

Prior to enrolling in CI 571, the first clinical course, candidates must complete with a minimum grade of B the following four core courses (CI 520, CI 521, CI 525, and CI 540); one course may be taken concurrently with CI 571. Candidates must also have a passing score on the Reading Specialist Content - Area Test (176), and meet the passing criteria on two initial Literacy Program Notebooks: a standards notebook and a resource notebook.

## **Literacy Clinic Practicum**

The Cougar Literacy Clinic in the Reading Center is a low cost diagnostic and instructional service that provides literacy development support for students in grades one to twelve from the surrounding communities. Literacy Specialist candidates complete three practicum courses, CI 571, 572, and 573. Graduate candidates conduct and analyze diagnostic literacy assessments, provide individualized developmental and remedial instruction, and write comprehensive literacy development reports for each student. Clinicians are supervised during the clinic through direct observation, as well as videotaping, case study discussions, and lesson plan reflections. Candidates work with colleagues to observe, plan, and provide feedback on each other's practice during the three semesters of clinic.

Upon completion of the three practicum courses (CI 571, 572, and 573) with a minimum grade of a B, candidates will present and meet passing criteria for their on-going Literacy Program Notebooks demonstrating a more thorough understanding and application of the previous standards along with resources for each component of literacy.

## **Graduation Requirements**

Candidates must complete all requirements to be eligible for the Illinois Reading Specialist Certificate including: passing the Assessment of Professional Teaching (APT 104) and the Illinois Basic Skills Test (97) one semester prior to program completion, earning an A or a B in all program courses, passing all program assessments, and providing evidence of membership in an organization that will enhance their professional development in literacy (ie. IRC, IRA, NRC, or NCTE). Minimum GPA of 3.25.

### Specialized Learning Opportunities

- Reading Specialist Option
  - Literacy Specialist Option
  - Reading Specialist Option
  - Literacy Specialist Post-Master's Certificate
  - Reading Teacher Endorsement

## Reading Specialist Option

### PROGRAM OF STUDY

33 semester hours of graduate credit are required for Master of Science degree with a major in Literacy Education. Requirements are as follows:

CI 513 Literature Across the Curriculum  
CI 520 Theoretical Foundations in Literacy  
CI 521 Emergent and Primary Level Literacy  
CI 525 Upper Elementary and Middle Level Literacy  
CI 540 Content Area Literacy  
CI 571 Diagnostic Assessment and Instruction  
CI 572 Diagnostic Literacy Practicum for Elementary Level  
CI 573 Diagnostic Literacy Practicum for Middle and Secondary Level  
Literacy-related electives to complete the Reading Teacher Endorsement

CI 596d Field Study in Education

CI 548 Action Research: Literacy or EPFR 501 Research in Education

### **Field Experiences During Foundations Courses**

Intensive and extensive field experiences (CI 521, 525, and 540) help prepare candidates to analyze their own instruction and assume the new role of consultant and collaborator with other school professionals. Candidates begin on-going reflection and development of their knowledge of literacy processes, assessment, instructional strategies, and materials to plan and adapt instruction to meet the diverse needs of students in pre-kindergarten through grade twelve. Through collaboration and constructive coaching, candidates enhance their knowledge, skills, and dispositions.

### **Entry to Clinic Practicum**

Prior to enrolling in CI 571, the first clinical course, candidates must earn an A or B in the following four core courses (CI 520, CI 521, CI 525, CI 540), and pass all initial program assessments.

### **Literacy Clinic Practicum**

The Cougar Literacy Clinic in the Reading Center is a low cost diagnostic and instructional service that provides literacy development support for students in grades one to twelve from the surrounding communities. Reading Teacher candidates complete a minimum of two practicum courses, CI 571, and 572 or 573. Graduate candidates conduct and analyze diagnostic literacy assessments, provide individualized developmental and remedial instruction, and write comprehensive literacy development reports for each student. Clinicians are supervised during the clinic through direct observation, as well as videotaping, case study discussions, and lesson plan reflections. ### Marketing Research (MMR)

#### Program of Study

Students pursuing the MMR degree must complete a minimum of 30 semester hours beyond the business fundamentals and statistics competencies.

Program courses (21 hours): MKTG 530, 540, 541, 544, 546, 548, 550

Elective courses (9 hours): taken from the following: MKTG 532, 534, 560, 561, 562, 595, STAT 487, 583, 589

Other business electives consistent with the program's goals and student's career objectives may be taken with approval from the program director. Only three (3) hours of 400-level course work may be used to satisfy MMR degree requirements.

# Academics & Library

## Marketing Research (MMR)

### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA of 2.50
- Statement of Purpose: Submit an essay articulating effectively the applicant's career goals as these relate to interest in pursuing the program
- Graduate Management Admission Test (GMAT).
- International students must also earn a minimum score of 550 on the paper-based TOEFL or 213 on the computer-based TOEFL or 80 on the internet-based TOEFL.
- All applicants are required to submit three letters of recommendation from individuals who can attest to the applicant's qualifications and likelihood of successful completion of degree requirements.
- Personal history information

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Admission to the MMR program is highly selective and competitive. The program director, in consultation with marketing faculty, decides who will be admitted based on a balanced appraisal of each component of the applicant's credentials. As a general rule, strong undergraduate performance (high grade point average), above average GMAT scores (including Verbal, Quantitative, and Analytical Writing components), and an intense interest in pursuing a career in marketing research are essential prerequisites for admission to the MMR program. Applicants who are denied admission may request a review of their credentials by the MMR Admissions Review and Retention Committee which makes its

recommendation to the program director. The decision of the program director is final. Applicants who hold a PhD or equivalent in a recognized field from an accredited university need not submit a GMAT score.

Review the SIUE Admissions Policy for more information.

Students are expected to enter the program with competencies in statistics and statistical software and business fundamentals. Admitted students who lack these competencies may satisfy the requirements in the following manner:

1. **Statistics and Statistical Software:** Students without a background in statistics and statistical software will be required to complete: (a) MS 251 (Statistical Analysis for Business Decisions) or its equivalent, and (b) PAPA 412/420 (Quantitative Analysis) or its equivalent. Based on the evidence provided by the student, this requirement may be waived by the program director. Completion of these courses will not earn academic credit in the MMR program.
2. **Business fundamentals:** Students without a background in business fundamentals will be required to take three (3) business courses to meet the business fundamentals requirements for graduate study in marketing research. These courses must include: (a) MKTG 525 (Marketing Analysis and Applications for Managerial Decision Making) and (b) two of the following: MBA 522, MBA 523, ACCT 524, CMIS 526, FIN 527, ECON 528, PROD 529 or the equivalent. The final selection of these courses must be decided in consultation with the program director. Based on the evidence provided by the student, this requirement may be waived by the program director.

## Academics & Library

### Marketing Research (MMR)

#### Graduation Requirements

In addition to completing the required coursework, students must also satisfy a comprehensive examination requirement as outlined in MKTG 550. This course, in which the student designs and completes a marketing research project, is an integrated experience and will ordinarily be the last course taken. Upon completion of the marketing research project, the written report must be in a form suitable for presentation. It must be defended orally before the participating organization, faculty and MMR students. Students who earn a grade below B will be given a second opportunity to complete the course in a satisfactory manner. Performance of individuals who fail to earn a B or above in the second attempt will be reviewed by two additional members of the marketing faculty who may recommend that the student be dropped from the program. In rare instances, students may be permitted a third attempt to earn a grade of B or above under another instructor.

Review the graduation policy for more information.

## **Academics & Library**

### **Marketing Research (MMR)**

#### **Specialization**

#### **Business Analytics**

An MMR student may opt for a specialization in Business Analytics. To complete the specialization, MMR student must satisfactorily complete a minimum of 36 hours of course work as outlined in the Program of Study in the graduate catalog and satisfy the following Business Analytics requirements:

MKTG 546 – Quantitative Methods (3)

MKTG 544 – Information Fundamentals (3)

CMIS 566 – Introduction to Business Intelligence and Analytics (3)

CMIS 567 – Business Analytics Capstone course and

Elective courses (6 hours): taken from the following:

MKTG 534, 560, 561, and 562. (The choice of electives must be approved by the program director.)

## Academics & Library

### Mathematics (MS)

#### Curriculum

The program of study requires a minimum of 30 semester hours of graduate credit, at least 15 of which must be at the 500-level. Students must maintain an overall grade point average of 3.0 for all courses taken in the program.

