II. Feedbacks

Feedback 1:

- For the specific details about “meeting summary-contents requirements”, see the comments on the returned topic summaries.

Feedback 2:

- There are some students who did not submit any topic summary. Since these milestones (#1 and #2) are for selecting the team’s project topic, both team members are supposed to contribute to the topic selection by the team. Not participating to Milestone #1 and #2 is considered for free-riding the effort by the other person in each project team. Therefore, the following options are available beyond this point:
 - Submit Milestone #2 summaries (for two topics) within the next three calendar days (no credit for Milestone #2) and receive 75% credit of the rest of the activities in Project #2.
 - On the condition that your summary reports meet all report requirements.
 - Fujinoki is willing to review your summaries before your submission.
 - Do not participate in Milestone #1 and #2 and receive 50% credit of the rest of the activities in Project #2.

Feedback 3 (a star symbol on the yellow background):

- There are some teams in which two members submitted topic summaries for the same topics. They are not considered as four different topics from a team. Please talk to Fujinoki at the end of the lecture on 9/22 to discuss how to resolve this issue.

Feedback 4 (a star symbol on the yellow background):

- There are two summary submissions that do not have the name (who wrote the summary reports). Please talk to Fujinoki at the end of the lecture on 9/22 to discuss how to resolve this issue.
