

The Latest & Greatest in Computer Graphics!

Professor Bill White from the Department of Computer Science will present several of the highlights from the SIGGRAPH 2007 conference that he attended in San Diego in August 2007.

Included: emerging graphics technologies and techniques, new methodologies in CGI movie-making and game development, and a screening of several of the award-winning SIGGRAPH computer animations.

CAOS
The Computer Association Of SIUE

Wednesday – January 30, 2008

3:00-4:30 PM

Engineering Building 1012

(Free Pizza & Soda After the Presentation, Followed By
The Election Of The 2008 CAOS Officers)