Students pursuing a double major must complete all required courses in one of the options below. Six to nine hours of the electives may be waived for students who complete a double major. These students must complete at least nine hours of 500-level mathematics, statistics or operations research courses, not counting the thesis or research paper.

Students may choose from four specializations:

Pure Mathematics

Statistics and Operations Research

Computational and Applied Mathematics

Postsecondary Mathematics Education

# Academics & Library

## Mathematics (MS)

### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Undergraduate background that includes MATH 150, 152, 223, 250 and 321 or their equivalents.
- Grade point average of at least 2.7 (A=4.0) in mathematics and statistics courses.
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- A brief statement of educational and career goals and interests, together with any supporting documents
- A description of any special qualifications or relevant professional experience.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

In some cases, applicants who meet the requirements for admission to the Graduate School, but do not have the required background in mathematics as indicated above, may register as unclassified graduate students until deficiencies have been satisfied to permit admission to degree-seeking status.

It is recommended that students in the computational and applied mathematics or statistics and operations research specializations have a working knowledge of algorithmic programming language. It is also recommended that students in the theoretical mathematics or computational and applied mathematics specializations have a course in real analysis equivalent to MATH 350 at SIUE.

Review the SIUE Admissions Policy for more information.

## Academics & Library

### Mathematics (MS)

#### Graduation Requirements

For students who complete a thesis or research paper, the final examination consists of an oral presentation based on the content of the thesis or research paper. The examination is administered by the student's advisory committee, which includes the student's research advisor and two other members of the graduate faculty. For those students who select additional course work in lieu of a thesis or research paper, the final exam covers the content from three 500-level MATH, STAT or OR courses chosen jointly by the student and advisor.

Review the graduation policy for more information.

### Mathematics (MS)

#### Specialized Learning Opportunities

- 3+2 BS and MS in Mathematics
  - Computational and Applied Mathematics Specialization
  - Post-Secondary Mathematics Education Specialization
  - Pure Mathematics Specialization
  - Statistics and Operations Research Specialization
  - Mathematics Professional Development Sequences
  - 3+2 BS and MS in Mathematics

#### 3+2 BS and MS in Mathematics

The Department of Mathematics and Statistics offers a five-year program leading to the Bachelor of Science (BS) and the Master of Science (MS) degrees. Students with at least 90 semester hours and an overall grade point average of 3.0 (A=4.0) in mathematics, engineering, and physical science courses may be admitted to the BS/MS program that allows them to earn graduate level credit (400- and 500-level) during their combined fourth and fifth years. No course can be counted for both graduate and undergraduate credit.

An application for degree-seeking status as a graduate student must be approved by the Graduate School and the Graduate Admissions Committee in Mathematics. A program outline must also be submitted for approval by the graduate program director in mathematics prior to enrollment in any courses to be included as a part of the master's program. Official admission to the graduate program and the status of classified graduate student is made only after the award of baccalaureate degree. In no case will a graduate degree be conferred before all requirements for both degrees have been completed.

## Academics & Library

### Mathematics (MS)

#### Specialized Learning Opportunities

- Computational and Applied Mathematics Specialization
  - Computational and Applied Mathematics Specialization
  - Post-Secondary Mathematics Education Specialization
  - Pure Mathematics Specialization
  - Statistics and Operations Research Specialization
  - Mathematics Professional Development Sequences
  - 3+2 BS and MS in Mathematics

#### Computational and Applied Mathematics Specialization

Required Courses (18 hours): MATH 421, 450, 464, either 465 or 466, either 555 or 565, and either 451 or 552.

Electives (6 to 9 hours): Electives may be selected from 400- and 500-level mathematics, statistics, or operations research courses. MATH 550 and 567, STAT 575, and OR 587ab are recommended.

Thesis or research paper (3 to 6 hours): MATH 599 (Thesis), or MATH 595 (Special Project). Students in the computational and applied mathematics specialization may substitute additional 500-level course work for the thesis or research paper to complete the 30-hour requirement for the degree. Students who select this course option must pass a comprehensive exam covering three 500-level MATH, STAT, or OR courses chosen jointly by the student and adviser.

The 400-level required courses are waived for students who have completed these courses as undergraduates, although graduate credit cannot be given for courses taken as an undergraduate.

## Academics & Library

#### Specialized Learning Opportunities

- Post-secondary Mathematics Education Specialization
  - Computational and Applied Mathematics Specialization
  - Post-Secondary Mathematics Education Specialization
  - Pure Mathematics Specialization
  - Statistics and Operations Research Specialization
  - Mathematics Professional Development Sequences
  - 3+2 BS and MS in Mathematics

#### Post-secondary Mathematics Education Specialization

Students must complete the requirements in Groups A, B, C, D, and E.

Group A: Three courses selected from the following:

MATH 420, 421, 423, 430, 435, 437, 450, 451, 464, 465, 466, OR 440, STAT 478, 480A, 480B, 481, 482.

Group B: Two courses selected from the following:

MATH 531 - Algebraic Content, Pedagogy and Connections

MATH 532 - Geometric Content, Pedagogy and Connections

MATH 533 - Discrete Mathematics Content, Pedagogy and Connections

MATH 534 –Calculus Content, Pedagogy and Connections

STAT 535 –Statistics Content, Pedagogy and Connections

Group C: Two MATH/STAT/OR electives selected from 500-level MATH, STAT, or OR courses, excluding courses from Group B above.

Group D: Two courses selected from the following:

ADED 522 - Program Planning in Adult and Continuing Education

ADED 523 - Curriculum and Instruction in ADult and Continuing Education

EPFR 501 - Research Methods

EPFR 515 - Advanced Educational Psychology

CI 510 - Analysis of Instruction (choose either CI 510F or CI 510J)

CI 563 - Curriculum Models (choose either CI 563 F, J, K, or L)

IT 540 - Distance Education

GROUP E: MATH, STAT, or OR 599 (Thesis), or MATH, STAT or OR 595 (Special Project), or option of substituting additional 500-level course work in MATH, STAT or OR, excluding courses from Group B. Students who select this option must pass a final exam covering two 500-level MATH, STAT, or OR courses from Group C and the additional course from Group E.

### Specialized Learning Opportunities

- Mathematics Professional Development Sequences
  - Computational and Applied Mathematics Specialization
  - Post-Secondary Mathematics Education Specialization
  - Pure Mathematics Specialization
  - Statistics and Operations Research Specialization
  - Mathematics Professional Development Sequences
  - 3+2 BS and MS in Mathematics

## Mathematics Professional Development Sequences

The Department of Mathematics and Statistics offers seven Professional Development Sequences. These PDSs are described below in the section "Program of Study." Each of these PDSs is designed to give students a thorough grounding in one particular subject in mathematics, statistics, or operations research.

### ADMISSION

Graduate students who are officially admitted to, and in good standing with, the Graduate School may enroll in a PDS in the Department of Mathematics and Statistics provided they have the approval of the Graduate Program Director. Students enrolled in a PDS need not be graduate students in the Department of Mathematics and Statistics and they may have the status of "unclassified graduate student." Students are expected to have completed all courses that are prerequisites to the required courses in the PDS.

### PROGRAM OF STUDY

The programs of study of the PDSs are as follows:

### 1. Quality and Reliability

STAT 484 Reliability Engineering  
STAT 488 Design and Control of Quality Systems  
STAT 584 Reliability Theory  
STAT 588 Advanced Quality Control

### 2. Design and Analysis of Experiments

STAT 480a,b Mathematical Statistics  
STAT 481 Design and Analysis of Experiments  
STAT 581 Advanced Experimental Design

### 3. Applied Statistics

STAT 478 Time Series Analysis  
STAT 481 Design and Analysis of Experiments  
STAT 482 Regression Analysis  
STAT 483 Sample Surveys

### 4. Mathematical Programming

OR 440 Deterministic Models  
OR 587a,b Mathematical Programming

### 5. Simulation

OR 442 Simulation  
OR 585 Simulation Theory  
OR 586 Simulation Modeling and Languages

### 6. Numerical Analysis

MATH 465 Numerical Analysis  
MATH 466 Numerical Linear Algebra with Applications  
MATH 565 Advanced Numerical Analysis

## 7. Differential Equations

MATH 464 Partial Differential Equations

MATH 465 Numerical Analysis

MATH 552 Theory of Ordinary Differential Equations

MATH 567 Topics in Applied Mathematical Analysis

## Academics & Library

### Mathematics (MS)

#### Specialized Learning Opportunities

- Pure Mathematics Specialization
  - Computational and Applied Mathematics Specialization
  - Post-Secondary Mathematics Education Specialization
  - Pure Mathematics Specialization
  - Statistics and Operations Research Specialization
  - Mathematics Professional Development Sequences
  - 3+2 BS and MS in Mathematics

#### Pure Mathematics Specialization

Required courses (18 hours): MATH 421, 430 or 437, 450, 451 or 552, 555 or 565 and 520 or 545.

Electives (6 to 9 hours): Electives may be selected from 400- or 500-level mathematics, statistics, or operations research courses.

Thesis or research paper (3 to 6 hours): MATH 599 (Thesis) or MATH 595 (Special Project). Students in the pure mathematics specialization may substitute additional 500-level course work for the thesis or research paper to complete the 30-hour requirement for the degree. Students who select this course option must pass a comprehensive exam covering three 500-level MATH, STAT, or OR courses chosen jointly by the student and adviser.

## Academics & Library

### Mathematics (MS)

#### Specialized Learning Opportunities

- Statistics and Operations Research Specialization
  - Computational and Applied Mathematics Specialization
  - Post-Secondary Mathematics Education Specialization
  - Pure Mathematics Specialization
  - Statistics and Operations Research Specialization
  - Mathematics Professional Development Sequences
  - 3+2 BS and MS in Mathematics

#### Statistics and Operations Research Specialization

Required courses (18 hours): Stat 480a, 480b, one of OR 440, OR 587a, Math 423 and one of: OR 441, OR 442, OR 585. One of the following two semester sequences is required: Stat 581, Stat 582; Stat 584, Stat 588; Stat 579, Stat 589; OR 587a, OR 587b; OR 585, OR 586. A student taking the OR 587a and OR 587b sequence will be required to take either OR 440 or Math 423. A student taking the OR 585/OR 586 sequence will be required to take either OR 441 or OR 442.

Electives (6 to 9 hours): Electives may be selected from 400- or 500-level mathematics, statistics, or operations research courses.

Thesis or Research Paper (3 to 6 hours): STAT or OR 599 (Thesis), or STAT or OR 595 (Special Project). Students in the Statistics and Operations Research specialization may substitute additional course work for the thesis or research paper to complete the 30-hour requirement for the degree. Students who select this course option must pass a comprehensive exam covering three 500-level MATH, STAT, or OR courses chosen jointly by the student and adviser.

## Academics & Library

### Mechanical Engineering (MS,PhD)

#### Curriculum

The department offers both thesis and non-thesis options. Both options require 30 credit hours. To take full advantage of the academic experience available, however, students are encouraged to take the thesis option. Of the 30 credit hours required, at least 15 credit hours must be at the ME 500 level (which may include ME 599 (thesis) up to six credit hours). At least 21 credit hours must be in mechanical engineering courses and six hours must be in mathematics selected from courses approved by the mechanical engineering faculty. The discipline of mechanical engineering has a close interface with civil engineering in the areas of stress analysis and elasticity and with electrical engineering in the areas of system dynamics and control theory. Whenever possible, courses in these areas will be cross-listed so as to enrich the variety of course offerings for students in all programs. The specific program of study is selected by the student and approved by the student's advisor. The program allows one elective course that may be selected from any of the courses listed in the current Graduate Catalog, provided that the student meets the prerequisites. All students are required to complete either ME 530-Advanced Dynamics or ME 575-Advanced Fluid Mechanics.

Students will be guided in thesis work by a thesis advisor with the assistance and concurrence of an advisory committee. The thesis topic will be selected from an area in mechanical engineering and approved by the student's advisor. When possible, part-time students will be encouraged to select topics complementing their professional responsibilities. Writing a thesis involves an intensive research effort and students are encouraged to begin their thesis work early in the program, even before registering for any thesis credit.

In the non-thesis option, students are required to prepare a research paper, the topic of which is mutually agreed upon by the student and the advisory committee. No credit is awarded for completion of this research paper.

## Academics & Library

### Mechanical Engineering (MS,PhD)

#### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Undergraduate grade-point average of at least 2.75 (A=4.0) in engineering, mathematics and physical science courses.
- A baccalaureate degree in mechanical engineering from an ABET-accredited program. Applicants who completed a non-ABET accredited program or whose undergraduate studies were in a country other than the United States must have a baccalaureate degree in mechanical engineering which is comparable to the United States' bachelor's degree and are encouraged to take the Graduate Record Examination (GRE) (verbal, quantitative, and analytical portions) to support their applications.
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Applicants from selected areas of mathematical and physical sciences, or those whose undergraduate engineering degrees are not in mechanical engineering, will be considered for admission on an individual basis. Entry into graduate studies without the complete baccalaureate preparation in mechanical engineering may result in the student being required to remove the deficiencies prior to initiating graduate study or concurrently with their graduate programs.

In exceptional cases, the graduate admission committee may consider applicants who meet the Graduate School admission standards, but do not meet certain specified program admission requirements. The committee may consider other evidence that indicates high promise of the applicant's success in the program. Such supportive evidence may include high scores on GRE, professional registration, extensive professional experience, professional publications, or satisfactory graduate-level work.

Review the SIUE Admissions Policy for more information.

## **Academics & Library**

### **Mechanical Engineering (MS,PhD)**

#### **Graduation Requirements**

When all other program requirements are satisfied, a final examination on the course work and related material on the thesis or research paper will be given. This examination is conducted by the advisory committee. In the thesis option, the final examination is an oral examination directed primarily at the material in the thesis. In the non-thesis option, the final examination may include written elements as well as an oral examination including questions on the research paper.

Review the graduation policy for more information.

## **Academics & Library**

### **Mechanical Engineering (MS,PhD)**

#### **Combined Program**

#### **3+2 BS and MS in Mechanical Engineering**

Mechanical Engineering offers a five-year program leading to the Bachelor of Science (BS) and Master of Science (MS) Degrees. Students with senior level status (at least 90 semester hours) and a grade point average of 3.0 (A = 4.0) overall may be admitted to the BS/MS program that allows them to earn 30 hours of graduate level credit (400- and 500-level) during their combined fourth and fifth years. An application for degree-seeking status as a graduate student must be approved by Graduate Admissions and the Director of the mechanical engineering graduate program. A program outline must also be submitted for approval by Graduate Records and the Director of the mechanical engineering graduate program prior to enrollment in any courses to be included as part of the master's program. Official admission to the graduate program and to status as a classified graduate student is made only after the award of the baccalaureate degree. In no case will a graduate degree be conferred before all requirements for both degrees have been completed.

## Academics & Library

### Media Studies (MS)

#### Curriculum

Thirty semester hours of graduate credit are required for the degree. No credit will be accepted for a C or lower in the master's program; students may retake courses one time to improve a grade.

Required courses (nine hours): MC 500, 501, 502

Electives (15 hours): selected in consultation with the student's graduate advisor. No more than six hours may be taken outside the Department of Mass Communications.

Thesis or Project (6 hours): MC 599 (Thesis) or MC 598 (Final Project) or two additional graduate courses/electives for students opting to take a comprehensive exam as an exit requirement.

# Academics & Library

## Media Studies (MS)

### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Undergraduate grade point average of 3.0 (on a 4.0 scale)
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Three letters of recommendation
- Academic History Information
- Statement of purpose

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

Students with undergraduate majors in fields other than mass communications will be considered for admission, provided that their statement of purpose, as contained in the Mass Communications Department Graduate Program Application, shows the relationship between the undergraduate major and the MS program in media studies. Students lacking sufficient undergraduate preparation (as determined by the Director of Graduate Studies), will be required to take up to three prerequisite courses (nine hours) that will not count toward the graduate degree. With permission from the Director of Graduate Studies, these courses may be taken concurrently with those toward the MS degree.

Following admission, each student should make an appointment with the graduate program director for initial advisement.

## Academics & Library

### Media Studies (MS)

#### Graduation Requirements

There are three different options that students can take as a part of their exit requirement: 1) Thesis, 2) Project, or 3) Comprehensive exam. After the thesis, project, or exam is submitted and evaluated by the student's advisory committee, the student must successfully complete an oral examination conducted by the committee. The oral examination will focus primarily on the defense of the thesis, project, or exam and may also cover the student's program of study.

Review the graduation policy for more information.

# Academics & Library

## Media Studies (MS)

### Digital Media Literacy

The certificate is designed for teachers of secondary education who wish to address questions of media impact in their curriculum. The certificate provides these teachers with a foundation of theoretical, analytical and applied approaches to current trends in mass media. Issues such as the emergence of new technologies; growth of multinational media conglomeration and their impact on politics; questions of race, class, gender and representation; and the effects of media violence are focused on. In addition, certificate program students can also learn and/or sharpen media production skills through elective courses. This certificate should be particularly useful for teachers of high school courses such as, social studies, contemporary concerns, political science, English, media studies, etc.

#### **ADMISSION**

Requirements are the same as the Master's in Media Studies.

#### **PROGRAM OF STUDY**

Core Courses (9 hours):

MC 500 Mass Communication Theory

MC 503 Media Critical Theory

MC 504 Special Topics in Mass Communication

Elective Courses (9 hours)

All other Mass Communications courses.

No more than three semester hours can be taken in independent readings, directed research, or other similar courses. No waiver of courses and/or completion requirements is permissible. See Mass Communications website for details and application materials at [www.siu.edu/MASSCOMM/graduate.html](http://www.siu.edu/MASSCOMM/graduate.html)

## **Academics & Library**

### **Music (MM)**

#### **Curriculum**

The Master of Music degree program requires a minimum of 32 semester hours for completion.

Students will choose a specialization in Music Education or Performance.

# Academics & Library

## Music (MM)

### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Baccalaureate degree or its equivalent in music and at least a 2.8 (A=4.0) overall grade point average in undergraduate work.
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- An applicant in music education must have state certification in music
- An applicant in performance must pass an audition.
- The audition for admission to the specialization in music performance can be accomplished in one of the following ways:
  - a personal audition before a graduate auditioning committee
  - a recording of a full recital that may serve as a basis for provisional acceptance to be followed by a personal audition
  - the Senior Recital at SIUE that may serve as the audition, provided the student makes application through the graduate program director in music at least three weeks prior to the recital. A student who fails to matriculate in the master's degree program within one year following the senior recital will be required to re-audition.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Entering graduate students concentrating in voice or accompanying should have completed one year each of two of the following: Italian, French and German. Deficiencies can be removed by enrolling in undergraduate foreign language classes and diction class. Students pursuing an instrumental concentration are not required to pass foreign language proficiency examinations.

Review the SIUE Admissions Policy for more information.

## Academics & Library

### Music (MM)

#### Graduation Requirements

A comprehensive final examination is required of all students. The examination is based on the student's program of study, and includes theory, literature and area of emphasis. The examination will be conducted and evaluated by the advisory committee. Students who fail the examination may repeat it upon recommendation of the committee.

Review the graduation policy for more information.

## Academics & Library

### Music (MM)

### Specialized Learning Opportunities

- Music Education Specialization
  - Music Education Specialization
  - Performance Specialization
  - Piano Pedagogy Post-Baccalaureate Certificate
  - Vocal Pedagogy Post-Baccalaureate Certificate

### Music Education

Required courses in music (4 hours): MUS 501, 502.

Required courses in music education (12 hours): MUS 520, 525, 530, 535, and 560. Instrumentalists must also complete MUS 415; vocalists must complete MUS 519a.

Electives in Music Education & Pedagogy (6 hours): Students may substitute up to four semester hours of graduate courses in education if, prior to electing these courses, they submit a written request to the Director of Music Education and obtain approval.

General Music Electives (6 hours): At least one elective in music theory, music history, and ensemble/applied instruction. Students completing the recital with supporting paper must complete a minimum of four semester hours of private applied instruction (MUS 540 or 541) in addition to MUS 591.

Thesis or Graduate Recital with Supporting Paper (4 hours): MUS 599 or MUS 591.

These scholarly projects come at the end of graduate study and demonstrate the graduate student's ability to produce an original research document of merit. Most degree candidates complete a thesis, but students desiring to perform a recital and write a supporting paper instead of the thesis may do so with approval from the Director of Music Education, the applied instructor, and the audition committee.

Like the thesis, the supporting paper must be relevant to music education. This paper may focus on issues such as (1) pedagogical implications of the instrument's construction and capabilities, principally as these relate to the recital repertoire; (2) the history and structure of the recital repertoire; particularly as these relate to performance and instruction; and (3) other factors pertaining to teaching, learning, and performing on the instrument.

## Academics & Library

### Music (MM)

#### Specialized Learning Opportunities

- Performance
  - Music Education Specialization
  - Performance Specialization
  - Piano Pedagogy Post-Baccalaureate Certificate
  - Vocal Pedagogy Post-Baccalaureate Certificate

#### Performance

Required courses in music (4 hours): MUS 501, 502.

In addition to the required courses in music, the program of study includes 8 hours in the principal area of performance and 2 to 6 hours in music literature. Students pursuing a piano performance concentration must take at least 4 hours of MUS 565 (Advanced Piano Ensemble-Accompanying and Chamber Music). Students pursuing a jazz performance concentration must take at least 4 hours of MUS 566 (Instrumental Ensemble) and MUS 509 Advanced Jazz Arranging/Composition (2 hours). Students pursuing voice, choral conducting, and piano majors following the chamber music/accompanying option must take MUS 539 Advanced Diction (2 hours). Additionally, choral conducting students must take 4 credit hours of MUS 540Q Applied Voice.

Electives: Up to 4 hours in the principal applied area and, with approval of the graduate adviser, may include courses outside the field of music to a total of 6 hours. Additional elective hours as needed to complete the minimum program requirement of 32 hours.

Graduate Recital (1 to 4 hours): MUS 590.

Accompanying majors will perform three recitals of ensemble music, including both vocal and instrumental repertoire.

## Academics & Library

### Music (MM)

### Specialized Learning Opportunities

- Piano Pedagogy Post-Baccalaureate Certificate
  - Music Education Specialization
  - Performance Specialization
  - Piano Pedagogy Post-Baccalaureate Certificate
  - Vocal Pedagogy Post-Baccalaureate Certificate

### Piano Pedagogy Post-Baccalaureate Certificate

The Post-Baccalaureate Certificate in Piano Pedagogy is designed for piano teachers who wish to advance their skills in performance, pedagogy, literature, and theory. Students who complete the certificate may apply the course work (except MUS 440 and 500A) toward a master's in Piano Performance if accepted into that program.

#### ADMISSION

An applicant for admission to the certificate program is expected to have a baccalaureate degree or its equivalent in music and at least a 2.5 (A=4.0) overall grade point average in undergraduate work and must complete a successful audition for applied piano placement.

#### PROGRAM OF STUDY

##### Post-Baccalaureate Certificate in Piano Pedagogy (18-20 hours):

Required Courses (16 hours)

Piano Pedagogy - 561a, 561b (6 hours)  
Seminar in Materials and Techniques - 553c (2 hours)  
Applied Piano - 440k or 540k (4 hours)  
Piano Literature - 513a, 513b (4 hours)

Electives (Select 2-4 hours)

Counterpoint - 442a (3 hours)  
Applied Theory Ear Training - 530 (2 hours)  
Graduate Music Theory Review - 500a (2 hours)  
Applied Piano - 440k or 540k (2 hours)

### **EXIT REQUIREMENTS**

The student must maintain a GPA of 3.0 and complete the course requirements within four (4) calendar years.

## Academics & Library

### Music (MM)

### Specialized Learning Opportunities

- Vocal Pedagogy Post-Baccalaureate Certificate
  - Music Education Specialization
  - Performance Specialization
  - Piano Pedagogy Post-Baccalaureate Certificate
  - Vocal Pedagogy Post-Baccalaureate Certificate

### Vocal Pedagogy Post-Baccalaureate Certificate

The Post-Baccalaureate Certificate in Vocal Pedagogy is designed for voice teachers who wish to advance their skills in pedagogy and literature. Students who complete the certificate may apply the course work (except MUS 440 and 500A) toward a master's in Vocal Performance if accepted into that program.

#### ADMISSION

An applicant for admission to the certificate program is expected to have a baccalaureate degree or its equivalent in music and at least a 2.5 (A=4.0) overall grade point average in undergraduate work and must complete a successful audition for voice placement.

#### PROGRAM OF STUDY

##### Post-Baccalaureate Certificate in Vocal Pedagogy (18-20 hours):

Required Courses (14 hours)

Vocal Pedagogy - 519a, 519b (4 hours)

Vocal Literature - 511f (2 hours)

Applied Voice - 440q or 540q (4 hours)

Advanced Diction - 539 (2 hours)

Practicum in Vocal Pedagogy - 593 (2 hours)

Electives (Select 4-6 hours)

Applied Voice - 440q or 540q (2-4 hours)

Graduate Music History Review - 500b (2 hours)

Applied Theory and Ear Training - 530 (2 hours)

### **EXIT REQUIREMENTS**

The student must maintain a GPA of 3.0 and complete the course requirements within four (4) calendar years.

## Academics & Library

### Nursing - Health Care and Nursing Administration (MS)

#### Sample Curriculum (subject to change)

The program for the Master of Science degree in nursing consists of 33 semester hours for Health Care and Nursing Administration.

#### Retention

Scholarship appropriate for students in a School of Nursing graduate program is demonstrated through satisfactory completion of course work, defined as obtaining a course grade of "A" or "B." Students who obtain a course grade of "D" or "F" in a graduate nursing specialization are withdrawn from the graduate program without the option of repeating the course. Students may only earn one course grade of "C" and stay enrolled in graduate nursing programs. If a second course grade of "C" is earned, students are automatically removed from the graduate nursing program, regardless of the cumulative GPA. Repeating a course in which there is originally a grade of "C" does not eliminate the original course grade of "C" from being applied toward this exclusion policy.

#### Year 1 (Fall Semester)

---

(3) NURS 500 Theoretical Foundations of Nursing  
(3) PAPA 561 Biostatistics/Epidemiology  
6 - Total Credits

#### Year 1 (Spring Semester)

---

- (3) NURS 504 Research in Advanced Nursing Practice
- (3) NURS 505 Health Policy and Advanced Nursing Practice
- 6 - Total Credits

- 3 - Total Credits

## **Year 2 (Fall Semester)**

---

- (3) NURS 590 Organizational Behavioral and Leadership for Nurse Executives (2.5 credits didactic, .5 credit practicum)
- (3) NURS 592 Healthcare Finance and Budgeting (2.5 credits didactic, .5 credit practicum)
- 6 - Total Credits

## **Year 2 (Spring Semester)**

---

- (3) NURS 556 Quality and Safety for Nurse Executives (2 credits didactic, 1 credit practicum)
- (3) NURS 593 Management of Human Resources in Health Care
- 6 - Total Credits

## **Year 2 (Summer Semester)**

---

- (3) NURS 558 Nurse Executive Leadership I (2.5 credits didactic, .5 credit practicum - Begin project)
- 3 - Total Credits

## **Year 3 (Fall Semester)**

---

- (3) NURS 594 Nurse Executive Leadership II (2 credits didactic, 1 credit practicum - Complete project)
- 4 - Total Credits

**Total Hours 33**

## Academics & Library

### Nursing - Health Care and Nursing Administration (MS)

#### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post secondary academic transcripts
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent

#### School of Nursing admission decisions are based upon the following:

1. Provide professional experience, references, and goals statement and three reference forms (one of which should be from your current manager and two others preferably from nurses holding a graduate degree in nursing or a related field).
2. Bachelor of science in nursing (master of science in nursing for post-master's applicants) from a CCNE or NLNAC accredited program (Graduates from non-NLNAC or CCNE accredited programs will be considered under certain circumstances. Please contact the School of Nursing for more information.).
3. Current unencumbered RN licenses in the state where you plan to complete your practicum experience. Due to the required clinical assignments, nurse anesthesia students must possess Unencumbered Illinois and Missouri RN licenses.
  1. NP, NE and HCNA students, please note that if you live anywhere in or around St. Louis metro area, we strongly encourage you to hold an active Illinois and Missouri license.
  2. If a student participates in any clinical practicum in a state in which they are not licensed, the student will be referred to the appropriate Student Affairs Committee Honor Board for a Level 4 violation of the Academic Integrity Statement.
4. Minimum undergraduate (graduate for post-master's applicants) nursing GPA of 3.0/4.0.
5. Preferred minimum undergraduate (graduate for post-master's applicants) Science GPA of 3.0/4.0.
6. Preferred minimum overall undergraduate (graduate for post-master's applicants) GPA of 3.0/4.0.
7. Evidence of completion of an undergraduate statistics course with a grade of C or better.

8. Completion of a minimum of one (1) year of professional nursing practice experience prior to enrollment in the first specialization clinical course
9. Successful completion of a drug screen and a criminal background check, as specified by the School of Nursing, to be performed after initial acceptance to the program.
10. Successful completion of an application interview (if required).

Applicants may follow-up with the Graduate Nursing Advisor to check on status of the application. Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

## **Application Deadline**

The priority application deadline is March 1 for the class entering in the fall. The priority deadline is November 15 for the class entering in the spring.

## **Academics & Library**

### **Nursing - Health Care and Nursing Administration (MS)**

#### **Graduation Requirements**

Master's Terminal Project (Master's and Post-Master's Students)

Master's students in the School of Nursing demonstrate synthesis of their course work, practicum experiences, and attainment of the master's student outcomes by creating a rigorous, scholarly, evidence-based project that incorporates a broad review of the literature from nursing and related fields, and present the project orally to students and faculty, during the final synthesis course for the specialization.

Review the graduation policy for more information.

## Pharmaceutical Sciences

### Admission Requirements

1. Graduate School application and \$40 fee
2. Submission of all post secondary academic transcripts
3. Completion of a baccalaureate degree in pharmacy, chemistry, or the biological sciences. Prior academic work should include a year each of biology or biochemistry and organic chemistry.
4. Graduate Point Average: at least 3.00 (A=4.00) for the final 60 semester hours of baccalaureate study.
5. Graduate Record Examination (GRE) general is required. The GRE advanced subject (chemistry, biochemistry or biology) test is optional.
6. For International Applicants a minimum TOEFL Score of 550 (paper based); 213 (computer based), or 79 (internet based) is required.
7. Letters of Recommendation: Three required.
8. Personal Statement: Required.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

## **Academics & Library**

### **Pharmaceutical Sciences**

#### **Graduation Requirements**

Students will be required to complete at least 30 hours of acceptable graduate credit with a grade point average of 3.0 or higher (A=4.0). At least 12 semester hours must be earned from core courses and 2 semester hours from graduate seminar. Students must take a minimum of 4 hours of electives but may take up to 25 hours of electives if desired.

At least 10 semester hours must be earned for research and students must be enrolled in a minimum of 1 hour of research per semester after choosing an advisor. Students must complete a thesis based upon the student's original research work.

Finally, students must assemble an advisory committee and meet with this committee for a public presentation and oral defense of the thesis.

Review the graduation policy for more information.

### Psychology - Clinical Child and School Psychology (MS)

#### Curriculum

The master of science degree with a specialization in clinical child and school psychology requires 40 semester hours for completion.

Clinical Child and School Specialization:

- Required Courses (30 hours): PSYC 514, 520, 521, 537a, 541a, 543a, 553, 556, 557, 565
- Required practicum (7 hours): PSYC 524
- Thesis (3 hours): PSYC 599, or Research Project (3 hours): PSYC 598

## Academics & Library

### Psychology - Clinical Child and School Psychology (MS)

#### Admission Requirements

- Graduate School application, including program questions, and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA of 2.50
- Graduate Record Examination (GRE) scores: verbal, quantitative, and writing areas
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Three letters of recommendation
- Goal statement / statement of purpose
- Resume' / CV

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Completing an undergraduate major or minor in psychology is the desirable and typical undergraduate preparation for a graduate degree in psychology. Qualified applicants from other academic backgrounds may enter the psychology graduate program provided they have completed the prerequisites. In addition to completing at least one (1) course each in introductory psychology, research methods/experimental psychology, statistics, and psychological tests and measurements. Applicants may be accepted provisionally if they are missing one or two prerequisites provided they complete these prerequisites prior to beginning the graduate program.

Review the SIUE Admissions Policy for more information.

#### Application Deadline

New students are admitted exclusively in the fall semester (which begins in late August). All application materials are due no later than **January 15th**. Additionally, the Clinical Child and School Psychology program has a Priority Application deadline of **December 1st**, with applications completed before this deadline given the opportunity of priority consideration and an earlier on-campus interview day. However, applicants to all programs should be aware that submitting an application before December 1st is also preferred because the application for the optional Competitive Graduate Award is the first Friday in December. Thus, preparing your application in November is the best strategy.

## Academics & Library

### Psychology - Clinical Child and School Psychology (MS)

#### Graduation Requirements

Candidates for the master of science (MS) must submit a thesis proposal for approval by a thesis advisory committee, carry out the proposed thesis, submit a written report and complete an oral examination. MS candidates intending to pursue the Specialist Degree may choose to complete an acceptable research paper rather than a thesis.

Candidates for the Specialist Degree must submit a thesis proposal for approval by a thesis advisory committee, carry out the proposed thesis, submit a written report, and complete an oral examination.

Review the graduation policy for more information.

### Psychology - Clinical Child and School Psychology (MS)

#### Specializations

#### School Psychology

The psychology department offers the specialist degree in school psychology. This program provides advanced academic and professional training for students pursuing a career in school psychology. The program leads to certification as a school psychologist in the state of Illinois and follows the guidelines recommended by the National Association of School Psychologists.

#### Admission Requirements

- Graduate School application

Applicants for the Specialist in School Psychology Degree must have a grade of 'C' or higher in all courses in the SIUE Masters in Clinical Child and School Psychology graduate program and also earned a cumulative GPA of 3.25 or higher in that program. Applicants must have passed the Illinois Test of Academic Proficiency (TAP) or show proof of an acceptable score on the ACT or SAT.

#### Application Deadline

Only internal applications are accepted and are due October 1st.

#### Coursework

The specialist degree in school psychology requires a minimum of 32 hours beyond the Master of Science (MS) degree:

- Required Courses (15 hours): PSYC 539, 544, 545, 584, 594
- Required practicum (4 hours): PSYC 524
- Internship (10 hours): PSYC 596
- Thesis (3 hours): PSYC 599

## **Graduation Requirements**

Candidates for the specialist degree must submit a thesis proposal for approval by a thesis advisory committee, carry out the proposed thesis, submit a written report, and complete an oral examination and have a minimum GPA of 3.25.

### Public Administration (MPA)

#### Curriculum

The master of public administration degree requires the completion of at least 39 semester hours with a grade point average of 3.0 or higher distributed as follows:

(21 hours) **Required core courses:** PAPA 420, 500, 501, 510, 530, 540, 550 with a minimum 3.0 grade point average in the core courses

(18 hours) **Areas of emphasis courses:** Chosen from an approved list of courses in public management or nonprofit administration. Students may also design their own area of emphasis with the consent of their advisor.

“Unclassified” graduate students may take PAPA courses only with the permission of either the department chair or the MPA program director.

# Academics & Library

## Public Administration (MPA)

### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Unconditional admission to the program requires an overall undergraduate grade point average (GPA) of at least 2.7 on a 4.0 scale, or a grade point average for the last two years of 3.0.
- Applicants with an overall undergraduate grade point average between 2.5 and 2.7 may be required to take a test administered by the Department of Public Administration to evaluate their writing and analytical skills. Based on the results of this test, the program director may require students to submit scores from standardized examinations such as Graduate Record Exam (GRE), Graduate Management Admission Test (GMAT), or Miller Analogies Test (MAT); and/or resumes summarizing their work experience over the last ten years.
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Applicants who are denied admission may request a review of their credentials by the department's Student Appeals Committee.
- An undergraduate background in the social sciences or business administration is useful, but not required.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. ### Public Administration (MPA)

#### Graduation Requirements

Students must receive a passing grade on a comprehensive exit examination. Students must submit two papers written during their course work as evidence of their writing skills and have a grade point average of 3.0 or higher in the PAPA “core” courses in order to qualify to take the final comprehensive examination.

Review the graduation policy for more information.

# Academics & Library

## Social Work (MSW)

### Curriculum

The Department of Social Work offers a curriculum leading to the master of social work (MSW) with concentrations available in micro practice (individuals, families and groups) or macro practice (neighborhoods, organizations and communities). The program at SIUE is accredited by the Council of Social Work Education (CSWE).

Upon graduation, MSW students are eligible to take the Licensed Social Worker (LSW) examination, and after 3,000 hours of supervised clinical practice, the Licensed Clinical Social Worker (LCSW) examination through the Illinois and Missouri Departments of Professional Regulation.

For students in regular standing status, the MSW Program is a two-year full time course of study in which students enroll in six consecutive semesters, including summer terms for a total of 60 credit hours. For students in advanced standing status, the MSW Program is a one-year full time course of study in which students enroll in three consecutive semesters, including the summer term, for a total of 30 credit hours. There is a part-time option which can be completed in two years for advanced standing students and in four years for regular standing students. Contact the department for more information. Students do not receive academic credit for life experience or previous work experience.

Students in regular standing status for who have deficiencies in their undergraduate liberal arts education must remove those deficiencies by satisfactory completion of appropriate courses prior to their initial year of enrollment in MSW program. Students admitted in advanced standing for whom deficiencies in BSW or other courses are identified must remove those deficiencies by satisfactory completion of the appropriate courses prior to their initial year of enrollment in the MSW program.

The program of study in the MSW program is divided into two integrated groups of courses: Foundation curricula and Concentration curricula. Foundation courses provide classroom and field experience in social work values, ethics, methods of practice, diversity, research, social welfare policy, and social work history. Concentration courses build on the foundation to develop competence necessary for advanced social work practice in Micro Practice (individuals, families, small groups) or Macro Practice (neighborhoods, organizations, communities).

The program of study for the MSW degree requires completion of a minimum of 60 semester hours for students admitted without advanced standing. These students must complete 30 credit hours in the Foundation curriculum and 30 semester hours in the Concentration curriculum.

Students who do not hold a BS in Social Work from a Council on Social Work Education (CSWE) accredited institution are admitted as "regular standing" and must take foundation courses (30 hours) before taking the advanced courses. Students who have a BS in Social Work from a CSWE-accredited institution are admitted as "advanced standing" and must complete the advanced standing courses (30 hours).

## **The master of social work program is structured around two tracks:**

---

- The Advanced Standing Track is a one-year, full-time or two-year, part-time program available to individuals who hold a bachelor of social work from an accredited program and meet additional academic criteria.
- The Regular Standing Track is a two-year, full-time or four-year, part-time program available to individuals who hold an undergraduate degree in a field other than social work and who meet additional academic criteria.

Students in the regular standing track (those who do not hold a bachelor of social work degree) will take foundation courses their first year. Foundation courses provide classroom, field and community-based experience and scholarship in social work history, values, ethics, theory, practice, policy and research.

Foundation Courses-30 hours

SOCW 501 - Generalist Practice: Individuals and Families-3 hours

SOCW 502 - Generalist Practice with Organizations, and Communities-3 hours

SOCW 503 - Counseling Skills Development - 3 hours

SOCW 504 - Social Welfare Policy -3 hours

SOCW 505 - Generalist Practice with Groups - 3 hours

SOCW 506 - Research Methods and Data Analysis - 3 hours

SOCW 507 - Human Behavior in the Social Environment-3 hours

SOCW 508 - Diversity, Values, Ethics, and Social Justice Principles & Practice - 3 hours

SOCW 526 - Field Instruction I-3 hours

and

SOCW 527 - Field Instruction II-3 hours

or

SOCW 531 - Block Field Instruction I - 6 hours

Advanced standing and second-year, regular standing students will take concentration courses that build on the content presented in the foundation courses or the bachelor of social work. Concentration courses prepare students for advanced micro- or macro-practice in prominent

areas of social work, namely mental health, child welfare, gerontology and substance abuse.

Advanced Courses -21 hours

SOCW 528 - Advanced Field Instruction III-3 hours

and

SOCW 529 - Advanced Field Instruction IV-3 hours

or

SOCW 532 - Block Field Instruction II - 6 hours

SOCW 537 - Psychopathology and Diagnostic Assessment - 3 hours

SOCW 546 - Applied Social Science Research - 3 hours

SOCW 565 - Capstone - 3 hours

And two of the following:

SOCW 560 - Mental Health Services - 3 hours

SOCW 561 - Children, Youth and Family Services - 3 hours

SOCW 563 - Gerontology Services - 3 hours

SOCW 564 - Substance Abuse Services - 3 hours

Students must choose concentration from either one of the two following areas.

Micro Concentration - 9 hours

SOCW 540 - Advanced Practice with Individuals - 3 hours

SOCW 541 - Advanced Practice with Families and Groups - 3 hours

SOCW 542 - Social Welfare Policy: Micro Practice - 3 hours

Macro Concentration - 9 hours

SOCW 544 - Advanced Practice with Neighborhoods and Communities

SOCW 547 - Advanced Practice with Organizations - 3 hours

SOCW 543 - Social Welfare Policy: Macro Practice

Students are offered traditional face-to-face and hybrid (a combination of face-to-face and online) course options in both tracks.

# Academics & Library

## Social Work (MSW)

### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Overall grade point average of at least 3.0 (A=4.0). Students with less than a 3.0 undergraduate grade point average may apply and will be considered on a case-by-case basis.
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Personal history for the department.
- Statement of Purpose: A personal statement that discusses what has led the applicant to pursue a Master's degree in social work at this time, the applicant's understanding of a social justice issue, and how they plan to adjust their life to accommodate graduate work. This should be 4-5 pages typewritten and double-spaced and in 12-point font.
- Two letters of recommendation that discuss the applicant's potential for graduate level academic work, leadership and interpersonal skills, commitment to the mission and values of social work, and, if relevant, professional experience and capabilities. One letter must be from a current or past instructor and one must be from a supervisor, preferably in a volunteer or paid social service setting. BSW graduates, who do not have practice experience after receiving their BSW, should have their field practicum supervisor write their recommendation. Applicants applying as transfer students from CSWE-accredited master's programs should request at least one letter of recommendation from a graduate faculty member. Letters from friends or family members that do not address the above issues will not be considered. The letters of recommendation must be submitted on the form contained in the application packet.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

The baccalaureate degree should reflect a strong background in liberal arts and sciences with at least 30 semester hours (or equivalent) earned in liberal arts and sciences with grades of C or better in each course. Included in this total must be a 3 credit hour human biology course. Students must complete any deficiencies prior to enrollment in the MSW Program. If any deficiencies are not completed prior to enrollment, the student's file will be reconsidered the next academic year. In addition, Advanced standing students entering with a BSW from a CSWE accredited must have completed an undergraduate research methods course and an undergraduate statistics course with a grade of B or better. Advanced standing students who have not completed courses in research methods and statistics with grades of B or better must complete these requirements prior to enrollment in the MSW program, or their file will be reconsidered the next academic year, or the student may be offered admission in regular standing. Undergraduates who are nearing completion of a baccalaureate degree may submit an application for admission as a degree-seeking student when they have earned at least 88 semester hours of credit toward the undergraduate degree with a grade point average of at least 3.0 (A=4.0).

A combination of commitment to the program's mission and sensitivity to diversity is evaluated during the admissions process through the applicant's personal statement and letters of reference. These are regarded as factors in admissions decisions, along with records of undergraduate work. Students will not receive academic credit for life experiences or previous work experiences.

Review the SIUE Admissions Policy for more information.

### **ADMISSION IN ADVANCED STANDING**

Applicants may be considered for admission in advanced standing provided the following criteria are met:

1. The applicant holds a baccalaureate degree in social work from an institution accredited by the Council of Social Work Education, and the degree was awarded in the 7-year period preceding application for graduate study at SIUE.
2. The applicant's grade point average is 3.0 (A=4.0) or higher in undergraduate study and the applicant has completed all courses in the BSW foundation area with grades of B or better. Applicants with less than a 3.0 undergraduate GPA who completed all course work in the baccalaureate foundation area with grades of B or better will be considered on a case-by-case basis.
3. Advanced standing students entering with a BSW from an accredited undergraduate program must have completed an undergraduate research methods course and an undergraduate statistics course with a grade of B or better.
4. Students must complete any deficiencies prior to their enrollment in the MSW program. If any deficiencies are not completed prior to enrollment, the student's file will be reconsidered the next academic year or the student may be offered admission in regular standing.

### **SOCIAL WORK ADMISSIONS COMMITTEE**

The MSW Curriculum Policy and Planning Committee will review the complete packet of application materials including the applications for graduate study, personal statement, letters of recommendation, and transcripts. Admission to graduate study in Social Work will be based on a full evaluation of the completed application packet. A personal interview may be required. The committee cannot admit students whose packet is incomplete. The applicant will be notified in writing about the decision of the Committee.

## **Application Deadline**

The application deadline for the following fall admission is January 15.

## Academics & Library

### Social Work (MSW)

#### Graduation Requirements

Enrollment in SOCW 565 is a requirement to satisfy the concluding element of the degree program. A grade of B or better must be earned in this course for the student to have satisfactorily completed all requirements for the Master of Social Work degree. The project is an integration of social work knowledge and skills across curriculum content areas and practice in regards to a social work practice issue or problem.

In SOCW 565, the student will select specific social work/social welfare problems, client populations, or field of practice experiences with an emphasis on integrating and synthesizing library and/or empirical research and field experiences with major curriculum areas. Focus is placed the examination of issues relative to social work values and ethics, social and economic justice, poverty, and diverse populations. The project highlights such central issues as urban and rural service delivery in southwestern Illinois, gender roles, social change, children and families, health, mental health and disability practice, and school social work.

Review the graduation policy for more information.

# Academics & Library

## Sociology (MA)

### Curriculum

Requirements for the master of arts degree in sociology include 33 semester hours of graduate credit, distributed as follows:

Required courses (15 hours): SOC 500, 501, 515, 518, 592.

SOC 501, 515, and 518 are taken in the first year to ensure a basic knowledge of sociological theory, methods and data analysis. SOC 592 is taken after completion of 18 hours, including 515, or with consent of the graduate program director. Students must receive a grade of B or higher in all required courses. Also, during the first 12 semester hours of graduate study, only courses with a grade of B or higher can be counted toward the degree.

Electives (12 hours): For those completing the Thesis or Internship exit requirements, students must complete 12 hours of electives, at least 9 hours of which must be sociology seminar courses at the 500-level. For students completing the Comprehensive Exam exit requirement, students must complete 18 hours of electives, fifteen of which must be sociology seminar courses at the 500-level. For all options, up to 3 semester hours of 500-level electives may be taken in related fields outside sociology when approved by the graduate program director.

Thesis or Internship (six hours): By the completion of 18 semester hours and in consultation with the graduate program director, the student must select either: six hours of SOC 599 (Thesis) or three hours of SOC 593a (Graduate Internship-Experience) and three hours of SOC 593b (Graduate Internship-Report). The internship comprises two parts: (1) at least 140 hours of a supervised work experience in either a research or public service setting (SOC 593a), and (2) a substantial, original written report concerning a sociological issue related to the internship (SOC 593b). Guidelines for the internship report are included in the department's Graduate Student Handbook. Normally, the thesis or internship options will not be taken until the student has completed at least 24 semester hours of course work. Additional information can be obtained from the department office, Peck Hall, Room 1205.

# Academics & Library

## Sociology (MA)

### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Submit a writing sample
- Statement of Purpose: Submit a written personal statement of one to two pages indicating their motivations and objectives for graduate study in sociology. The writing sample, which should be 4-15 pages in length, may consist of a paper turned in for a course or other written work prepared by the applicant. It should address some social scientific and preferably sociological issue.
- Admission is usually routine for those who meet the following requirements and standards:
  - 30 or more semester hours in the social sciences (anthropology, political science, economics, psychology, history) including 21 hours in sociology, six of those hours being sociological theory and sociological statistics or methods, with grades of B or better.
  - An overall grade point average of at least 2.7 (A=4.0).

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Review the SIUE Admissions Policy for more information.

### Application Deadline

Students may be admitted to the program at the beginning of any semester, but we encourage applications for admission in the fall semester because of course sequencing. Persons seeking admission for fall semester should apply no later than July 10 of the year in which they wish to begin their studies. Although all applicants are encouraged to apply to begin their studies in the fall semester, applications for other semesters will be considered up to the following deadlines: for spring semester-November 15; for summer term-April 1.

## Academics & Library

### Sociology (MA)

#### Graduation Requirements

The completed thesis must be defended in a final oral examination administered by the student's thesis committee. Students pursuing the internship option must successfully complete an oral examination administered by the advisory committee. This examination will cover both the internship experience and the written internship report.

The program also offers a comprehensive exam option to complete graduation requirements.

Review the graduation policy for more information.

# Academics & Library

## Special Education (MSEd)

### Curriculum

The minimum number of semester hours required to complete each of the special education degree programs for the Master of Science in Education is 36, not to include any courses at the 400-level. In some instances, additional hours may be required; these hours are determined in a conference between the student and the assigned graduate faculty advisor.

Requirements for completing the two MSEd options are as follows:

#### **MSEd with emphasis in Professional Development in Special Education**

- General Professional Core (six hours): EPFR 515, 520 or 521
- Special Education Core (15 hours): SPE 500, 511, 514, 515, 522, 523
- Electives (nine hours)
- Final Project (three hours): SPE 595, which includes completion of an action research project and oral presentation. Preliminary planning of this project is initiated in SPE 500.

\*Candidates choosing the Master's Degree in Special Education must enroll in SPE 578 (Advanced Field Study) for 3 hours if they are not currently teaching. The decision about when this course should be taken will be made in consultation with the faculty advisor.

#### **RETENTION REQUIREMENTS**

Students must maintain a minimum 3.0 cumulative grade point average. Students must also obtain a B or better in SPE 500 (Research in Special Education: Preparation for Field-Based Research) and obtain a B or better on the paper required in the course.

# Academics & Library

## Special Education (MSEd)

### Admission Requirements

- Graduate School application and \$40 fee
- Submission of all post-secondary academic transcripts
- Successful completion of a bachelor's degree prior to enrollment
- Minimum GPA of 2.50
- International Applicants: Proof of English Proficiency, minimum requirements are TOEFL (79), IELTS (6.5) or equivalent
- Applicants must hold a current initial teaching license in special, elementary or secondary education to be admitted.
- Candidates seeking a second teaching license must also complete an application through the Student Services, Certification and Advisement Office, located in Founders Hall, Room 1110.

Program application materials may be uploaded during the application process, but official transcripts must be sent directly from the school attended, and test scores must be verifiable with the appropriate testing service. Please contact the Graduate Admissions office with questions regarding the application submission process at [graduateadmissions@siue.edu](mailto:graduateadmissions@siue.edu).

Once accepted into the Graduate School, each candidate is assigned an advisor, and is required to meet with that assigned advisor as soon as possible after notification of admission to discuss the candidate's official program of study.

Review the SIUE Admissions Policy for more information.

## **Academics & Library**

### **Special Education (MSEd)**

#### **Graduation Requirements**

Students must complete an action research project while enrolled in SPE 595 and attain a grade of at least a B to pass. Candidates seeking the LBS I as an endorsement must pass the cross-categorical special education test, general curriculum test and K-12 APT test prior to licensure entitlement.

Review the graduation policy for more information.

### Speech-Language Pathology (MS)

#### Curriculum

Thirty-six (36) semester hours of acceptable graduate credit are required to complete the Master of Science degree in speech-language pathology. These hours include twelve (12) core courses, one elective, and a culminating comprehensive examination or eleven core courses, six thesis credits, and a culminating thesis. Students must also complete an average of 22-27 semester hours of on- and off-campus clinical experiences to meet certification and licensure requirements and are referred to their individual plans of study for more information.

Students in the program must maintain a grade point average of 3.0 in all academic courses. No credit is allowed toward a graduate degree in courses in which a grade below C is earned. Students may only repeat SPPA 549a a maximum of 5 times. (Students are referred to the Speech-language Pathology Graduate Handbook for more information on clinic policies.) The program has two plans through which the program requirements are fulfilled.

Students must pass the Test of Academic Proficiency (or ACT equivalent) by August of the first semester of graduate coursework. Students take the Content Area Test prior to the spring semesters of their second year of graduate coursework.

#### Thesis Plan

Academic courses (34 hours): SPPA 503, 540, 541, 542, 543, 544, 545, 547, 548, 558, 560

Clinical Courses: SPPA 469, 549a, b and/or c

Thesis (6 hours): SPPA 599.

## Non-thesis Plan

Academic courses (34 hours): SPPA 503, 540, 541, 542, 543, 544, 545, 547, 548, 558, 560

Electives: (minimum of 2 hours) within the specialization or in related areas.

Clinical Courses: SPPA 469, 549a, b and/or c

## Curriculum

### Year 1 (Summer Semester - optional start)

---

Elective\*

### Year 1 (Fall Semester)

---

541 Child Sp. Sound Disorders

503 Research

544 Child Language Disorders

549 Clinic Practicum

### Year 1 (Spring Semester)

---

542 Voice Disorders

545 Adult Acquired Disorders

540 Early Intervention

549 Clinic Practicum

### Year 2 (Summer Semester)

---

548 Dysphagia

Elective\*

549 Clinic Practicum

**Year 2 (Fall Semester)**

---

448 Augmentative and Alternative Communication

543 Stuttering

547 Motor Speech Disorders

549 Clinical Practicum

**Year 2 (Spring Semester)**

---

560 Professional Issues

549 School Externship

549 Medical Externship

Comprehensive Exam

+ Students may choose to begin their graduate studies the summer prior to the first fall. Students may take an elective during their summer session.

\*Students must complete two hours of electives within the area of specialization or in related areas. These courses vary from summer to summer.

## Speech-Language Pathology (MS)

### Admission Requirements

Admission requirements for graduate program

1. Minimum cumulative 3.0 GPA (A=4.0)
2. Competitive scores on the GRE. SIUE does NOT have a minimum score requirement. Applicants to the Speech-Language Pathology program must use Institution Code 0701: SOUTHERN ILLINOIS-EDWARD CSDCAS
3. Resume information will be collected from the information provided in the *Experiences* portion of the CSDCAS application. A separate resume is *not* required.
4. Three letters of recommendation. At least two of the letters of recommendation must come from program faculty.
5. Transcripts from all schools attended. All official transcripts MUST be sent to CSDCAS at: CSDCAS Verification Department, P.O. Box 9113, Watertown, MA 02471. If currently enrolled, fall transcripts with most recent (fall) grades posted must be submitted to CSDCAS for application to be completed. *In addition*, each applicant must complete an Academic Update to enter their fall grades and allow verification by CSDCAS. Applications will not be considered without CSDCAS verification of these fall grades. It is the student's responsibility to refer to the CSDCAS procedure for proper and timely submission of transcripts and academic updates.

Applicants must be working toward a bachelor's degree in speech-language pathology or completion of undergraduate course work in speech-language pathology and audiology.

Review the SIUE Admissions Policy for more information.

### Important Information about using CSDCAS

- All application materials should be submitted through the CSDCAS portal.

- Pre-requisites to the program include general coursework in biology, physical science, statistics, social/behavior sciences, and program specific coursework in normal language development, anatomy/physiology, phonetics, neuroanatomy/physiology, speech/hearing science, audiology, or aural rehabilitation.
- SIUE does **NOT** require a writing sample as part of the application process. CSDCAS may require that you enter text in this field for your application to be considered complete. You are welcome to enter essay information for another institution. However, any information provided in this portion of the application will **NOT** be used as part of the admission review process for SIUE.
- Admission to the graduate program is competitive and meeting all admission requirements does not ensure admission.
- Please note that the CSDCAS Student Page has a lot of valuable information for preparing students to apply, an FAQ, program deadlines, and application support.
- Please visit EdFind for more information about our admission trends including GRE scores and gpa of previous applicant pools.

## Application Deadline

The application deadline for the graduate program is January 15 for the following fall semester. This deadline corresponds to the CSDCAS designation of *E-submit*. It is the applicant's responsibility to ensure that the application is *E-submitted by January 15* and that all materials have been submitted (subsequently qualifying the application as *Complete*) *by February 1*. Incomplete applications will not be reviewed.

Admission Decisions are typically completed during the first part of March.

Over the past 3 years:

238: average number of qualified applicants to our graduate program

70: average number of admission offers

24: average size of incoming class

Some of the students in our graduate program over the past three years completed their UG coursework at the following institutions: Mizzou, Maryville, Murray State, Northern Illinois University, University of Iowa, Eastern Illinois University, Indiana University Bloomington, Butler University, St. Louis University, Purdue, Indiana State University, California State University Long Beach.

Please visit EdFind for more information about our admissions trends including GRE scores and gpa of previous applicant pools.

## How to Apply

All transcripts, GRE scores and letters of recommendation are to be submitted through the Centralized Application Service (CSDCAS) at [portal.csdcas.org](http://portal.csdcas.org).

For more information about our program, please visit our department webpage.

## Academic Advising Information

Students admitted to the program are assigned a faculty advisor who will assist them with their program and registration.

### Speech-Language Pathology (MS)

#### Graduation Requirements

All students must pass either a written or an oral comprehensive examination administered by the graduate faculty in speech-language pathology. The examination covers the broad areas of speech and hearing sciences, speech-language pathology, and audiology. Students may choose the thesis option in lieu of a written examination.

Review the graduation policy for more information.
